We understand that a Lodge of the Ancient Order of United Workmen, which is called Liberty Lodge, No. 7, State of Pennsylvania was instituted in the Odd Fellows Hall, in this place on Monday evening last.

The Lodge will meet every Monday evening, at 7 o'clock, in Odd Fellows Hall, until further notice.

The Titusville Courier has an exceedingly pleasant habit of stealing articles from this paper without even giving a shadow of credit, as witness an article in regard to the names of restaurants at Sandusky City.

We may be a "small institution in an out of the way place," but manage to "rake up" considerable original local and other matter relating to the oil business, and are vain enough to imagine that the "little sheet" is entitled to a small share of credit.

As long as such papers as the Pittsburgh Commercial, Erie Dispatch and other metropolitan journals do the fair thing, it is probably of little consequence whether the Courier does or not, and yet in the long run it's better to "act on the square." Nuff ced.

The dance at the Oil Exchange Hotel, last evening, is said to have been the pleasantest affair of the season.

One hundred dollars was paid for iron in New York yesterday.

Our Oil Prospects.

We recently received a letter from Mr. Ellis Branson of Philadelphia, in which he speaks of our oil prospects, and assures us of his faith that Crawford county will yet prove to be good oil territory.

At Union, a few years ago, in sinking a well, they had a large flow of gas. On A. R. Ellisons place, on Woodcock Creek, near Lyons Hollow, a few years ago, I put down a well 820 feet for the Woodcock Creek Co. and we had plenty of gas, but did not go deep enough for oil.

THE CARRIAGE OF PETROLEUM.—The details of the late fearful accident on the Hudson River Railway, when a first-class passenger train came in contact with an oil train, the accident resulting in the burning of several cars and the untimely death of twenty-one persons, are fresh in the public mind.

Section 1. It shall not be lawful for any railroad company in this State to transport petroleum within this State, except in closed and wrought iron tanks of a cylindrical shape, capable of supporting one hundred pounds per square inch, and to be built of iron of not less than one quarter of an inch in thickness, capable of being hermetically sealed with a man-hole plate, as now commonly used in steam boilers.

If such a regulation is made law, the danger from similar disasters will be considerably lessened, if not altogether overcome.

Church fair swindles have got a blast from Chief Justice Ballows, of New Hampshire, who says that all the means used to swindle money out of persons who oftentimes cannot afford to give it, at church fairs and other gatherings, such as post offices, lotteries, grab bags, guess cakes, &c., with the intent to raise funds for disseminating the gospel, are recognized in law as indictable offenses, and the proper officers failed to do their duty were they suffered to pass unnoticed.

By reference to the advertisement in another column, it will be seen that M'lie Zoe, the beautiful Cuban sylph, with a full New York Dramatic Company, Challenge Brass Band and unequalled orchestra, will appear at Sobel's Opera House for a short engagement, commencing March 27th, on which occasion will be presented the beautiful drama entitled "Nita; or, Woman's Constancy."

The stars and stripes are generally displayed to-day in honor of the birthday of the Father of his Country, George Washington. It is meet and proper that all should unite in respecting the birthday of the immortal Washington.

The entertainment of the Juvenile Dramatic Association of the Catholic Institute, last evening, was a success. Considerable talent was displayed by the little ones.

That good old-fashioned dish "mush and milk," will be served up at the Central House, Friday evening, the proceeds of the entertainment to go for the benefit of the M. E. Church of this place.

The rumor of the closing of the Chase House at Pleasantville is unfounded. The Chase House is open and doing a good business.

The Jamestown Journal is publishing a sketch of the oil region entitled "A Vacation in the Oil Region." The story appears to be adapted to the little folks.

A RAILROAD DRAMA.

[Interior of a car on the Pittsburgh & Fort Wayne Railroad. Olive Logan, wrapped in a seal skin jacket, reading "The Autocrat of the Breakfast Table." Four male members of the Hog family sitting opposite, playing cards and expectorating copiously.]

O. L. (with a withering glance)—Mr. Conductor, please come here.

O. L.—Tell those men that if they most spit, they will confer a favor by spitting on their own premises.

Conductor—Gentlemen, if you want to spit, there's a smoking car forward.

Hogs—All right. [Spitting proceeds.]

[The same.] O. L. (standing up, and speaking in her platform voice)—Mr. Conductor, oblige me by sending a brakeman here with a mop, or a broom, or a scrubbing brush, or a shovel, and have this filthy corner cleaned.

[Order executed promptly with much objurgation on the part of the brakeman. Spitting discontinued.]

Tableaux—Olive triumphant. Hogs retreat in good order.—Chicago Republican.

A Pittsburgh daily contains articles on the following subjects:

A Veal Ghost! Courting in a Grave Yard! Cheating the Gallows! A Murderer Dies while on trial for Lynching!

A Brutal Father Throws his Naked Child into the street! A Barbarous Anecdote! She knew Him by his feet!

A Runaway Wife! She is Captured with \$7,000. Horrible Suicide! A Young Man Cuts His Throat, in the Presence of His Mother.

A Curious Elopement! Autumn Runs Away with Spring, and Spring gets kicked.

A Remarkable Ghost Story! A Pretty Widow Sees Her Husband's Ghost—Terrible Visions and Supernatural Facts—The Mysterious Telegram!

Some paper along the line of the St. Louis and Chicago Railroad calls it a generous, disinterestedly charitable deed, because the Superintendent drew a check of \$400 in favor of the two little orphaned children of John R. Brooks, a freight conductor who was killed on the road while on duty.

Philadelphia wouldn't permit herself to get excited about "the little Church around the corner," and the George Holland benefit at the Chestnut street Theatre on Wednesday afternoon, had an "extremely small attendance." Mr. Davenport's company was the only one in the city that would join in the benefit.

The boy, whose mother had promised him a present, was saying his prayers preparatory to going to bed, but his mind running on a horse, he began as follows: "Our Father, who art in heaven—ma, won't you give me a horse—thy kingdom come—with a string in it?"

The amount contributed to the French relief fund exceeds \$100,000 in New York, and about \$79,000 in Boston.

Ada East, a servant at White House Tavern, East Liberty, near Pittsburgh, was fatally shot yesterday afternoon by an unknown person, who fired through a window.

The net earnings of the Allegheny Valley Railroad for the year was \$831,951.

Cotton keeps better than many persons have supposed. Bales of the staple put in warehouses at Columbus, Ga., in 1866, show no change, and at Augusta a bale eleven years old has brought full price for its grade.

Kenyon's New Double Acting Oil Pump for Pumping Oil or Water in Deep Wells.

Kenyon's New Double Acting Oil Pump is acknowledged to be the best pump now in use. One of its leading features is that it not only produces a continuous flow of oil or other fluid, but that it creates and sustains a constant and powerful suction, by means of which the seams or veins of the well are in a great measure cleared of paraffine and other obstructions.

Respectfully yours, G. W. BOULTON, Sup't. J. P. BARCROFT, Manager.
