Drilling Jars

We would respectfully announce to our cus-
tomers and the public generally that we keep con-
stantly on hand

Cast Steel Drilling Jars!

Which for strength and durability excel any Steel
Lined Jar heretofore in use

The Advantages we Claim

Over Iron Jars are that, being ALL STEEL, they
are stronger than Jars composed partly of iron;
that presenting a steel surface to the rock, they are
protected from wear on the outside, and will keep
their shape longer.

We also keep on hand

Cast Iron Working Barrels.

1st Mortgage Land Grant Gold Bonds
OF THE

Northern Pacific R. R. Co.

These bonds are secured, first, by a First Mort-
gage on the Railroad itself, its rolling stock, and
all equipment; second, by a First Mortgage on its
entire Land Grant, being more than Twenty Two
Thousand Acres of Land to each mile of track.

The Bonds are due from United States Tax, the
Principal and Interest are payable in Gold—the
Interest at the rate of SEVEN AND
THREE-TENTHS PER CENT. per annum.

They are issued in denominations of \$100, \$500,
\$1,000, \$5,000 and \$10,000.

The Trustee under the Mortgage are Messrs Jay
Cooke, of Philadelphia, and J. Edgar Thompson,
President of the Pennsylvania Central Railroad
Company.

The Northern Pacific Gold Bonds will at all
times be convertible into the Northern Pacific
PER CENT. PREMIUM for 1, 10, 100, 1,000, 5,000 or 10,000
shares of the company's bonds at their lowest cash price.

To add to their absolute safety, these Bonds will
yield an income larger, we believe, than any other
first-class security. Persons holding United States
Government Bonds, or other securities, or any
particular, increase their property income, and still
retain a perfectly reliable investment.

HOW TO GET THEM.—Your nearest Bank or

ABLE SECURITIES.

Those living in localities remote from Banks, may
send money, or other bonds directly to us by ex-
press, and we will send back Northern Pacific
Bonds at our own risk, and without cost to the in-
vestor. For further information, send us, by mail,
etc., call on our agents, the undersigned, or any of

K. Hart, for the petitioners, and George H. Christy, of
Philadelphia, for the respondents.

OPINION OF JUDGE GRIER.

As I have with me only I can only state the con-
clusions to which my mind has been led after a careful
examination of the case.

the only question to be decided is the validity of the
patent. The petitioners have shown that the
patent is invalid, and that the respondents are
entitled to a decree of the court. The respondents
have shown that the patent is valid, and that the
petitioners are not entitled to a decree of the court.

CAUTION.

The public is warned against employing any
agent or authorized Agents of the Company,
since the Roberts' Patent covers the use of the
Torpedoes and all explosive materials for oil wells,
and the use of such materials by other parties is a
direct infringement of the Roberts' Patent. Any
person wishing to employ a Torpedo should first
contact with the Roberts' PATENTERS, who will
give them the proper advice and the full details of
the Roberts' Patent.

The Company have reorganized their business
with a view to accommodate oil men in every part
of the Oil Region. They have employed the most
efficient Agents and Salesmen that can be procured
for the business. Each Torpedo 4, labeled with
dame, smith & co. together with the price of the Tor-
pedo, should be obtained by an order to the Company, so
that the Operator may know the price of the Tor-
pedo and when it comes from the office.
