# LumberYard

Near Railroad, Petroleum so sold in Last 30 Days. Centre, Pa.

Friends and patrons, one and all?
Your attention to my "biz" I would only

Times are dell an money tight. But in these times I'm looking for fight;

To those who are building rigs without number, I would inform—this is the place to buy Lumber

My motto is this: "Quick Sales and Small Profit," For business is healthy and I think much of it;

In quality my Lumber is second to none, and as for Shingles, I keep No. 1; Some may not look at it in the light I de,

And for shore I have a quality No. 8;

And to those who are particular—as some may be, I still have another quality called N o

have good seasoned Lumber. Dressed up nice, Which I will sell at a low cash price;

Such as Flooring, Ceiling and Siding, both; Rough and Pressed, Lath, Battens and Surfaced Lumber, all of the best;

I also have Rig Lumber of all kinds, At prices to compare with oil and hard times;

All kinds of Timber kept constantly on hand, and a box of Cigars of a very good brand;

My facilities for selling are surely without number I always keep good teams to deliver good Lumber

so if you want Lumber, Rough, Dressed, Son or Hard, You will find just what you want at L M S's Lum ber Yard.

AUBERTS' PETROLEUM TORPECO

### TORPEDOES. THE ROBERTS PETROLEUM TORPEDO CO. Office at the

RAD PLANING MILL. Corner of Pine and Second Streets, Near the Hailroad,

TITUSVILLE, PA.

Owing to the large and increasing demand for the Roberts' Torpedoes, and the late decision of the Commissioner of Parents in returning to Wim. Resula parent, and the decision of Judge P. C. Grier sustaining the Roberts' patent they have LOWERED the price of their Torpenous

\_TWENTY PER CENT.

so that every Operator can afford to try a Torpedo before abandoning a Well.

The following a Well.

The following is the decision rendered by Judge Grier on the twenty-second (22) day of September, 1889, in the United States Circuit Court at Philadelphia. The case was argued three days by Charles M. Relier of New York, B. F. Lucas and S. A. Purviance of Pittsburgh, for detendants, and George Harding of Philadelphia, and George H. Christy, of Pittsburgh, for plantiff.

#### OPINION OF JUDGE GRIER.

OPINION OF JUDGE GRIER.

As I write with difficulty I can only state the conclusions to which my mind has come after a carein-examination of this case.

The complainment has exhibited a patent dated 25th of April, 1855. This is prima facie evidence of a good title, and puts on the respondents the burden of proof that the patent is void or worthless.

I nees not repent my remarks in the case of Goodyentys. Day (2 Wall, C. C. Rep. 225.) but now adopt them as affording a rule of decision which applies clearly to the present case.

As the intringement of the patent is admitted, the only question will be as to the validity of complainants patent of april 25,1858.

"It was after speculation had been reduced to practice," and after repeated experiments, that the complainant successed in overcoming the prejudice and ignorance of the people on the subject, and persuading the public that his invention was useful, after he had established its great utility and value, and "when his genus and patient persevenanes, in spite of successing the experiments on the same subject, and was unsuccessful, that Reed, who had before unde experiments on the same subject, and was unsuccessful, imagined tout be had the best right to to-chiraction, spite of success and scens, were completely successful, that Beed, who had before made experiments on the same struck, and was unsuccessful,
imagined that he had the test right to toe-invention,
and after purchasing one or more complainant storpedices he amplied on the 1st of Norember, 1807,
for a patent for substantially the same combinations of devices and substantially the same combinamul's patent, on the 15th of the same monta the
respondents formed themselves into a company or
corporation caited. The keed Torpedo Company,
for the purpose of pirating the complainant's invention, and supporting the expense of fiftgation,
and thus defraud him of the fruits. They have per
severed, even after the pre-liminary injunction very
properly granted by the District Indgs.

Let a decree be entered for complainant for a perpettal injunction, and a Master appointed to take
an account according to the prayer of the bill.

R. C. GRIER, Judge.

an account according to the prayer of the bill.

R. C. GRIER, Judge.

Nove.—The passage referred to by Judge Grier in his former decision, 3 Walince, p. 229, adopted as applicable to this case was as follows:

"It is usually the case, when any valuable discovery is made, or any new machines of great midity is invented, that the attention of the public has been mined to that subject previously, and that many persons have been making agearches and experiments. Photospores and mechanicians may have a some measure anticipated in their speculations, ac possibility or pronability of such discovery or invention; many experiments have been successfully treel, condupt very near, yet failing short of the dedical result. They have produced nothing beneficial. The invention when perfected may truty besold to be the culminating point or many experiments, let only by the inventors, but by many othors, it is many have profited indirectly by the throne caseful experiments and failures of others, but it gives then no right to class in share of the horner of the profit of the successful inventor. It is when speculation has been reduced to practice, when experiment has resulted in discovery, and when that discovery has been perfected by patient and continued experiments, when some new composind, art manufacture, or machine has been this produced which is macful to the public, that the party making it becomes a public hundrator and entitled to a patent—"And yet when genius and patient perseverance have at length succeeded, in spite of snews and scoffs, some valuable havention or discovery, how wellows, in a right to piane the original discovery. We need not summons Morse, or Blanchard, or Woodworth to prove that sist is the usual history of every early unknown and inform history."—2 Wallace, C. C. Reports p. 292 Northern Pacific R. R. Co.
