ABOUT TOWN.

The new time table on the O. C. & A. R. R., went into effect this morning.

A refreshing shower this morning—for which the clerk of the weather is entitled to the thanks of us dry and parched mortals.

A new parsonage is being erected near the Catholic Church, when finished to be occupied by Rev. Father Dunn.

Work on the new school house has commenced. The foundation walls are almost completed.

The new well on the Woods farm, will be completed this week.

Saturday night the streets were crowded with people.

Our thanks are due Mr. Owen Gaffney for the gift of a bottle of old port wine. Its very excellent wine, and he has more of it for sale.

A green grocer—ones who does not advertise.

For a nice cool drink of Soda Water, go to Simmons' Drug Store.

New buildings continue to be put up on the burnt district.

A newly wedded pair were the recipients of "tin horning" by their friends, Saturday evening. The custom is a relic of barbarous ages and should be abolished.

Variety is the spice of life—three female XVth Amendments, under the influence of old rye, "cut a swell" on the street this forenoon. Where's the individual who has the courage to say woman has not her rights.—Echo answers—Where?

The blind men, with hand organ accompaniment, is in town to-day. Saturday it was the Italian gentleman, monkey, organ, &c. Due notice will be given as to what arrives to-morrow.

The prettiest thing for a lady's bonnet is a smiling face.

A decision has just been rendered in an Iowa District Court which is of special importance to railroad companies. The case was that of a suit for damages against the Chicago and Northwestern Railway Company for injuries received by an accident occasioned by an intoxicated engineer, and the court held that a railway company is liable to both actual and punitive damages for accidents caused by the carelessness or inattention of employees. There should be a law providing severe punishment for a railroad engineer taking a drink of intoxicating liquor when on duty, or within ten hours previous to his time for taking charge of the engine, and the company should be made to pay heavy damages for employing a man who indulges in strong drinks. A large proportion of railroad accidents may be directly traced to drunkenness, and it is time measures were adopted to relieve the traveling public, as far as possible, from this source of danger.

DEMOCRATIC MEETING.

At a meeting of the Democracy of Petroleum Centre precinct, held at the School House, Petroleum Centre, Saturday afternoon, May 20th, for the purpose of nominating and electing delegates to the county convention to be held at Franklin, Tuesday, May 23d, the meeting was called to order by Mr. John Walters, and on motion Mr. D. P. Williams was called to the chair, and R. C. Coulter elected Secretary.

Moved by Mr. Coulter that a committee of three—Messrs. Walters, Wilson and Barker—be appointed to nominate delegates. Carried.

The committee retired and nominated the following gentlemen as such delegates: Bernard Hook, A. M. Kleckover, William Titus, D. P. Williams, L. Voucher, W. T. McGee, R. C. Coulter, E. W. Barker, R. Hutchinson.

The above nominations were made unanimously, and on motion the meeting adjourned. D. P. WILLIAMS, Pres't. R. C. COULTER, Sec'y.

The woods and underbrush on the Wilson and adjoining farms were on fire yesterday, and burned all day doing considerable damage to the timber. The fire originated from the sparks arising from the smoke stack of an engine at a well on the Wilson farm, and the wind blowing quite strong at the time fire was communicated to the dry underbrush and dead leaves and rapidly spread as above stated.

T. B. Alce, who is now in the Pittsburg jail, is reported to have circulated more counterfeit money than almost any other scoundrel of his nefarious trade in the entire country. He usually managed to shove on an average about \$50,000 a month.

Sunflowers, it is said, have the power of absorbing malaria, and for this reason are a good thing to plant in places where dirty water and slugs from kitchens are thrown.

The delegates to the Y. M. C. A. Convention at Washington, from this place, left for that city this morning.

Butter is selling for twenty cents per lb., and potatoes retailing for \$1 per bushel in the Greenville market.

Cyrille Dion, the champion billiardist, and Frank Parker, his late antagonist at Chicago, have been playing exhibition games at Erie.

During the time the fire was raging in the woods on the Wilson farm, yesterday afternoon, Mr. William McCray noticed a cow running to and fro through the fire as if in great distress. Upon proceeding to the spot he discovered that the cow had a calf but a few hours old, and true to her maternal instinct, was trying to rescue it from the devouring element. The calf could not be rescued, and as the cow is still staying close by the remains, this means is taken of notifying the owner of her whereabouts.

Trains run slow over the Pioneer bridge at present, on account of the repairs going on. New stone piers are being built under the bridge.

It is said that Robert Bonner has accepted the challenge of the owner of the San Francisco horse to train in Chicago, in June next, for a purse \$50,000.

The G. A. R. of Corry will decorate the fallen brave of that vicinity on the 30th of May.

The Pacific and Atlantic Telegraph Co. have opened offices at Paxton, Shaw Farm, Silverville and East Sandy.

A farmer hitched his horse to a shade tree in Erie, last week, and paid a fine of ten dollars and costs for the privilege.

Laura Fair thinks that as the dignity of the law has been satisfied by her conviction of murder in the first degree, she ought now to receive a pardon. She said to her jailor, the other day: Look at my form and my face! Can they ever hang such a woman.

Many of the disinterested journals of the country, prominent among them the Boston Post, Chicago Republican and Louisville Ledger and Courier-Journal, have been arranging the business of the Vice-President when he shall retire from office. Here are a few of the occupations open to him:

Mr. Colfax will engage in the manufacture of laminated ox whips at South Bend. He will establish a manufactory of acrated mouse traps at South Bend.

He will engage in the manufacture of bug proof seed potatoes.

He will establish a manufactory of sugar coated hair crimpers.

He will engage in the manufacture of varicose velvet horse collars.

He will engage extensively in the manufacture of corrugated calico coal beds.

He will erect a rolling mill for the manufacture of stuffed clubs.

He will embark in the manufacture of deodorized superphosphate, and silver-plated toothpicks.

He will engage extensively in the manufacture of those rotary, high-pressure double revolving, cylinder-escapement, silver-mounted, burglar-proof post holes.

He will erect a foundry for the manufacture of reversible feed stomach pumps.

He will devote his time to the manufacture and sale of iron clad, burglar-alarm, non-ferrible chemistries.

He will establish an agency for the sale of low-pressure frog-level indicators, on the mutual plan.

He will manufacture laminated steel chignons, point-lace pork barrels, vulcanized lock-stitch vermifuge non-explosive telescope extension insulated fobus Bessemer steel undershirts, and self-raking three-ply corrugated fire escapes—very bouffant and cut bias.

The New Castle Gazette has this tidbit of romance: There is rather a romantic little story connected with one of the marriages published in another column. The groom, who for two score years has lived in the far West, came to the conclusion it was not good for man to be alone, and bethought him self who he should take to his bed and board. He remembered a former school mate, whom he had not seen for forty years at that time a lassie of ten years and who had lived in single-blessedness for half a century of her life. He wrote to her from North Beaver township, to come and cheer his loneliness, and with characteristic maiden modesty the maiden consented, packed her goods, went to Wisconsin, and entered into a matrimonial engagement for life with the gentleman. Let us all wish them good luck.

A Binghamton, New York, telegram says: Rumors being afloat that some unscrupulous persons intend, after Ruloff's death, to publish the history of his life, purporting to be derived from himself, Ruloff issued the following card: This is to certify that I have never in any way contributed to the preparation of the work to be sold as my life, and that any such work purporting to be written from information furnished by me, will be fraudulent and untrue.

To-day a new regulation goes into effect on the O. C. & A. Ry. The brakemen are to stand at each car door to see that all persons are provided with a passage ticket before entrance. This to expedite business, as too much of the conductor's time is taken up in making change between stations.

At the Fleetwood Park Races, on Saturday, Goldsmith Maid beat the American girl three straight heats in 2:22, 2:21 1-4, 2:22 3-4.

Among the list of patents granted to citizens of Western Pennsylvania for the week ending May 16th, 1871, is one to John Gracie, of Pittsburgh, for improved oil still.

The G. A. R. Post of Rouseville will go to Franklin on Decoration Day, May 30th, and participate in the ceremonies of decorating the soldier's graves.

Lost.—If anything be lost the family turns out to find it and, being found, there is joy in the house. A lost child is sought for till it is found. A lost dog is not beyond hope. Even a lost handkerchief is worth an advertisement and a reward. Who seeks, hopes, or advertises for a "lost woman."

The Erie Annual Conference will meet in Meadville on the 30th of August, having been changed from September 27th to that date.

The Petrolia (Ont.) Weekly Oil Report states "that there has been a great falling off in the production during the past few weeks; this, together with the fact that the stock in tanks has been very much reduced, leads to the question, what is to be done to supply the increasing demand? At present the refineries here, in London, &c., are mostly either idle or doing very little, but when they again resume work for the fall trade, crude must either be produced in greater quantities or the price will have to advance."

Local Notices.

S. M. Pettengill & Co. 37
Park Row, New York, and Geo. P. Bowell & Co. Advertising Agents, are the sole agents for the Petroleum Centre Daily Record in that city. Advertisers in that city are requested to leave their favors with either of the above houses.

New 7-30 Gold Loan

SAFE! PROFITABLE! PERMANENT!
JAY COOKE & CO.
Offer for Sale at Par and Accrued Interest

1st Mortgage Land Grant Gold Bonds
OF THE
Northern Pacific R. R. Co.

These bonds are secured, first, by a First Mortgage on the Railroad itself, its rolling stock, and all equipment; second, by a First Mortgage on the entire Land Grant, being more than Twenty Two Thousand Acres of Land to each mile of road. The Bonds are free from United States Tax. Principal and Interest are payable in Gold—the Principal at the end of Thirty years, and the Interest Semi-annually, at the rate of SEVEN AND THREE-TENTHS PER CENT. per annum. They are issued in denominations of \$100, \$500, \$1,000, \$5,000 and \$10,000. The Trustees under the Mortgage are Messrs Jay Cooke, of Philadelphia, and J. Edgar Thompson, President of the Pennsylvania Central Railroad Company.

These Northern Pacific 7-30 Bonds will at all times before maturity, be receivable AT TEN PER CENT. PREMIUM (or 1.0), in exchange for the Company's lands at their lowest cash price. In addition to their absolute safety, these Bonds yield an income larger, we believe, than any other first-class security. Persons holding United States 5-20's can, by converting them into Northern Pacific, increase their yearly income one-third, and still have a perfectly reliable investment.

HOW TO GET THEM.—Your nearest Bank or Banker will supply these Bonds in any desired amount, and of any need denomination. Persons wishing to exchange stocks or other bonds for these, can do so with any of our Agents, who will allow the highest current price for ALL MARKETABLE SECURITIES.

Those living in localities remote from Banks, may send money, or other bonds, directly to us by express, and we will send back Northern Pacific Bonds at our own risk and without cost to the investor. For further information, pamphlets, maps, etc., call on or address the undersigned, or any of the Banks or Bankers employed to sell this loan.

SOLE SALE BY
James T. Brady & Co., Hart, Coughy & Co., Masonic Savings Bank, Western Savings Bank, & N. Loan & Co., Bankers, General Agents, Pittsburgh, Pa.
GEO. H. HENSELL & CO., Local Agents, Petroleum Centre, Pa.
