

W. GALLISON & SONS

Philadelphia, Manufacturers of superior OIL WELL CASING. AND TUBING! With plain and patent Coupling.

Our TUBING and CASING are manufactured with care, expressly for the use of oil producers, being tested at the works before shipment with a pressure of 1,200 lbs. to the square inch. NOTICE—Each length and socket is stamped with our trade mark. None other is genuine. The danger heretofore experienced in having Tubing break at the Coupling is obviated by using Allison & Son's Tubing with patent Coupling.

A. Leggett, (Successor to A. T. Leggett,) Manufacturer and Dealer in

RHEUMATISM NEURALGIA \$5000 WILL BE PAID.

To any person who will... show one-third as many living, permanent cures as Dr. Filler's Vegetable Rheumatic Remedy; and further reward of \$100 for any case of Chronic or Inflammatory Rheumatism, Neuralgia, Rheumatic Ague, Sciatica and Rheumatism of the Kidneys it will not cure. The Rheumatic Syrup is used in wardily only, pleasant to the taste, and guaranteed free from injurious drugs. It is not a quick medicine, but the scientific prescription of Dr. P. Filler, M. D., Professor of Toxicology and Chemistry, graduate of the celebrated University of Pennsylvania, A. D. 1853, whose entire professional life has been devoted to this disease. This prescription under solemn oath is unconditionally believed to be the only positive, reliable, infallible specific ever discovered. The proof that no other specific exists is found in every community in persons afflicted for many years and still suffering. If physicians could cure it if a specific did exist, this would not be so—a fact that must be universally admitted. The only doctor who may wisely ask, what remedy or medicine has he that Dr. Filler's Rheumatic Syrup will cure his case. The protection offered to sufferers against imposition is in a legally signed contract which will be forwarded without charge to any sufferer sending by letter a description of affliction; this guarantee will state the exact number of bottles warranted to cure, and in case of failure the money paid will be returned to the patient. No other remedy has ever been offered on such liberal and honorable terms. Medical advice, with certificates from prominent physicians, clergymen, etc., who have been cured a ter all other treatments have failed, sent by letter gratis. Afflicted cordially invited to write for advice to the principal office, 29 South Fourth Street, Philadelphia, Pa. Dr. Filler's Rheumatic Syrup is sold by druggists.

Merchants, Lawyers, Justices of the Peace, Land Agents, Oil Dealers and Agents, Insurance Agents Expressmen and other parties in want, are informed that we are prepared to execute to order all kinds of BLANKS, business or legal, required in this community. Jobbing patronage respectfully solicited. C. C. WICKER.

ROBERTS PETROLEUM TORPEDOES THE ROBERTS PETROLEUM TORPEDO CO. Office at the RED PLANING MILL, Cor. of Pine and Second Streets, (Near the Railroad,) TITUSVILLE, PA.

Owing to the large and increasing demand for the Roberts' Torpedoes and the late decision of the Commissioner of Patents in refusing to grant a patent, and the decision of Judge P. C. Grier in granting the Roberts' patent they have LOWERED the price of their Torpedoes

so that every Operator can afford to try a Torpedo before abandoning a Well.

The following is the decision rendered by Judge Grier on the twenty-second (22) day of February, 1888, in the United States Circuit Court at Philadelphia. The case was argued three days by Charles M. Keller of New York, B. F. Lucas and S. A. Evans of Pittsburgh, for defendants, and George H. Harding of Philadelphia, and George H. Christy of Pittsburgh, for plaintiff.

OPINION OF JUDGE GRIER

As I write with difficulty I can only state the conclusions to which my mind has come after a careful examination of this case. The complaint has exhibited a patent dated 24th of April, 1885. This is prima facie evidence of a good title, and puts on the respondents the burden of proof that the patent is void or worthless. I need not repeat my remarks in the case of last year vs. Day (2 Wall. C. C. Repr. 235,) but we adopt them as affording a rule of decision which applies clearly to the present case.

As the infringement of the patent is admitted the only question will be as to the validity of the plaintiffs' patent of April 24, 1885.

It was after speculation had been reduced to practice, and after repeated experiments, and the complainant succeeded in overcoming the prejudice and ignorance of the people on the subject, and persuading the public that his invention was useful, and he had established its great utility and value, and when his agents and patent perseverence, in spite of sneers and scoffs, were completely successful, that Reed, who had before made experiments on the same subject, and was unsuccessful, and after purchasing one or more complainant's torpedoes, he applied on the 1st of November, 1885, for a patent for substantially the same combination of devices and machine contained in complainant's patent. On the 15th of the same month the respondents formed themselves into a company or corporation called "The Reed Torpedo Company," for the purpose of paying the complainant's invention, and supporting the expense of litigation, and thus defraud him of the fruits. They have preserved, even after the preliminary injunction was properly granted by the district judge.

Let a decree be entered for complainant for a preliminary injunction, and a Master appointed to take an account according to the prayer of the bill. R. C. GRIER, Judge.

Note.—The passage referred to by Judge Grier, his former decision, 3 Wallace, p. 239, adopted as applicable to this case was as follows:

It is usually the case, when any valuable discovery is made, or any new machine of great utility is invented, that the attention of the public has been directed to that subject, previously, and that many persons have been making researches and experiments. Philosophers and mechanicians may have in some measure anticipated in their speculations the possibility or probability of such discovery or invention; many experiments have been successfully tried, coming very near, yet falling short of the desired result. They have produced nothing better than said to be the culminating point of many experiments, not only by the inventor, but by many others. He may have profited indirectly by the successful experiments and failures of others, but he gives them no right to claim a share of the honor of the profit of the successful invention. It is very speculative to have been reduced to practice, when the discovery has been perfected by patient and constant experiments, when some new compound of manufacture, or machine has been thus produced which is useful to the public, that the party making becomes a public benefactor and entitled to a patent.

And yet when genius and patient perseverance have at length succeeded, in spite of sneers and scoffs, in producing a discovery, and when the reward is followed by rewards, and the honor of the honor, while speculators, swindlers, and rascals rob him of the profits. Every unsuccessful experimenter who did or did not come very near making a discovery now claims it. Every one can invent an improvement or vary the form, claim a right to prize the original discovery. We need not name Adams or Blanchard, or Wood, who work of every variety in a satisfactory manner when desired, jobs will be neatly printed in Colors.

The present case adds another chapter to this long and uniform history. —2 Wallace, C. C. 24 ports p. 292.

CAUTION.

The public is cautioned against employing any but the regular, authorized Agents of the Company, since the Roberts' Patent covers the use of all Torpedoes and all explosive materials for oil wells, and the use of such materials by other parties is a direct infringement of their rights. Any party infringing any of the ROBERTS' PATENTS will be dealt with according to law, and as acting willfully and knowingly in defiance of law and the decisions of the Courts.

The Company have re-organized their business with a view to accommodate Oil Men in every part of the Oil Region. They have employed the most efficient Agents and Assistants that can be procured for the business. Each Torpedo is labelled with date of patents, together with the price of the Torpedo, and signed by an officer of the Company, so every Operator wishing a Torpedo may know its price and whether it came from our office. Operators will confer a favor by reporting to this Office any unlicensed persons who have been appointed Agents and Assistant Agents for the Oil Region of Pennsylvania and West Virginia.
