Drilling Jars

We would respectfully announce to our customers and the public generally that we keep constantly on hand

Cast Steel Drilling Jars!

Which for Strength and Durability excel any Steel Lined Jar heretofore in use.

The Advantages we Claim

Over Lined Jars are that, being ALL STEEL, they are stronger than Jars composed partly of iron; that presenting a Steel surface to the rock, they are protected from wear on the outside, and will keep their shape longer.

We also keep on hand

Cast Iron Working Barrels.

"I give my hearty preference to the Willcox & Gibbs Silent Sewing Machine."

"The weight of reliable evidence being overwhelming for that of the Willcox & Gibbs Silent Sewing Machine, I decided upon it, procured it, and am more than satisfied."

"I have the Wheeler & Wilson, the Grover & Baker, and the Willcox & Gibbs Sewing Machines in my family. I use the Willcox & Gibbs most frequently, thinking it far superior to either of the others."

"My wife would not accept a Sewing Machine of any other patent as a gift, if she must receive it on condition of giving up the Willcox & Gibbs."

"The Willcox & Gibbs is the only Sewing Machine whose working is so sure and simple that I could venture to introduce it into Syria."

"We have used various Sewing Machines within our family, but it is the unanimous opinion of the household, that the Willcox & Gibbs is the best of them all."

"For simplicity and mechanical accuracy of construction, I have seen no Sewing Machine equal to the Willcox & Gibbs."

A correspondence on the subject of Sewing Machines is respectfully solicited.
