ROBERTS' PETROLEUM TORPEDO
TORPEDOES.
THE ROBERTS' PETROLEUM TORPEDO CO.
Office at the
RED PLANING MILL,
Corner of Pine and Second Streets,
(Near the Railroad),
TITUSVILLE, PA.

Owing to the large and increasing demand for the Roberts' Torpedoes, and the late decision of the Commissioner of Patents in relation to Wm. Reed's patent, and the decision of Judge Grier sustaining the Roberts' patent, they have LOWERED the price of their Torpedoes

TWENTY PER CENT.

so that every Operator can afford to try a Torpedo before abandoning a Well.

The following is the decision rendered by Judge Grier on the twenty-second (22) day of September, 1869, in the United States Circuit Court at Philadelphia. The case was argued three days by Charles M. Keller of New York, B. F. Lucas and S. A. Parvance of Pittsburgh, for defendants, and George Harding of Philadelphia, and George H. Christy, of Pittsburgh, for plaintiff.

OPINION OF JUDGE GRIER.

As I write with difficulty I can only state the conclusions to which my mind has come after a careful examination of this case.

The complainant has exhibited a patent dated 25th of April, 1866. This is prima facie evidence of a good title, and the respondents the burden of proof that the patent is void or worthless. I need not repeat my remarks in the case of Good-year vs. Day (2 Wall, C. C. Reps. 229.) but now adopt them as affording a rule of decision which applies clearly to the present case.

As the infringement of the patent is admitted, the only question will be as to the validity of complainant's patent of April 25, 1866.

It was after speculation had been reduced to a mere possibility, and after repeated experiments, that the complainant succeeded in overcoming the prejudice and ignorance of the people, on the subject, and presenting the public that his invention was a new one, and had established its great utility and value, when his genius and patient perseverance, in spite of sneers and scoffs, were completely successful, that Reed, who had before made experiments on the same subject, and was unsuccessful, and who had the best right to a discovery, after purchasing one or more complete sets of the patent for substantially the same cost of the complainant's device, and a machine contained in complainant's patent. On the 16th of the same month he endeavored to force himself into a court by a forcible entry of the Torpedo Company's premises for the purpose of pilfering the complainant's invention, and supporting the expense of the trial, and the consequent aim of the fruits. They have since, several, even since the preliminary injunction very properly granted by the District Judge.

I am aware he entered for complainant for a perpetual injunction, and a Master appointed to take an account according to the prayer of the bill.

H. C. GRIER, Judge.

NOTE.—The passage referred to by Judge Grier in his former decision, 3 Wallace, p. 229, adopted as applicable to this case was as follows:

It is true, in every case, when any valuable discovery is made, or any new machine of great utility is invented, that a portion of the public has been turned to that subject previously, and that many persons have been making speeches and experiments. Philosophers and mechanics may have, in some measure anticipated, in their speculations, the possibility or probability of such discovery or invention; many experiments have been successfully tried, coming very near, yet falling short of the desired result. They have produced nothing beneficial. The invention which succeeded may truly be said to be the culminating point of many experiments, not only by the inventor, but by many others. It may have profited indirectly by the success of all experiments and failures of others, but it gives them no right to claim a share of the honor of the successful inventor. It is when speculation has been reduced to practice, when experiment has resulted in discovery, and when that discovery has been put to practical use, and continuing experiments, when some new compound, art, manufacture, or machine has been thus produced which is useful to the public, that the party making it becomes a public benefactor and entitled to a patent.

"And yet when genius and patient perseverance have at length succeeded, in spite of sneers and scoffs, and a humble invention or discovery, how seldom is it followed by reward! Envy robs him of the honor, while speculators, swindlers, and pirates rob him of the profits. Every unsuccessful experimenter who did or did not come very near making a discovery now claims it. Every one who can boast an improvement or vary its form, claims a right to pirate the original discovery. We need not summon Aeschylus, or Bismarck, or Woodworth to prove that this is the usual history of every great discovery or invention.

"The present case adds another chapter to this long and uniform history."—2 Wallace, C. C. Reports p. 222

NEW 7-30 GOLD LOAN.
SAFE! PROFITABLE! PERMANENT!
JAY COOKE & CO.
Offer for Sale at Par and Accrued Interest

1st Mortgage Land Grant Gold Bonds
OF THE
Northern Pacific R. R. Co.

These bonds are secured, first, by a First Mortgage on the Railroad itself, its rolling stock, and all equipments; second, by a First Mortgage on its entire Land Grant, being more than Twenty Two Thousand Acres of Land to each mile of road.

The Bonds are free from United States Tax; the Principal and Interest are payable in Gold—the principal at the end of Thirty years, and the Interest Semi-annually, at the rate of SEVEN AND THREE-TENTHS PER CENT. per annum.

They are issued in denominations of \$100, \$500, \$1,000, \$5,000 and \$10,000.

The Trustees under the Mortgage are Messrs Jay Cooke, of Philadelphia, and J. Edgar Thompson, President of the Pennsylvania Central Railroad Company.

These Northern Pacific 7-30 Bonds will at all times before maturity, be receivable AT TEN PER CENT. PREMIUM (or 1.0) in exchange for the Company's lands at their lowest cash price.

In addition to their absolute safety, these Bonds yield an income larger, we believe, than any other first-class security. Persons holding United States 5-20's can, by converting them into Northern Pacifics, increase their yearly income one-third, and still have a perfectly reliable investment.

HOW TO GET THEM—Your nearest Bank or Banker will supply these Bonds to any desired amount, and of any need denomination. Persons wishing to exchange stocks or other funds for these, can do so with any of our Agents, who will allow the highest current price for ALL MARKETABLE SECURITIES.

Those living in localities remote from Banks, may send money, or other bonds, directly to us by express, and we will send back Northern Pacific Bonds at our own risk and without cost to the investor. For further information, pamphlets, maps, etc., call on or address the undersigned, or any of the Banks or Bankers employed to sell this loan.

The Company have re-organized their business with a view to accommodate Oil Men in every part of the Oil Region.
