No. 5—Direct from Pittsburgh without change.

No. 6—Direct to Pittsburgh without change.

Monday, Nov. 28, 1870.

Gold at 1 p. m., 110 1/2

LARCENY.—A night or two since a stranger

called into one of the engine houses of the Columbia Oil Co., located on the hill above this place, and asked the privilege of warming himself which was of course granted by the engineer as the night was cold.

Night before last the same individual came into the engine house and informed the engineer, Mr. A. W. Jackson, that one of the wells under his charge had stopped pumping.

Mr. J. immediately started for the well to ascertain the reason, leaving the stranger in the engine house. Upon arriving there he discovered that the throttle valve which supplied the engine with steam had been closed and the well shut down.

The thought immediately occurred to him that the stranger had played a trick on him for the purpose of robbery, in which suspicion he was correct, as before he got back the villain had went through his pockets for a valuable watch and "rammed the ranch" with his booty. It was a sharp trick, and should prove a warning to engineers not to tolerate stragglers or suspicious characters in their engine houses under any pretence whatever.

The Sheriff yesterday made a raid on the unlicensed liquor dealers and keepers of lawdy houses, arresting one Dan. Lemons on a charge of selling liquor without license, and two women named Fred. Harris and "English Jennie," charged with keeping lawdy house. Fred. Harris made her escape by jumping through a window and taking leg bail. The other two were taken to Franklin and committed to the county jail to await trial.

We have been shown by Mr. S. A. Woods of this place, a beautiful Silver Soup Tureen, presented to him as a token of regard by the Messrs. Isham, the well known jewellers of Titusville. The dish is elegantly designed and handsomely finished in the highest style of the art, and is a beautiful and appropriate gift.

Mrs. Hooper's Oil Enterprise.

The Home Journal says: A novelty in feminine enterprise has attracted much attention among the petroleum oil dealers here and in Pennsylvania. A New York lady, the wife of Mr. John Hooper, who has been operating in the oil districts the past three years, while visiting Titusville and the wells through the country, was presented with a lease to put down a "Ladies' Well." The liberal donor is Mr. J. S. McCray, owner of one of the most prolific farms in the oil regions. The only terms and conditions are that it must be entirely a ladies enterprise; no gentlemen to be interested. Mr. McCray is the happy recipient of \$7,000 a day income from his wells at Petroleum Centre. Mrs. Hooper contracted for engine house, derrick, and all needed carpenter work; purchased the engine, casing, tubing and other machinery; employed drillers, engineers, and other workmen to "run the well." Mrs. Hooper associated with her own capital of some lady partners, and successfully finished the well on the 1st of December. It is now pumping 150 barrels of oil a day. At present prices, this investment yields \$500 every twenty four hours.

After paying royalty to the wife of the landowner (for whom the well is named, "Lady McCray") and current expenses, the fair capitalists are realizing a handsome income on their enterprise. The well is 886 feet deep, and the third or sand rock is forty-two feet thick. With Spring and moderate weather another well will be drilled under the same supervision, on this lease, and it is hoped with an equally favorable result.

Note.—The above account is correct in the main, with the exception that the production is fearfully exaggerated, the well never having produced 150 barrels per day.

A prominent citizen of that village of moral ideas, Rousseville, was yesterday held to bail in the sum of \$700, by Justice Reynolds of this place, on a charge of fornication and bastardy.

A horrible murder was committed in Titusville, at an early hour this morning, the victim being Mr. James S. Wisnor, a quiet and peaceable citizen of that city, and the object evidently being plunder as the victim's pockets were turned inside out. The body was discovered lying in the snow at the south end of the Franklin street bridge which crosses Oil Creek, the head lying in a pool of congealed blood. The excitement over this horrible crime runs high in that city, and we understand that up to noon today five men have been arrested on suspicion of being concerned in the murder. The authorities are using every means in their power to ferret out the perpetrators of this dark and bloody crime.

Quite a number of families residing in Pleasantville are making preparations to emigrate to the new town of Greeley, in Colorado, as soon as the spring opens.

At the recent term of court at Franklin, Nathaniel Shall was convicted of aggravated assault and battery upon the child of Mrs. Elizabeth Blindberry. The child is about two years old, a sister-in-law of the defendant, and was staying at his house, Tarr Farm, where it slept in the same bed with him. During the night the child in its innocence, awoke Shall, who became enraged at what he didn't consider just the proper thing even in a sleeping child, and whipped it unmercifully, which the jury didn't consider just the proper thing in him, and it convicted him as indicated above.

The heavy snow storm that had been raging for two days in New York, ceased yesterday morning. All the railroad trains throughout the State were greatly delayed. The street cars in the city of New York were almost snowed in at one time.

Licenses were granted to the following at the Franklin Court yesterday:

- J. R. Barnes, Hotel.
- Clint Robson, Restaurant.
- Ben. Sabins, " "
- L. Voucher, " "
- Bradstreet & Sherwood, Hotel.
- J. H. Leonhauser, Restaurant.
- Owen Gaffney, Wholesale.
- W. L. Smith, Restaurant.

Geo. Miller, charged with being accessory to the Benninghoff robbery, and whose trial was finished yesterday at Franklin, was found guilty. Walde, his confederate, escaped during the trial. The Sheriff is in close pursuit of him, however.

The Pipe Line from McCray Hill to Egbert Farm switch, carried away by the ice a week or more since, was successfully re-laid yesterday.

It is expected trains will commence running regularly over the Union and Titusville Railroad by the first day of February.

A Divorce Case With a Funny Answer.

A few days since, a petition for divorce was filed in the Fifth District Court by A. M. Hill, husband of Clara Earl. The reasons assigned are, that the defendant refuses to live with petitioner, or to aid in the support of their two children, a boy and girl, contrary to their marriage agreement and the laws of the country.

Yesterday the defendant in this case appeared at the clerk's office, and with her own hand wrote the following answer:

"The defendant, Clara Earl, now comes into court, and for answer to the allegations in plaintiff's petition says:

"She, fairly looking into life's account, Saw frowns and favers were of like amount; And viewing all his prospects and his purse, Prays that the plaintiff go in peace— 'Tis well he do no worse."

"And that there be judgement according to his petition. CLARA EARL."

—New Orleans Picayune.

Some one says of the audience at Nible's to see the Black Crook: "It was, in truth an intelligent and discriminating crowd capable of critically scrutinizing the female leg and appreciating the proper development of calf. It was, without, an enthusiastic crowd, generous in recognizing the merits of each particular leg, and encouraging the owner thereof to exhibit it as attractively and frequently as possible."—With so many legs, thick and thin, long and short, some like turn-spits, others "beef to the heels" it ought to succeed.

MASONIC.—Knapp Lodge, No. 485, A. Y. M., to be held at Rousseville, Pa., will be constituted on Wednesday, February 1st, 1871, at 12 o'clock M., by Chris. M. Hoover, D. D. G. M.

The following are among the list of United States patents issued to citizens of Western Pennsylvania during the week ending January 24th, 1871:

No. 111, 230—Tool for cutting off pipes in oil wells; Jas. H. Luther, Petroleum Centre.

111,221—Tool for cutting off sugar stems in oil wells; Jas. H. Luther, Petroleum Centre.

Three tank cars filled with oil were smashed up by a collision in Cleveland, yesterday, on the Lake Shore Railroad. The loss is serious to both the Crude Oil Transportation company and railroad companies.

A kha, says a French authoress, gives more pleasure than anything else in the world. But Puck declares that that woman evidently never experienced the childish rapture of descending the parlor stairs by sliding down the banisters.

Sheriff's sale of Millinery and Fancy Goods, this evening, at M. S. Simmons' Drug Store.

The Parshall Hotel has been leased to Mr. E. Z. Williams and a New York gentleman, at an annual rent of \$8,000. It is the intention of the lessees to open the Hotel very soon.

Upwards of fifty couples from this place and Pioneer were in attendance at the social party at Prather's Hall, Plumer last evening. A pleasant time was had.

ROBBERY.—Night before last a man named Charles Boyd, living at Bull Run, went on a spree and got pretty well benumbed up, so much so that some unknown individual relieved him of his watch and chain valued at \$50, without his even discovering the robbery until some time after.

On Monday last, the Rev. S. J. M. Eaton D. D., pastor of the First Presbyterian Church of Franklin, left that city for a tour in the Holy Land. He expects to be absent one year. Previous to his leaving his congregation granted him leave of absence and continued his salary for that time, besides presenting him with a purse of \$770. The many friends of Rev. E. throughout the oil region will wish him a safe and prosperous voyage, and a complete restoration to health, which is his main object in going.

Buy the "Red Hot" Saddle, manufactured in Titusville expressly for the oil country adapted to all kinds of weather, at J. R. Krons.

A full variety of Skates, at NICHOLSON & BLACKMON'S.

At ISHAM'S, TITUSVILLE.—Gent's Watches. A full line of American Watches, including Howard Nickel movements.
