The Parkersburg, West Virginia, State
Journal says: Some two or three weeks
ago a "beat" calling himself Mourou, went
to Burning Springs and commenced to pur-
chase oil from various parties. His ostensi-
ble business was to operate with the refuse
oil, and by a process known only to himself,
make a good illuminator from it. In per-
forming this operation, he pretended that it
was necessary to mix a certain quantity of
good crude oil with it, and in this way he
became a purchaser of marketable oil. He
agreed to pay cash for oil that he purchas-
ed as soon as the contracts were filled. But
before any single contract was filled he sold
what oil had been delivered at twenty-five
cents per barrel less than what it cost him,
pocketed his money and "hit out," and is
now non est comitibus. It is supposed that
he went to Pennsylvania, to repeat the
operation there. The total amount lost by
him was \$1,415.

It would be well for our oil operators and
dealers to be on the look out for this
sharpener should he happen this way.

The sale of reserved seats for the Rich-
ings English Opera, at Titusville, commenced
at nine o'clock this morning. The de-
mand for seats was lively. The prices have
been materially reduced, and are now with-
in the reach of all. It is the intention of
many of our citizens to attend.

The O. C. & A. R. R. Co. have recently
caused a new platform to be laid around
the depot at Columbia Farm. The Colum-
bians rejoice muchly thereat. The Rail-
road Company are continually seeking to
aid to the comfort and convenience of their
patrons and the traveling public at large.

The Titusville papers are at present en-
gaged in advancing the interests of that
place by puffing up the new Church Run oil
territory. Wonder if they don't overesti-
mate the production of the recent new
sicks a little?

App. reduces indicate 14.5.

PITTSBURGH OIL MATTERS.

Our Pittsburgh correspondent sends us the
following very complete report of oil mat-
ters at Pittsburgh. It will be found of inter-
est:

ROOKER FARM.
On the Rooker farm, Phillips Bros. wells
Nos. 1, 2, have recently been torpedoed,
and are doing better than ever before.

Nos. 3, 4, same farm, will be completed
within a week. Good wells are confidently
expected.

Nos. 5, 6, same farm, will case this
week.

Other wells are projected, timber got
ready and machinery purchased.

The Phillips Bros. are sanguine of suc-
cess and are developing this farm with their
usual energy.

Nos. 1 and 2, Haskell & Rhodes lease,
Rooker farm, hold their own very well.

Fisher & Harrington's two wells, same
farm, show little change.

The Nichols well, got good sand at usual
depth, but watered out and had to be aban-
doned.

M'CALMONT FARM.
No. 1, McCalmont farm, Boyles Bros.
& Leslie lease, whose derrick burned down
recently, resumed drilling Saturday, and
will be pumping by Wednesday of this week.

This well excites a very general interest,
as it is located a considerable distance
south of the present developments, and
will, if successful, make sure a large scope
of territory.

REESER FARM.
On the Reeser farm, No. 1 lease, Boyles
Bros. & Leslie, will be completed this
week. Much interest is felt in this well al-
so as increasing the field should oil be
struck, and determining whether the belt
goes east or west of south.

LEACH FARM.
On the Leach farm, leases 1, 2, 3, and
4, taken by O'Neil, McClure & others,
work has been commenced by each and will
be prosecuted with energy to completion.

Some thirty leases are taken still beyond
this, on property belonging to Oil City
parties, on which more or less is being
done.

The town is quite lively and business very
good.

The Oil City Register advertises the
"Great New York Circus and Balloon Men-
agerie." First time we ever heard of a
"Balloon Menagerie." Will the Register
explain the meaning of it?

Special trains will run over the O. C. &
A. R. R., on Friday and Saturday evenings
next, to accommodate parties who desire to
hear the Richings-Bernard English Opera
Troupe, at Titusville.

The Corry Republican says that place is
inflicted with incendiaries, and there is
danger of the whole city being burned up.

Couldn't ye search that rusty Blade just a
little, Republican.

Three new oil wells at West Monterey,
on the Allegheny River, are being drilled.

A bill has been introduced in the State
Senate for the repeal of an act making
Good Friday a public holiday.

The body of George Gates, who was
drowned some weeks since, at Thompson's
Eddy, on the Allegheny River, was discov-
ered near the old ferry at Tidouate, one day
last week. A coroner's jury rendered a
verdict of accidental drowning.

A lodge of the Order of Knights of Py-
thias has been established in Titusville.

Jamestown is having amateur theatri-
cals.

Crawford county is hereafter to be an in-
dependent senatorial district.

Drilling has commenced again on the
well on the Wood Farm, at which the boiler
exploded a few days since, a new boiler
having been put in.

A large gray wolf, weighing 120 pounds,
was recently shot near Fairview, Erie coun-
ty.

Gen. Banks has signified his intention
of visiting the oil region during the coming
summer.

The daily production of the West Hick-
ory oil field for the week ending Saturday,
April 22, as reported by the Tidouate Jour-
nal, was 1,298 barrels, and of the Tidouate
oil field, 839 barrels.

The oil refiners in Pittsburgh furnish
tankage for upwards of two millions five
hundred thousand barrels. A single coun-
ter (Lockhart & Frew) has a total tank-
age of two hundred and twenty-five thou-
sand barrels.

The season for that peculiar German
drink, Beck Beer, will soon arrive.

OIL MEN AND OIL AFFAIRS.—We copy
the following interesting account of oil mat-
ters in Clarion county, from the Clarion
Democrat:

A number of oil men from Foxburg, Em-
lenson and Parker's Landing were in town
during the latter part of last week, attend-
ing a suit between the pipe company of
Harms & Martin, and the Fox estate. Evi-
dence in the case was being taken by a
master. Among those present were O. E.
Shannon, Esq., and Mr. Geo. R. Harms,
and Mr. Crawford, of Emmenton, Mr. Palmer
and Joel of Foxburg, and R. J. Brown
of Parker's Landing. C. Reibert was
also present as a witness in the case.

From these gentlemen we learn that the
oil developments in Richland and Perry
township, this county are assuming large
dimensions. Mr. Flak is one of the pioneer
operators about the mouth of the Clarion
river, and we are glad to learn that he has
recently been quite successful. One of his
new wells opposite the head of the island
on the Fox land, is yielding 75 barrels a
day, and another one 45. Palmer's two
wells on the same tract, near Foxburg, are
not so large, but good paying wells. It is
estimated that between 600 and 700 bar-
rels of oil a day is now produced in Clarion
county—there being over 50 pumping wells.
A large number are now being drilled,
and many more in contemplation. The de-
velopments are gradually extending up the
Clarion river. The present season will
bring a large part of our county into the
market as valuable oil territory. This
time it is not speculation, but actual pump-
ing and paying oil wells.

The Jamestown Journal is going for the
Methodist clergyman of that place, on the
question of educating the little heathen of
foreign lands. The Journal is about right.
The little heathens of Jamestown need
teaching more than the little heathen of
Boorahooigna of the Feeje Islands.

The consecration ceremonies of the new
Episcopal Church, at Rouseville, on Friday
last, were of a highly interesting character.
The ceremonies of the consecration were
performed by the Rt. Rev. John Keiffer,
Bishop of the Diocese of Pittsburgh, assisted
by Rev. Tolman, of Franklin; Lewis, of
Meadville, and the Rector of St. John's,
Rev. M. Bylinby. A large audience were
present. The sermon from the text Heb.
X, 21st verse, was delivered by the Bishop,
and was a masterpiece of eloquence.

The Oil City Register says that Milton,
the owner of the new oil farm foreclosed the
Allegheny, has received a half million dol-
lar for his territory; in short, declines to
part with it any price.

The Frost House, a well known hotel at
Pioneer during the oil excitement at that
point, but closed for some months past, is
being torn down and removed to this place.

"That man," said a wag the other day,
"came to the oil region only three years
ago with less than a thousand dollars, bor-
rowed money, and how much do you sup-
pose he is worth now?" It was a conun-
drum and we gave it up. "Not a cent,"
continued the wagster, "and he still owes
what he borrowed."

Mrs. Crittenden, the wife of the murder-
ed man, was a witness in the trial of Mrs.
Fair, in San Francisco, on the 11th inst.,
and while she was giving her testimony
Mrs. Fair in a loud voice pronounced some-
she had said a lie. When the witness left
the stand the judge fined Mrs. Fair \$150 for
contempt.

50 barrels of Russet Apples at Fisher's at
\$4 per barrel. ap20-1w.

Col. H. B. LOOMIS, is the General
Agent for Messrs. Booth & Sargent's Musi-
cal Store of Titusville, and parties desiring
instruments of any kind will save 25 per
cent. by ordering from him.

Orders left with Mr. GEO. W. HASKELL,
Petroleum Centre, will be promptly attend-
ed to by Col. Loomis.

**Kenyon's New Double Acting
Oil Pump for Pumping Oil or
Water in Deep Wells.**

Kenyon's New Double Acting Oil Pump
is acknowledged to be the best pump now
in use. One of its leading features is that
it not only produces a continuous flow of
oil or other fluid, but that it creates and
sustains a constant and powerful suction,
by means of which the seams or veins of the
well are in a great measure cleared of para-
line and other obstructions, and the oil in
the veins is drawn towards the well. It
has been ascertained by actual test that the
use of this pump causes a gradually increas-
ing flow of oil. It is well known by oil
operators that this improvement is of great
value, and one that has been long sought
for. The ablest mechanics of our country
have for years been at work trying to find
out some new and untried plan to prolong
the life time of an oil well; and nothing yet
to our knowledge has been brought before
the public that in any way equals the power
of the Kenyon Pump, experience having
taught that it is the long continued suc-
tion that has the power to keep up and in-
crease the production of oil wells. Oil
operators are referred to Mr. Geo. Boniton,
Superintendent of the Columbia Farm, for
information in regard to the practical work-
ings of the Kenyon Pump. We append the
following testimonial from the managers of
the Columbia Farm:

OFFICE COLUMBIA OIL CO.
Columbia Farm, Jan. 28.
MR. H. K. KENYON:
Dear Sir:—We are using your Double
Acting Oil Pumps in three of our oil wells
and take pleasure in stating that we are
getting more oil and gas from each of them
than was previously obtained by the use of
working barrels. We believe your oil pump
to be the best in use.

Respectfully yours,
G. W. BULLOCK, Sup't.
J. P. BARCROFT, Manager.
For further particulars address H. K.
KENYON, Petroleum Centre, P. O. box
517. Jan31.

Messrs Booth & Sargent keep a full as-
sortment of everything in the musical line
of everything in the musical line and per-
sons desiring anything in that line will do
well by calling on them. a17-1w.
