Gold at 1 p. m., 111 1/2

Last evening a couple residing on McCray Hill were united in the holy bonds of wedlock, and in the hurry and confusion previous to their departure on the train going north for the wedding trip, the bridegroom overlooked the customary donation for the "boys" usual on such important occasions. In consequence of which they were followed all the way from McCray Hill to the depot by the cowbellblowers and tinpanicians with a chorus of such discordant sounds as to give one an idea of pandemonium almost, which resulted in badly frightening the bride and another lady who was passing by on the street. The matter was finally compromised before the train left by the groom depositing the requisite wherewithal for the benefit of the "boys." It appears to us that such scenes are anything but complimentary to newly wedded couples.

The Erie newspapers continue to agitate the question of a railroad to the oil regions. Our advice to the capitalists of Erie would be to shake off the "Rip Van Winkle sleep" into which they have fallen, subscribe the necessary amount and build a railroad through to this region if they have to "go it alone." In the end it will prove of incalculable value to them and to this city.

The social reunion of the Odd Fellows, at Rouseville, night before last, was a complete success in every respect. Nearly 100 tickets were sold. Upwards of twenty-five couples from this place were in attendance and all express themselves as highly pleased at the kindly reception tendered them by the brotherhood of Rouseville. In this connection we understand it is the intention of the order at this place to give a social party before long. The affair at Rouseville will long be remembered by all present.

Much and well at the Central House, evening.

**ATTEMPTED SUICIDE.**—Here's now the Jamestown Journal man goes for a girl who wanted to commit suicide:

Miss Eva Baxter, of Poland, attempted on Monday, the 13th, to commit suicide by taking opium. The fact was discovered before the poison had operated much, and medical help was called, resulting in the recovery of the girl after a brief but severe sickness. We learn that disappointment in love is the cause of the act and that it is the second attempt she has made. The girl had better take sedative powders and try to forget her rascally, unfaithful lover. We learn he is a mean cuss. She is a thousand times better off separate from him. If she suffers by reason of his unkindness now, while free from him, what would be her condition if she was tied to the brute for life and made as completely his slave as any plantation hand ever was. We should think she could get cured of her love-sickness by inspecting the condition of the wives of such men. It knocks the romance out of love, that does. If Ada was married to the fellow, she would probably have good cause to commit suicide. As it is, we think she had better kill the fatted calf, if she has one, be merry, and thank God she is rid of a knave. She should not please the wretch so well as to kill herself.

By the following it will be seen that a well known colored individual, formerly of this place, has got himself into trouble:

A negro named Joseph Thompson was arrested at the depot on last Monday evening, by Robert Kisinger on a warrant issued by Esq. Bare, charged with robbing a female of the *demi monde* persuasion at Parker's Landing. Some of the stolen articles were found in his possession, and he stands a pretty good chance of entering into his rest in Allegheny. —East Brady Independent.

This evening James A. Hopkins, Esq., Right Eminent Past Grand Commander of Koljets Templars of Pennsylvania, lectures at the Parshall Opera House, in Titusville, the proceeds of which are to be devoted to building a home for poor and indigent Masons. The object is a good one and should receive the endorsement of all Free Masons.

From present appearances the "Mush and Milk Festival," for the benefit of the M. E. Church, at the Central House, this evening, promises to be the affair of the season. A large number of invitations have been issued and nearly all signify their intention of being present. Let all turn out and give this society a rousing benefit.

The attention of the music loving portion of community is directed to the advertisement of the Appy Concert Troupe, to be found in another column. This celebrated troupe give one entertainment only at Sobel's Opera House, on Thursday evening, March 24. The troupe is composed of some of the finest vocal and instrumental performers in the United States, and wherever they have appeared have received the most flattering encomiums from both the press and public. Undoubtedly the Opera House will be crowded to hear these distinguished artists.

The Georgia Minstrels will perform tonight at Good Templar's Hall, Shamburg.—Herald.

Unless Titusville's favorite colored brothers, alias Georgia Minstrels, see fit to "come down" and settle an indebtedness to this office, we will make them a present of the amount in the shape of a few remarks dedicated to colored minstrel troupes organized in Titusville, together with a descriptive list of each individual member. Let them take warning.

The new M. E. Church at Tionesta was dedicated last Sunday.

A new well was struck on the Mill farm, near Shamburg, last Saturday, which produced oil in small quantities until yesterday, when, upon being cleaned and re-started, it produced at the rate of about sixty barrels daily.—Herald.

A new banking association with a capital of \$25,000, has been started at Union Mills.

The coroner's inquest on the body of Alfred Hultgreen, who was suffocated to death in an oil tank at Titusville, day before yesterday, resulted in a verdict of accidental death.

The Wallace Sisters commence an engagement at Sobel's Opera House, March 6th.—They remain one week.

The heathen Chinese have some "ways" which could not be called "dark." The way they celebrate their holidays is one of them. The first thing they do is to pay off old debts and square accounts to a fraction. Money matters have been thus adjusted, they next make up old quarrels, and shake hands all round.

**ARMSTRONG RUN OIL FIELD.**—The daily product of the wells is as follows:

James No. 1, 57 barrels.  
James No. 2, 75 barrels.  
Jennings Bros., 37 barrels.  
Meldren Bros., 100 barrels.

The lower Queenstown well is reported nearly down, with a splendid sand. The Morrison Hollow, or Berger well, about one and a half miles from the Armstrong territory, is, down about 1,310 feet, indications not very strong.

About 200 barrels of oil were lost at the ank at the mouth of Armstrong Run, one day last week. The tank was full, but the shipper at the well not knowing the fact, continued sending forward the oil, hence the loss.

There are now between 3,000 and 4,000 barrels of oil at the wells awaiting shipment.

It is proposed to lay a pipe this week across the river to connect with the A. V. R. R. This will facilitate shipments and avoid the danger of holding such large quantities of oil at the wells.

P. S.—As we go to press this (Wednesday) evening, oil has been struck at the lower Queenstown well and there is at least 500 feet of oil in the hole. This makes a big thing for the Brady's Bend Iron Company, which owns the land. This important strike will develop a great breadth of territory.—East Brady Independent.

Baltimore is talking about a lady guest at a prominent hotel who complained of being sick and ordered her dinner in her room. She ordered thirty-four dishes besides sauces and pickles of various kinds, carefully marked off on the bill of fare.—Among those dishes were boiled haddock, roast beef, flet of beef, stuffed turkey, pork and sauerkraut, and "loin of veal." Eight different desert delicacies, beginning with the cooling cream and ending with a hot cup of coffee, ended the sick ladies choice dinner but not her life.

Mrs. Bennett, who enacted the touching little drama at Hamburg over a hat which she identified as that of her husband supposed to have been among the victims of the recent disaster, has been arrested as an impostor, but was released on account of her children.

The inhabitants of Arizona must be peopled with very tender consciences. The other day one of them enclosed a one-dollar greenback to General Splaner, saying that he had swindled the country out of that amount during the late war, and the money had been troubling his mind for a long time.

Chicago is happy again. It leads the world once more. The particular cause for triumph is the opening of the largest and most magnificent billiard hall in the world. It has twenty-eight tables, and the reporter's adjective, about it are "immense," "dazzling," "mammoth," "gorgeous," &c.

The Corry Republican is the last: "It is said that streaks of rust may be seen with the naked eye, where the rails used to lay on the A. & G. W. railway."

Griffes Bros. are laying a new cross-walk in front of their drug store, on Washington street. They are entitled to the thanks of pedestrians.

Ruloff, the Binghamton murderer, has been denied a new trial by the Supreme Court. He will, without doubt, be hung March 3d, as sentenced by the lower Court.

There was some remarkable pigeon shooting at Union Course, New York, on the 22d, by Miles Johnson, of New Jersey, who won the championship badge. He killed twenty-eight and lost two, and Bogardus killed twenty-six and lost four.

A route for a ship canal has been surveyed from Suisoon bay to Stockton, California through the valley of San Joaquin.

Buy the "Red Hot" Saddle, manufactured in Titusville expressly for the oil country, adapted to all kinds of weather, at J. R. Kroes. \$12-11

**BIRDS.**—The best singing and cheapest Canary Birds in the oil regions are to be had at

**BOOK BINDING.**

The only authorized Agent of the Titusville Book Bindery will be here next Tuesday, and solicit work. Orders may be left at this office. 125-21.

**Kenyon's New Double Acting Oil Pump for Pumping Oil or Water in Deep Wells.**

Kenyon's New Double Acting Oil Pump is acknowledged to be the best pump now in use. One of its leading features is that it not only produces a continuous flow of oil or other fluid, but that it creates and sustains a constant and powerful suction, by means of which the seams or veins of the well are in a great measure cleared of paraffine and other obstructions, and the oil in the veins is drawn towards the well. It has been ascertained by actual test that the use of this pump causes a gradually increasing flow of oil. It is well known by oil operators that this improvement is of great value, and one that has been long sought for. The ablest mechanics of our country have for years been at work trying to find out some new and untried plan to prolong the life time of an oil well; and nothing yet to our knowledge has been brought before the public that in any way equals the power of the Kenyon Pump, experience having taught that it is the long continued suction that has the power to keep up and increase the production of oil wells. Oil operators are referred to Mr. Geo. Bonilton, Superintendent of the Columbia Farm, for information in regard to the practical workings of the Kenyon Pump. We append the following testimonial from the managers of the Columbia Farm:

OFFICE COLUMBIA OIL CO.  
Columbia Farm, Jan. 28.

Mr. H. K. KENYON:

Dear Sir:—We are using your Double Acting Oil Pumps in three of our oil wells and take pleasure in stating that we are getting more oil and gas from each of them than was previously obtained by the use of working barrels. We believe your oil pump to be the best in use.  
Respectfully yours,  
G. W. BOUTLON, Sup't.  
J. P. BARCROFT, Manager  
For further particulars address H. K. KENYON, Petroleum Centre, P. O. box 547. Jan 31.

**GOOD ADVICE.**

Ask no woman her age. Never joke with a widow. Never contradict a man that stutters. Be civil to all rich uncles and aunts. Wear your oldest hat of course to an evening party. Always sit next to the carver at dinner. Keep your own secrets. Tell no human being you dye your whiskers. Wind up your conduct like a watch once every day, examine minutely whether you are "fast" or "slow." Make friends with the steward on board a steamer, there's no knowing how soon you may be in his power. Write not one more letter than you can help; the man who keeps up a large correspondence is a martyr, dead, not to the stake, but to the post. But the best advice we can give to the reader is, that he should buy his clothing at the store of A. Alden, Washington Street, Petroleum Centre, Pa. The stock of ready made clothing at this house is the largest and cheapest in the city. He has also a large assortment of cloths, cassimeres, etc., and is prepared to make up suits in the neatest manner imaginable. He has also a full line of gentlemen's furnishing goods. This is one of the best and cheapest stores in the city.

**SOBEL'S OPERA HOUSE!**
