A new garter is heralded. It is a heavy, round elastic chain, much the style of the heavy gold chains upon which lockets are worn, and has a book and eye to it. The boop is pardonable, but the eye is very enterentible.

A Milwauker funeral was interrupted the other day by the bearse, which elipped and turned bottomside up.

A mammoth fog whistle, which has just been completed at Portland, Me., for the lighthouse department is said to be the largest ever manufactured in; the United States, and probably in the world. It is an eighteen inch whistle, weighs seme 450 pounds, and will require a steam boiler of fity-horse power to furnish the steam to blow it. It is expected that it can be board so far south as Cape Hatteras.

A 250 BARREL WELL STRUCK AT PRINC-LJA. CANADA .- A dispatch from Petrolin, states that the largest well that has been struck for a long time in that district, commesced pumping on Thursday last and has continued to yield at the rate of 250 barrels per day. Parson Bros. and Thomas Halley, of Toronto, are the joint owners of 75 acres of the property upon which the well is situated.

There is a brautiful girl living near Montreal, who, though she has lust both legs above her kneen, bas received over a dozen offers of marriage during the past year, and refused them all. One of her lovers is a member of the Dominion Parliament. This afflicted girl speaks seven languages, and charms everybody who comes near her.

Derricks are popping up here and there all over town, says the Erie Disputch, and the city can count her oil wells now in operation by the dozen, and others in process of drilling by the score. They have yielded the greatest income in proportion to outlay, of any Erie investments. Some of the older ones have already thrice paid the rost of drilling and are now as good as when started.

A jury at Terre Haute brought in a verdict that the deceased died "by the visitation of God in the usual way." The "usual way" was a delicate bint at kerosene, as deceased , had a fire that wouldn't he incombiner, which consumed several go alone, so he poured on a little of that Lendon porter especially or family use, by the buttle or case.

The members of the Starlight Bess and Mr. Harry Crane as Isb- (coupe contributed indictionals to ward mack displayed rare histrionic talent. The paying the amount. Having learned by the papers that the guests of the Elfsworth afterpiece of Cousin Joe kept the audience Hoose had raised a sum of money for the parchase of a stone for Miss Davenport's and Mai executed a Highland Fling in rare grave, the company return their most heart eit tha " ke for this kind deed, but positivety decline to allow strangers to do a nything of Black-Eyed Susan, to place of "La Tour of the sort, unless they are themselves pro-De Neste," as announced last evening. The feespenals, and they say, if her grave stone is not paid for by her relatives, the members of the troup propose to do so the mselves. But the Elisworth House guests as positively reinse to take tackthe money sosichectully contributed. As we learn how promptly and willingly the dents of this actress were assumed and cancelled by her professional frience, of only six days acquaintance, we are are inclined to agree with Miss Kate Field as she says: "Actors and actresses are the most generous hearted neopie in the world toward each other .-Erie Dispatch.

> The early days of Wyoming Territory are illustrated in this story: In the bar room of a wayside tavern, where the stage stopped to change horses, and whereteamsters tarried to drink; a few rough customers sat one afternoon beside the store. -Enter a mountain ruffish, venomously drupk, who fetched out his revolver and While this was going on, the cries of an ox-teamster to bis approaching cattle were heard, and soon the driver appeared within the door. Stalking to the bar he called for a glass of liquor; but as be raised it to his dirty lips, the tumbler was shattered by a well aimed shot from the practising mans revolver. Without a word the buil-whacker put his hand behind his back. produced his pistol, leveling it at the ruffinn's bead, and remarked, as the body dropped to the floor, "Tost d-d scoundrel would have burt somebody pretty soon." He thenfilled another glass and drank the contents, strode out as deliberately as be had comin, and with a "Wos. baw, there!" started his exen up the road.

Kenyon's New Double Acting oil Pump for Pumping Oil or Water in Deep Wells.

Kenyon's New Double Acting Oil Pump acknowledged to be the best pump now ture. One of its leading features is that it not only produces a continuous flow of sustains a constant and powerful suction, by means of which the sesum or velocif the well are in a great measure cleared of parafine and other obstructions, and the oil in the veins is drawn towards the well. It has been ascertained by actual test that the use of this pump causes a gradually lacreas-ing flow of cit. It is well known by oil It is well known by oil operators that this improvement is of great taine, and one that has been long sought tor. The ablest mechanics of our country have for years been at work trying to find out some new and untried plants protong the life time of an oil welt; and nothing yet to our knowledge has been brought before the paid c that in any way equals the power of the Kenyon Pump, experience having taught tout it is the long continued suction that has the power to keep up and increase the production of oil wells. On operators are reserved to Mr. Geo Bentlen, Superintendent of the Cottamboa Farm, for information in regard to the practical work-ings of the Kenyon Pump. We append the following testimonial from the madegers of the Columbia Farm:

UFFICE COLUMBIA OIL CO. Commina Farm, Jan. 28. MR. H. K. KENTON:

Dear Sr:-We are using your Double Acting Oil Pumps in three of our oil wells and take pleasure in stating that we are getting more oil and gas from each of them commenced practicing with it at various than was previously obtained by the use of objects behind the bar and on the waits. — working barrels.
