JAY COOKE & CO.
Offer for Sale at Par and Accrued Interest
the
1st Mortgage Land Grant Gold Bonds
OF THE
Northern Pacific R. R. Co.

These bonds are secured, first, by a First Mortgage on the Railroad itself, its rolling stock, and all equipments; second, by a First Mortgage on its entire Land Grant, more than Twenty Two Thousand Acres of Land to each mile of road.
The Bonds are free from United States Tax; the Principal and Interest are payable in Gold—the Principal at the end of Twenty years, and the Interest Semi-annually, at the rate of SEVEN AND THREE-TENTHS PER CENT. per annum.
They are issued in denominations of \$100, \$500, \$1,000, \$5,000 and \$10,000.
The Trustees under the Mortgage are Messrs. Jay Cooke, of Philadelphia, and J. Edgar Thompson, President of the Pennsylvania Central Railroad Company.
These Northern Pacific 7-30 Bonds will, at all times before maturity, be receivable AT TEN PER CENT. PREMIUM (or 1.0) in exchange for the Company's lands at their lowest cash price.
In addition to their absolute safety, these Bonds yield an income larger, we believe, than any other first-class security. Persons holding United States 5-20's can, by converting them into Northern Pacific's, increase their yearly income one-third, and still have a perfectly reliable investment.
HOW TO GET THEM—Your nearest Bank or Banker will supply these Bonds in any desired amount, and of any need denomination. Persons wishing to exchange stocks or other funds for these, can do so with any of our Agents, who will allow the highest current price for ALL MARKETABLE SECURITIES.
Those living in localities remote from Banks, may send money, or other bonds directly to us by express, and we will send back Northern Pacific Bonds at our own risk and without cost to the investor. For further information, pamphlets, maps, etc. call on or address the undersigned, or any of the Banks or Bankers employed to sell this loan.

ROBERTS' PETROLEUM TORPEDO
TORPEDOES.
THE ROBERTS
PETROLEUM TORPEDO CO.
Office at the
RED PLANING MILL,
Corner of Pine and Second Streets,
(Near the Railroad),
TITUSVILLE, PA.

Owing to the large and increasing demand for the Roberts' Torpedoes, and the late decision of the Commissioner of Patents in refusing to Wm. Reed a patent, and the decision of Judge E. C. Grier sustaining the Roberts' patent they have LOWERED the price of their Torpedoes
TWENTY PER CENT.
so that every Operator can afford to try a Torpedo before abandoning a Well.
The following is the decision rendered by Judge Grier on the twenty-second (22) day of September, 1880, in the United States Circuit Court at Philadelphia. The case was argued three days by Charles M. Keller of New York, B. F. Lucas and S. A. Purviance of Pittsburgh, in defense, and George Harding of Philadelphia, and George H. Christy, of Pittsburgh, for plaintiff.
OPINION OF JUDGE GRIER.
As I write with difficulty I can only state the conclusions to which my mind has come after a careful examination of this case.
The complainant has exhibited a patent dated 25th of April, 1868. This is prima facie evidence of a good title, and puts on the respondents the burden of proof that the patent is void or worthless.
I need not repeat my remarks in the case of Good-year vs. Day (2 Wall, U. S. Supr., 225.) but now adopt them as affording a rule of decision which applies clearly to the present case.
As the infringement of the patent is admitted, the only question will be as to the validity of complainant's patent of April 25, 1868.
"It was after specification had been reduced to practice," and after repeated experiments, that the complainant succeeded in overcoming the prejudice and ignorance of the people on the subject, and persuading the public that his invention was useful; after he had established its great utility and value, and "when his genius and patient perseverance, in spite of sneers and scoffs," were completely successful, that Reed, who had before made experiments, and was unsuccessful, inquired that he had the best right to take the invention, and after purchasing one or more complainant's torpedoes he applied on the 1st of November, 1867, for a patent for substantially the same combination of devices and a claim contained in complainant's patent. On the 14th of the same month the respondent caused his name to be put in as co-inventor of the invention called "The Red Torpedo Company," for the purpose of pirating the complainant's invention, and enjoying the expense of litigation, and thus defrauding him of the fruits. They have perjured, even after the preliminary injunction very properly granted by the District Judge.
Let a decree be entered for complainant for a perpetual injunction, and a decree expounding to take an account according to the prayer of the bill.
E. C. GRIER, Judge.

CAUTION.
The public is cautioned against employing any but the regular, authorized Agents of the Company, since the Roberts' Patent cover the use of the Torpedo and all explosive materials for oil wells, and the use of such materials by other parties is a direct infringement of their rights. Any parties infringing any of the ROBERTS' PATENTS will be dealt with according to law, and as severely and knowingly in defiance of law and the decisions of the Courts.
The Company have re-organized their business with a view to accommodate Oil Men in every part of the Oil Region. They have employed the most efficient Agents and Assistants that can be procured for the business. Each Torpedo is labeled with date of patent, together with the price of the Torpedo, and signed by an officer of the Company, so every Operator wishing a Torpedo may know its price and whether it is from our office.
Agents will confer a favor by reporting to this Office any application of Agents.
The following named persons have been appointed Agents and Assistant Agents for the Oil Regions of Pennsylvania and West Virginia.
