Arr. C. 10, " 10,32 "	1,35 "	2,05 "	7,00 "	

Oil City and Petroleum Centre freight, leaves Oil City 10, p.m., arrives at Petroleum Centre 3,20 p.m. Leaves Petroleum Centre at 4,40 p.m., arrives at Oil City 6,00 p.m.

1, 2, 3, 4, 5 and 6 are express trains.

No. 10 is a through accommodation, connects at Corry for East and North.

SILVER PALACE SLEEPING CARS.

No. 4—Direct from Philadelphia without change.

No. 3—Direct to Philadelphia without change.

No. 5—Direct from Pittsburgh without change.

No. 6—Direct to Pittsburgh without change.

Monday, Nov. 23, 1870.

Gold at 1 p.m., 110²4.

The Boyles Bros. & Leslie well, on the McCalmon farm, Pitole, mention of which we made yesterday, turns out to be a dry hole, having only six feet of sand rock. This explodes the idea of the belt running west of the Phillips Bros. wells, and would seem to indicate that it goes the other way running towards the Allegheny River and coming out on Pitole Creek, about a mile above its mouth, at a point where several wells have been pumping ever since the year 1865. The six feet of sand found was of excellent quality, but not thick enough to yield the coveted grease.

SALE OF OIL WELLS.—Our townsmen, Messrs. Vera & Blake, on Tuesday last, sold the Venture wells, two in number, located at West Hickory, to Mr. John Bird, for the sum of \$20,000. These wells have been producing oil since last May, almost a year, and have yielded together 25,000 barrels of oil. They are now yielding forty barrels per day.

NEW WELL.—A new well was struck on the Dawson farm, Pitole, about ten days ago, which is yielding about fifteen barrels per day. The Dawson farm is located on Pitole Creek, about three-quarters of a mile from Pitole City. It adjoins the Ball farm, on which several wells have been pumping since 1865.

Two XVth amendments of the female persuasion, under the influence of "tangle foot," engaged in a jolly row on Washington street, last evening. For a short time it was hard to distinguish which from the other, from the clouds of waterfalls, wool, clothing, etc., which flew in every direction, reminding one of the Arkansas fight described by the poet:

"And Isaac he pitched into him,

And him pitched into her—

The way they fit it was a sin,

And horrible to see."

The refreshing rain of to-day is bringing out the green leaves.

The following complimentary notice of our town we copy from the Titusville Herald:

That portion of Washington street, Petroleum Centre, which was burned some time since, is being rapidly rebuilt. Nearly all of the western side of the street is built up, and some parts of the opposite side. The old Petroleum House, which was burned at the same time is in process of erection. The business of the Centre demanded that this district should be rebuilt, and the citizens have rapidly pushed forward the work of replacing the buildings, and a few weeks will witness the charred remains of the old structures buried beneath new ones.

The attention of the public is called to the new advertisement of Nicholson & Blackmon, which will be found on our first page. These gentlemen are always up to the requirements of their customers, and keep on hand a complete assortment of everything usually found in a well regulated hardware store from a paper of tacks up to a cooking stove. In addition their stock of oil well supplies cannot be surpassed in the oil region and comprises everything needed in fitting up an oil well for drilling or pumping. They are fair and liberal dealers, acting honorable and upright with all who may favor them with their patronage.

A man was recently arrested at Venango, Pa., on the A. & G. W. R. R., for swearing and taken before Justice Blystone, of that place. It was proved that the man had uttered ten oaths, for which the Justice fined him 67 cents apiece and the cost of the suit. If that law was put in force in the oil region there would be no need of taxing the people for public expenses as the fines for swearing would pay it all and leave a balance.

In the case of the Roberts Petroleum Torpedo Company, charged with maintaining a nuisance in the shape of a nitro-glycerine factory, in this county, and up for trial before the court at Franklin, the jury yesterday returned a verdict of guilty.

A man has been arrested at Gettysburg, this State, who is thought to be Forrester, the murderer of Nathan.

Titusville is going to have a new lock-up. It is to be made large and commodious in order to accommodate the large number of evil doers that flourish in that city at present, and has undoubtedly long been needed.

Among the local bills passed recently by the State Legislature, is an act to set the farms of J. D. Angier, Robert Lewis and Abraham Pastorius, deceased, situated in Crawford county, Oil Creek township, off into Breedtown school district, Cherry Tree township, Venango county, for school purposes only.

The Corry Republican is soon to commence the publication of a serial story entitled, "For a Woman's Sake."

Neck-tie parties are all the rage at Corry at present.

A number of new oil strikes are reported at Parker's Landing and vicinity.

The Allegheny Valley Railroad company are applying the Westinghouse Atmospheric Brake to the cars on that road.

The construction of a tunnel under the Detroit river is fully determined upon, and work will probably be commenced in less than sixty days.

The steamer Jamestown is now making regular trips between Mayville and Jamestown on Chautauqua Lake. The boat has been thoroughly overhauled.

A new oil well in the city of Meadville is now 100 feet deep.

The Jamestown Journal learns that a large bed of gypsum of plaster-of-Paris has been discovered at Pine Grove, Pa. The bed is extensive and has not been reached to the bottom. In some places it crops out to the surface.

A well on the Jas. B. Kerr farm, Church Run, proved dry but has since discharged strong volumes of gas.

Scarlet fever prevails to a considerable extent at present among children in this place. It has proved fatal in several cases.

They may talk of the management of the Erie Railroad as they please, but the road was never better, nor as well run as it is at this moment. Cars of all classes and grades are crowded, and business going on like clock work.—[Owego Times.]

A church member in Middletown, Conn., who found a stranger in his pew on Sunday morning, took him by the collar and pulled him out into the aisle. Then he joined devoutly in the service.

May 30th is Memorial Day, and will be observed by Parade of the Grand Army of the Republic.

The Herald has the following complimentary notice of our townsmen, Mr. J. H. Luther, all of which is true as we can bear evidence to:

The tools which were stuck in the Harris well, on the Maguire farm, for the past five weeks, and upon which several parties have operated unsuccessfully, were jarred out Monday last, by J. H. Luther, of Pioneer. The reputation of this gentleman as a successful fisher of tools, is well known in the oil region. After an attempt to draw the tools on Friday last, and perceiving that the broken jar leaned against the side of the hole, Mr. Luther immediately altered his socket, and as stated previously, caught hold and after five hours heavy jarring hauled out the tools.

PITOLE CITY, April 27th.
MR. EDITOR:—Well No. 1, Boyles Bros. & Leslie lease, McCalmon farm, had six feet good pebble rock entirely free from any deposit of gray or bastard sand. No oil came into the hole. A shale rock was struck at 668 feet, and the six feet of sand at 885 feet. The entire depth of the well is 907 feet.

The well is dry and the only fact demonstrated so far is that the McCalmon farm is dry territory; the Rooker farm mostly good for paying wells, and that the oil belt probably goes east of south and strikes diagonally through the Reeser farm. F.

The Grant & Chesley well, on the C. C. Cornen farm, upper part of Holiday run, was torpedoed a few days since, and has increased in production from two barrels to about fifteen per day. The Cornen farm has so far developed well, there being but few or no failures upon it so far, and it is yielding its fortunate owner a comfortable income.—Oil City Register.

Things are come to a pretty "loud" condition in Corry when such items as this appear in the paper there:

Couples in the habit of doing "naughty things" in the neighborhood of the corner of Center and Concord streets, or, "hereabouts," should be a little circumspect in their actions, or they may cause unpleasant scandal. The tall gent with the black mustache, and the woman with a red dress and white hat will do well to heed these observations unless they wish to be "talked about" more definitely in the newspaper.

The Clarion Republican curiously says: "The devil has got a pretty firm grip on the seat of a man's trousers, who will take his county newspaper for one or two years and then refuse to pay for it."

All those persons suffering from rupture should avail themselves of the opportunity offered them by Messrs. Crempien & Moore, of Erie, Pa., who will be at the Marshal House, Titusville, Pa., 15 days from May 1st. Read their advertisement. It.

The cities round about us are luxuriating in circuses, but none have yet been advertised for this place. Indeed, circuses are such rare occurrence here that a great many events are dated by "the time when the circus was here." We are occasionally visited by organ-grinders, however.—Forest Republican.

The Missouri, Kansas and Texas Railroad has twenty-two miles of iron laid in the Indian Territory, and ninety-five miles graded. They will lay about nine miles of track per week during the next few months, and be south of the Arkansas river by the first of July.

The first colored jurymen ever called in Crawford county served on a jury yesterday. His name is Jacob Smith and he is a resident of Meadville.

Nilsson sang in Richmond Wednesday evening of last week, and here is a specimen of what the Enquirer says of her: "We were disappointed in Nilsson. She is a beautiful woman, evidently thoroughly spoilt—she got mad and made faces, also, every time she came upon the stage. Sometimes the footlights seemed to put her out, and the window, and then a lot of boys—She frowned accordingly, and pouted. But she was magnificently dressed—a red dress trimmed with lace, pinned close around the hips—and she wore the most brilliant jewels on her breast and head and arms."

Judge Upson, of Detroit, has decided that a divorce obtained in Indiana, with the knowledge of one of the parties, is just as good as though both are present to quarrel over it. Detroit husbands are packing their little valises for Indiana.

At Rochester people want an ordinance passed to buy eggs by the pound, as the farmers who raise the eggs have a sieve through which they sift all the small ones for market, keeping the large ones to eat at home. This they call protection to home industry.

A large invoice of Martin Guitars, just received at Booth & Sargent's, and for sale at extremely low prices.

ANNOUNCEMENTS.

The announcement cards of candidates for nomination for the various offices will be published at the following rates:
Assembly, \$10; Associate Judge, \$10; Sheriff, \$10; Treasurer, \$10; District Attorney, \$5; Commissioner, \$5; Auditor, \$5. Positively no announcements published unless paid for IN ADVANCE.

DISTRICT ATTORNEY.

We are authorized to announce the name of James H. Smith, as candidate for District Attorney, subject to the usages of the Republican Primary Election.

Petroleum Centre, March 25, 1871.

COUNTY TREASURER.

EDITOR RECORD:—Please announce the name of FID BISHOP, of Oil City, as a candidate for the office of County Treasurer, subject to the decision of the Republican Primary Election.

MANY REPUBLICANS.

We are authorized to announce the name of N. B. RIDDLER, as a candidate for Treasurer, subject to the usages of the Republican party, at the
