No. 6—Direct to Pittsburgh without change.

Monday, Nov. 23, 1870.

Gold at 1 p. m. \$111

New Well.—A new well was struck on a portion of the R. L. Shaw farm owned by Harrington and Groesbeck, near Stand-Oil City, yesterday afternoon, which is estimated as yielding from 80 to 100 barrels per day, some even placing the production as high as 120 barrels. The working interest is owned by Boyer & Halton. The tract of land on which this well is located lies in an easterly direction from the Plummer road, and the territory immediately surrounding it is comparatively new. Our townsmen, Messrs. M. E. Hess, Patterson & Dickey and others, are the fortunate owners of 35 acres of land adjoining the new well. We are informed it is their intention to commence developing this tract soon.

John Graham and A. Thompson, American citizens of African descent, indulged in a bit of a row, on Washington street, last evening, in which John ran his nose against A.'s fist, and directly after a section of the XVII Amendment dropped to the level of mother earth. A. followed up this advantage by drawing a razor and attempting to carve John into small pieces, inflicting several severe cuts on his person. On information being made by John, Justice Reynolds issued a warrant for the arrest of Thompson. The case is on trial this afternoon.

Mrs. Pat. Donegan has again got herself into trouble, information having been made against her for selling liquor on Sunday and renting a house knowingly for purposes of prostitution. The probabilities are that Mrs. Pat will "rot" in the cell of the Basins at Franklin for some time to come.

Mr. John Hamilton, President of the United States Petroleum Company, died in New York City on last Sunday, at the age of 48. For many years he was President of the Erie and Buffalo, having filled every position from conductor to Superintendent.

The Wallace Sisters will appear at Bacon's Hall for three nights only, commencing Monday, March 20. These artists are so favorably known here that commendation from us seems superfluous. The captivating genius of "Opera bouffe" has found most able exponents in the Wallace Sisters, and the brilliant combination of wit, music and beauty that characterizes the burlesque opera is most charmingly presented by these talented artists. Mr. S. B. Villa, who is incomparable in his "role," will again delight our amusement-loving people with his inimitable impersonations, and the wonderful little Misses Minnie and Maud will appear in their precocious and entertaining renditions.—The entertainment offered by the Wallace Sisters is one of the best extant, and we only regret that their stay with us is to be so limited.—Oil City Register.

These talented artists appear at Sobel's Opera House, on Monday evening next.—They are popular favorites here and will receive a liberal patronage at the hands of the public.

Among the list of patents issued to citizens of Western Pennsylvania for the week ending Feb. 21, 1871, and each bearing that date are the following:

- No. 112,108—Wrench; Elias Beach, Titusville.
- No. 112,109—Wrench; Elias Beach, Titusville.
- No. 112,141—Grain Separator and Fanning Mill Samuel S. Hammond and John S. Parson, North East.
- No. 112,141—Extractor for Oil Wells; Hart Harris, Tidouate.
- No. 112,199—Fire-Place; Jerome W. Wetmore, Erie.
- No. 112,229—Railway car Spring; Richard Dudley and Benjamin Hershey, Erie.

A large and fashionable audience were in attendance at the Appy Concert entertainment, at Sobel's Opera House, last evening. The violin solos performed by Mr. Henri Appy were wonderful, and at once stamp him as the violinist of the age, and a complete master of that instrument. Miss Florence A. Wineser sang "Come in and Shut the Door" and "Coming Thru' the Bye" in a highly creditable manner. Miss W. is a charming vocalist. Miss Ollie Moore has a sweet voice, but is evidently a new beginner at concertizing. Mr. Monroe has an excellent tenor voice and his songs were well received. Mr. Von Rochow sang a piece of his own composition entitled, "Between you and I and the Gatepost," and was repeatedly encored. As a whole the concert was far above the average of like entertainments and appeared to give general satisfaction.

A dispatch, from Oil City, dated March 1st, says:

About half-past seven this evening, by an explosion of gas well No. 30 and Heydrick well No. 2, at Reno, John Russell, and two little boys, sons of Herman Rogers, were burned badly, perhaps fatally. Mr. Cassel, foreman of carpenters for the Lake Shore Railroad, was also burned, but not badly. Several others were slightly burned.

Mr. J. H. Dowman, editor of the Petroleum Monthly, has been admitted to practice law in the several Courts of this county.

H. S. Shuler of Titusville, was the lucky owner of a ticket in the Opera House Drawing at Hamilton, Ohio, which drew a prize of \$5,000 in greenbacks.

The receipts of the English Opera entertainments at Titusville, on Monday and Tuesday evenings, exceeded \$4,000, which the Herald says "is good enough for the 'hub' of all Petrolia." The Herald should give some credit to the surrounding oil towns for a large portion of the receipts. A good many tickets were purchased by Petroleum Centre people.

The funeral of Charles Tillinghast, one of the unfortunate men who was recently killed at Parker's Landing by a boiler explosion, took place at Pittsburgh, on Wednesday, and was largely attended by his friends and acquaintances.

Major S. M. Mills, for years the popular landlord at the American Hotel, in Titusville, was recently presented with a \$350 gold watch by his numerous friends.

The common council of Titusville has ordered all the concert saloons in that city to be closed.

A Kansas paper tells of a railroad bridge that "got down hearted and lay down with a train on it."

A Cincinnati boy kicked a mule twice. The long suffering beast at last kicked back and the boy banded in his elips.

Jamestown has had a sensation in the shape of an "Apron Festival," for the benefit of the M. E. Church.

FATALISM ILLUSTRATED.—A Hard Shell Baptist minister, living somewhere on the frontier of Missouri, was in the habit of saying to his family and to his church: "Friends, you need not take any unusual care of your lives; the moment of your death was written before the foundation of the world, and you cannot alter it." His wife observed when he left on Saturday to meet one of his frontier missionary engagements, that he dressed the flint of his rifle with unusual care, put in dry powder, fresh tow, and took every pains to make sure that the gun would go off in case he came upon an Indian.

It struck her one day as she saw him in the saddle, with his rifle on his shoulder, that his conduct contradicted his teachings, and she said to him: "My dear, why do you take this rifle with you? If it was 'writ' before the foundation of the world that you were to be killed this trip by an Indian, that rifle won't prevent it, and if you are not to be killed, of course the rifle is unnecessary; why take it with you at all?" "Yes," he replied, "to be sure, my dear, of course you are all very right, and that is a very proper view; but, see here, my dear—suppose I should meet an Indian while I am gone, and his time had come, and I hadn't my rifle with me, what would he do? Yes, my dear, we must all contribute our part toward the fulfillment of the decrees of Providence."

We copy the following oil items from the Venango Citizen:

A well located on outlet 111, adjoining the McCalmont farm, in Sugar creek township, owned by Say & Matthews, commenced pumping the latter part of last week and is a good 25' oil well. This well opens a large tract of new territory.

A well owned by Carroll, Haskell & Co., located on Kelly farm, on two Mile Run, commenced testing last week and is yielding three barrels per day, heavy oil.

Wendel Phillips lectures at the Court House in Franklin, on Wednesday evening March 15th.

There are reports in circulation in various parts of the county that the Poor House will cost, when finished, over \$200,000. This is far from the truth. The building, and all other expenses connected with the poor farm will not cost, when completed, over \$100,000.—Venango Citizen.

Mr. John Parks has been appointed Superintendent of the Union & Titusville railroad.

A little girl in West Virginia, busily engaged working a pair of slippers intended for a birthday gift to her father, said to one of her playmates: "I think you are real lucky, for your papa has got only one leg' and you needn't work but one."

Crawford county, Ind., brags over a man who did all the chores, cut two cords of wood, walked seven miles to the county seat, and got drunk; all before 11 a. m.

A German in Richmond, Indiana spoke in his native tongue to a French lady, who, not understanding, thought his remarks insulting, and went for him with a club. He buys his arnica by the barrel.

The Ohio editors are having a good time at their convention in Akron. One of them threw out a hint that "the pen is mightier than the sword." Good idea.

A gentleman living in the Fourth District renowned for charity, says no beggar can go away from his gates unsatisfied; they can always "get a bite." He keeps a dog tied loose.—N. O. Times.

"Which side of the street do you live on, Mrs. Kipple?" asked a counsel, cross-examining a witness. "On either side, sir. If you go one way, its on the right side, if you go the other way its on the left."

Kenyon's New Double Acting Oil Pump for Pumping oil or Water in Deep Wells.

Kenyon's New Double Acting Oil Pump is acknowledged to be the best pump now in use. One of its leading features is that it not only produces a continuous flow of oil or other fluid, but that it creates and sustains a constant and powerful suction, by means of which the seams or veins of the well are in a great measure cleared of paraffine and other obstructions, and the oil in the veins is drawn towards the well. It has been ascertained by actual test that the use of this pump causes a gradually increasing flow of oil. It is well known by oil operators that this improvement is of great value, and one that has been long sought for. The ablest mechanics of our country have for years been at work trying to find out some new and untried plan to prolong the life time of an oil well; and nothing yet to our knowledge has been brought before the public that in any way equals the power of the Kenyon Pump, experience having taught that it is the long continued suction that has the power to keep up and increase the production of oil wells. Oil operators are referred to Mr. Geo. Boulton, Superintendent of the Columbia Farm, for information in regard to the practical workings of the Kenyon Pump. We append the following testimonial from the managers of the Columbia Farm:

OFFICE COLUMBIA OIL CO.
Columbia Farm, Jan. 28.

MR. H. K. KENYON:
Dear Sir:—We are using your Double Acting Oil Pumps in three of our oil wells and take pleasure in stating that we are getting more oil and gas from each of them than was previously obtained by the use of working barriers. We believe your oil pump to be the best in use.

Respectfully yours,
G. W. BOULTON, Sup't.

"POICKRY!"

Enumerating a few of the articles to be found at

L. M. STERNBURG'S

Lumber Yard

Washington-St., Petroleum Centre, Pa.

Friends and patrons, one and all.

Your attention to my "biz" I would call;

Times are dull and money tight,
But in those times I'm looking for light;

To those who are building rigs without number,
I would inform—this is the place to buy Lumber;

My motto is this: "Quick Sales and Small Profits,"
For business is healthy and I think much of it;

In quality my Lumber is second to none,
And as for Shingles, I keep No. 1;

Some may not look at it in the light I do,
And for shove I have a quality No. 2;

And to those who are particular—no some may be,
I still have another quality called No.

Have good seasoned Lumber. Dressed up nice,
Which I will sell at a low cash price;

Such as Flooring, Ceiling and Siding, both Rough and Dressed,
Lath, Battens and Surfaced Lumber, all of the best;

I also have Rig Lumber of all kinds,
At prices to compare with oil and hard times;

All kinds of Timber kept constantly on hand,
And a box of Cigars of a very good brand;

My facilities for selling are surely without number
I always keep good teams to deliver good Lumber

So if you want Lumber, Rough, Dressed, Soft or Hard,
You will find just what you want at L. M. Sternburg's Lumber Yard.
