ABOUT TOWN.

The nights are cold.
There was a heavy frost last night.
Efforts are being made to have the streets sprinkled daily. Hope they will succeed.
"Somebody's son was out last night, bumping around the town." Vulgarly speaking they were so drunk as to stop over.
The small beer trade is lively. Bailey, Chalmers & Smith are the only manufacturers of root beer, pop, &c., in this vicinity.—They make a first-class article.
The report of the gas explosion on Church Run, near Titusville, was plainly heard at this place.
The ladies appear on the streets these pleasant days dressed in the latest fashions.
The delegates to the Democratic Convention at Franklin, arrived home last night. The nominations will be found elsewhere.
There are now something less than 110,000,000 dogs roaming at large on the streets who will commence the good work of mauling them?
Mease & Armstrong are doing a land office business in the way of selling flour and provisions. "You know how it is yourself"—they sell so cheap.
The Wilson and other farms present a desolate appearance since being burned over.
The lumber trade is lively.
The coal trade dull.
Strawberries and cream are the favorite dish at present.
Freeman, dealer in oil well supplies, wants 2,000 feet second-hand tubing and casing. Will pay the highest market price.
The best rule which the citizens of a community can adopt is never to buy anything abroad which they can procure at a reasonable figure at home.

INVESTMENTS.—RAILROAD AND REAL ESTATE SECURITIES.—If we compare first-class Railroad Bonds with good Real Estate mortgages as an investment for the people generally, each will be found to have peculiar advantages of their own. For example—a Railroad Bond is readily and always negotiable; its cash value is known by all bankers, and hence it can be used as collateral at bank for temporary loans; the interest it bears is regularly and promptly paid, without trouble or expense to the holder; the investor in Railroad Bonds, unlike the owner of Real Estate mortgages, has no anxiety about the TITLE to the property on which his bond is secured, insurance on buildings, or the annual payment of taxes, on which the continued soundness of that title depends.
On the other hand, it is to be admitted, that a first mortgage on valuable Land is one of the best possible securities. The property can neither run away or burn up. Its value is not affected by speculative combinations, nor by fluctuations in the amount of Railroad traffic. The actual value of good land steadily increases with the steady growth of population.
It is because the 7-30 Bonds of the Northern Pacific Railroad are both a first-class Railroad security, and a Real Estate mortgage, on lands worth twice the amount secured, that we commend them to those of our readers who desire an investment that is safe beyond question, while readily negotiable and bearing a good rate of interest. They are a first lien, not only on a great Railroad and its traffic, but in addition are a first mortgage on valuable lands at the rate of 50 acres to each \$100 of indebtedness. Add to this the fact, that the rate of interest (7-30 per cent. gold,) is more than 3 per cent. currency, and that the bonds are always exchangeable at 10 per cent. premium for the lands on which they are secured, (practically giving the power of foreclosure at will,) and it is easy to explain the high favor with which these securities are now regarded. Central Pacific R. R. Bonds, secured only on the Railroad itself, and bearing only six per cent. gold interest, are now selling at 103, and they are well worth the price. In the light of this fact, it is not unsafe to predict that Northern Pacific Bonds, bearing seven and three-tenths per cent. gold interest, secured both on the Railroad and on 23,000 acres of land to each mile of track, and now selling at par, will at an early day be worth 110.

The Democratic Nominating Convention of Venango county, was held at Franklin, yesterday, and the following ticket placed in nomination:

The Rousseville Bulletin mildly suggests that hereafter the manufacture of nitro-glycerine be confined to the lower regions, where Lucifer is supposed to reign.
One of the principal dealers in meat, was hauled up and fined, at Rousseville, on Monday, for violating the Sabbath by keeping open shop.
The coal strike at Scranton is over, and the miners have resumed work.
Vice President Colfax was stricken with paralysis, at Washington, yesterday morning. It is thought he will recover.
Corry is agitating the question of celebrating the Fourth of July.
An explosion of heated tar occurred at the Monitor Oil Works, last evening. The workmen were engaged in running the tar from the still at the time the explosion took place. No damage to speak of.
The family of Michael Walton, of Meadville, were seriously poisoned a day or two since by eating broth made from chicken purchased in the public market. What affected the chicken is not known. The family will recover.
Hon. M. C. Beebe, of Pleasantville, has gone West on a visit, for the benefit of his health.
Mr. Dock Develing, proprietor of the Florence Hotel, at Lawrenceburg, sends the Titusville Herald a fine large specimen of crystallized salt taken from the James Pantan well, about one mile back of Foxburg, on the Clarion River. The owner of the well is boring for oil, and has reached a depth of 835 feet.
Strawberries are 35 cents per quart.

The London Saturday Review says the most remarkable thing about the spread of taste for stimulants is its extension to ladies. The medical journals assure us that women are falling into habits of drinking not less fatally than men. At the supper table of a ball young women dash off as much champagne and claret-cup in the course of a single lively evening, as would have more than sufficed their grand-mothers for a month. The ease and familiarity with which they drink is worthy of the most accomplished frequenter of a New York bar.
Hobbs, the old rascal, says an American girl loves with her eyes, an English girl with her arms, a French girl with her lips, and Italian and Spanish with all three. A Boston woman capitulates in three months, a New York woman in two, and a New Orleans woman in one. Causes, partly climatic and constitutional, and partly a few words from the old folks in the back room.

The receiving house of Hanna, Chapin & Co's oil refinery, at Cleveland, exploded on Saturday. Loss \$1,000.
The Corry Republican says: There is quite an excitement at the present time over the prospect of developing a new oil territory in Warren county, between Pittsfield and Wrightsville, in the vicinity of the Dug-down. Parties from Corry are now putting down a well near the old McIntire well.—Wells are also to be put down on the Brook farm in the same vicinity, and those engaged in the work are sanguine of success.
Mr. N. S. White, of Pitohole City, is the general agent for Warfield's Cold Water Soap for Venango and Crawford counties.—This soap washes the finest as well as coarsest fabrics, in cold, warm, hard, soft or salt water, without boiling or machinery, and will not injure the clothes. It is also possessed of other wonderful properties, which can be ascertained by reading the advertisement in another column.

The baggage-master on the up train, A. V. Railroad, was instantly killed to-day, at Mahoning. He was looking out of the car door at a man trying to get on the train, when he was struck by some scaffolding that was put up near the track, knocking him out of the car and under the wheels of the train, which ran over him. The mail agent was also hit, but not seriously hurt.—Oil City Register, 23d.
By an explosion of gas at the Emery, Patterson & Caldwell well, on the David Kerr farm, Church Run, last evening, four men and a boy were seriously burned, one of them fatally it is feared.
We are indebted to the committee for an invitation to attend the Commercial Club Reception, to be given at the Parball House Titusville, on Thursday evening, May 25th, at 9 o'clock. The reception promises to be the grandest affair of the season, as it will undoubtedly be.
The Directors of the Buffalo Driving Park Association offer premiums amounting to \$50,000, for the sixth annual summer meeting, commencing August 8, 1871.
James Donahoe, of Buffalo, New York, died from the effects of a pistol shot by Bob Blakely. The officers are after Blakely.
Judgment for \$11,000 and costs in favor of the Pennsylvania Railroad Company has been entered in the Prothonotary's office against the Erie Daily Republican. An execution was issued, and on Saturday the Sheriff made his levy on the establishment.
The boys on Long Wharf, New Haven, have a novel way of getting molasses into their stomachs. They take a long string, dip it into the molasses, and putting one end between their teeth swallow the rest. After calmly enjoying the delicious sweetness while they take hold of the end of the string and pull it gently out and repeat the operation. It's fun, says the New Haven Palladium; if you don't believe it, try it yourself.
The writer of an obituary notice of an estimable lady, said that the bereaved husband was hardly able to bear the demise of his wife. Imagine his disgust on reading in print that the bereaved husband was hardly able to wear the demise of his wife.
An Ohio paper touchingly chronicles the death of a truly pious young man and the best base ball "short stop" in that section.
The Louisville Sensationalist prints one of the long speeches of Phillips, under these awful display heads:
"Another Rip-roaring Whangdoodle whacker from Windy Wendell—He Runs Riot with Red Republicanism."
Rather a good story is told of the former Miss Lane while she was the obnoxious mistress of the executive mansion. A photographer in New York presented her with an album, superbly bound, containing forty two different views of Miss Lane. Jones remarked, on seeing it one day, that it was the most Miss-a-Laneous book he had ever seen.

A New Era in Washing!
LABOR, TIME, CLOTHING AND FUEL SAVED BY THE USE OF
WARFIELD'S Cold-Water Self-Washing Soap!

This Soap washes the finest as well as coarsest fabrics, in cold, warm, hard, soft or salt water, without boiling or machinery, and is guaranteed not to injure clothes in the least when used according to the directions.
One good washerwoman can do more and better washing with it than two can do in the same time with the best machines, using the ordinary soap in the market.
It will wash out oil, paint, coach or machine grease, or anything that can be removed, without the least injury to garments. And it is excellent for the skin, having a healing effect on the skin.
For washing prints, silks, laces, flannels, blankets, and woollens generally, and for cleaning floors, carpets, silver or plated ware, painted or other work, there is nothing equal to it. And to consumers it is the cheapest SOAP manufactured.
By using it, you get rid of the annoyance of hot water in summer, and of steam in the house (so productive of colds) in winter.

New 7-30 Gold Loans
SAFE! PROMITABLE! PERMANENT!
JAY COOKE & CO.
Offer for Sale at Par and Accrued Interest

1st Mortgage Land Grant Gold Bonds
OF THE
Northern Pacific R. R. Co.

These bonds are secured, first, by a first mortgage on the Railroad itself, its rolling stock, and all equipments; second, by a first mortgage on its entire Land Grant, being more than Twenty Two Thousand Acres of Land to each mile of Road. The Bonds are free from United States Tax; the Principal and Interest are payable in Gold—the Principal at the end of Thirty years, and the Interest semi-annually, at the rate of SEVEN AND THREE-TENTHS PER CENT. per annum. They are issued in denominations of \$100, \$500, \$1,000, \$5,000 and \$10,000.
The Trustee under the Mortgage are Messrs Jay Cooke, of Philadelphia, and J. Edgar Thompson, President of the Pennsylvania Central Railroad Company.
These Northern Pacific 7-30 Bonds will at all times before maturity, be receivable AT TRIN PER CENT. PREMIUM (or 1.0), in exchange for the Company's lands at their lowest cash price. In addition to their absolute safety, these Bonds yield an income larger, we believe, than any other first-class security. Persons holding United States 5-20's can, by converting them in a Northern Pacific, increase the rate of their income one-third, and still have a perfectly reliable investment.
HOW TO GET THEM.—Your nearest Bank or Broker will supply these Bonds in any desired amount, and of any need denomination. Persons wishing to exchange stocks or other bonds for these, can do so with any of our Agents, who will allow the highest cash price for ALL MARKETABLE SECURITIES.
Those living in localities remote from Banks, may send money, or other bonds directly to us by express, and we will send back Northern Pacific Bonds at our own risk and without cost to the investor. For further information, pamphlets, maps, etc., call on or address the undersigned, or any of the Bank or Brokers employed to sell this loan.
