Drilling Jars
We would respectfully announce to our custo-
mers and the public generally that we keep con-
stantly on hand
Cast Steel Drilling Jars!
Which for Strength and Durability excel any Steel
Lined Jar heretofore in use.
The Advantages we Claim
Over Lined Jars are that, being ALL STEEL, they
are stronger than Jars composed partly of iron;
that presenting a Steel surface to the rock, they are
protected from wear on the outside, and will keep
their shape longer.
We also keep on hand
Cast Iron Working Barrels.
