COLUMBIA FARM ITEMS—NEW WELL, &c

Well No. 106 was completed a few days ago, and is pumping nine barrels per day. Owned by the Columbia Oil Company of Pittsburgh. This is the third well completed on the farm within a short time past, all of which have proved good paying investments.

No. 13, large boiler, is now in running order, and several wells are being pumped. It also furnishes sufficient steam for drilling two new wells.

Drilling commenced on Nos. 108 and 109, new wells, a week or two ago.

Work has commenced on the new church to be erected on the farm. It is to be built by subscription alone, and when completed will be free for all. With their accustomed liberality the Columbia Oil Company donated \$400 towards the good work. The agent of the Boston Tubing Works subscribed \$100, and other friends and visitors to the farm also subscribed liberally. The balance of the amount needed will be made up among the workmen on the farm.

The Times says: "The happiest people in Chicago just now are those who have laid up their treasures in heaven." The same has been said of Sodom; but when they raked the old burg with a fine-tooth comb, they couldn't find five; and about the same number, we expect, would constitute the happy people of Chicago, if the Times is correct.—Titusville Courier.

If that's all the good people there is in Chicago and Sodom, there can't be any in Titusville, unless, perhaps, "early piety" of the Courier can be counted in. The Jamestown Journal appears to think that there never was much "early piety" displayed in the Courier establishment, and he ought to "know how it is yourself." Brother Sloan, sing on!

New Well.—A new well was struck on the Mill Farm, Shamburg, on Thursday night, which is yielding 30 barrels per day and increasing. It is owned by our townsmen, Messrs. Winsor Bros., the well known hardware dealers. The Winsor well is located in the immediate vicinity of the Williams well, struck some weeks ago and which yielded for some time nearly 200 barrels per day. We congratulate the Messrs. W. on their good fortune.

The large iron tank at Parker's Landing, belonging to the Parker & Karns Pipe Company, was struck by lightning night before last, and burst out. About two thousand barrels of oil were burned. The tank collapsed and is entirely ruined.

The Hibernian Minstrel Troupe Band is quoted some very fine music on the street, and for sale.

On Friday evening Nov. 10th, D. R. Locke, (Nashy,) is to lecture at Sobel's Opera House, under the auspices of the Young Men's Christian Association of Petroleum Centre. His subject is—"The Mission of Skinenoyh." The following is a sketch of the lecture:

I.—A short account of the Indian mode of life, by one best fitted to give it, as he knows nothing about it.

II.—Skinenoyh, a noble red man, desirous to see for himself the superiority of the white men, determines to go among them.

III.—The way the Comanches raised funds to send him, viz:—Fairs, Tableaux, Entertainments, &c

IV.—He strikes civilization at Kansas, and gets some ideas from land agents.

V.—He investigates grain gambling at Chicago

VI.—Business in New York.

VII.—Politics in the rural districts.

VIII.—Society in general.

IX.—A comparison of the Comanche girl and the pale-faced girl.

X.—A general comparison of the merits of the two peoples.

XI.—He balances accounts, and decides that instead of endeavoring to make the Comanche like the white man, it would be better to make the white man like the Comanche, and goes home a wiser and sadder Indian.

XII.—Moral reflections!

A fire in the woods near Oil City, yesterday, done considerable damage.

Mrs. Van Syckle, who was so badly beat by her husband, at Titusville, recently, is in a fair way of recovery. The case against the husband has been dropped.

TEACHERS INSTITUTE.—The Venango County Teachers' Institute holds its annual session at Rouseville, commencing Nov. 6, at 1:30 p. m., and closing Friday evening. Among the instructors and lecturers engaged are Mrs. Stetson Logee of Philadelphia, Miss Flora Parsons of Rochester, N. Y., Prof. S. R. Thompson of West Virginia State Normal School, Rev. G. P. Hays, D. D., President of Washington and Jefferson College, Prof. J. J. Steadman, Principal of Carrier Seminary, Rev. R. Brown of Rouseville, and Prof. A. Stevens of Philadelphia. All friends of education are invited to attend. Free return tickets will be furnished to members of the Institute who come over the O. C. & A. R. R., A. V. R. R., or J. & F. R. R.

SWORN IN.—The new County Commissioner, James P. Riddle, was sworn into office on last Thursday, Mr. John Davison retiring.

The famous Hibernian Minstrels give one entertainment only at the Opera House, this evening. The company comes here well recommended as a first-class organization and we hope to see a crowded house.—The programme is new, select and original, and cannot fail of affording infinite amusement to those in attendance. Give them a crowded house.

HUGH APPLES.—Mr. J. W. Thompson, dealer in groceries and vegetables, has laid on our table several of the largest apples we ever saw. They are known as Twenty-Ounce Pippins, and came from the vicinity of Cleveland, Ohio. One of the specimens left with us weighed twenty-seven ounces, and measured sixteen inches round the middle. Mr. T. has several barrels of these apples at his store, and we would advise our citizens to call in and secure a "specimen copy" at least.

Moose & Armstrong continue to receive large quantities of flour, feed grain, &c.

Messrs. Fisher, Norris & Co. presented "Dutch Henry" with a new suit of clothes as a reward for extinguishing the fire which broke out in the rear end of their machine shop, on Sunday morning last. Hank feels exceedingly proud of his new clothes.

Season Tickets for the Y. M. C. A. course of lectures are going off rapidly. A few more are left. They can be procured at the P. O. Newsroom, Thompson's grocery store, or of Mr. J. M. Diekey.

The clerk of the weather could not have sent the copious rain of last night in a more opportune season. It will cause the starting up of a number of wells that have been temporarily shut down for some time past for want of water to run the engines.

The Good Templars' District Convention, composed of delegates from Lodges in the counties of Erie, Warren, Venango, Crawford, Cameron and Forest, met in Tidououte on the 17th instant, and continue in session two days. After transacting the business necessary, a series of resolutions pledging themselves to the National Prohibition Platform and censuring the scoundrels of the order who obstruct its objects in the interests of politicians, it adjourned to meet in Oil City in April next.

A San Francisco girl worth \$500,000 has married a Chagman.

ALMOST A MURDER.—On last Saturday evening a man named Wm. Brown, aged about fifty years, and a young man named Sutley, residing in Jackson tp., this county, and heretofore good neighbors, had a quarrel which was ended by Sutley stabbing Brown with a pen-knife in the back, immediately under the right shoulder blade, penetrating the right lung. The history of the affair as related by a son of the injured man is as follows: On the day mentioned above, Brown and Sutley were in this city, on business, the former on horseback. Brown returned on foot, and after dark Sutley rode up to Brown's house, apparently in an intoxicated condition, and commenced jumping his horse over the garden fence. Mrs. Brown and another lady came out and remonstrated with Sutley against his actions, when he insulted them in the most outrageous manner. Mr. Brown then appeared, and after a few words, the two men commenced fighting. The ladies interfered and had succeeded in pulling Brown away, when Sutley stabbed him in back. Brown was conducted into the house and Sutley left. Physicians were promptly summoned, and latest reports hopes were entertained of Brown's recovery.

On Monday Sutley came to this city and gave himself up and a hearing was had before Justice Dalley, and the prisoner remanded to jail.—Venango Citizen.

The Chicago Tribune says a sketch of the doings of the post-office in connection with the fire in that city would not be complete without a notice of the office cat. This notorious feline may or may not have had a name; at any rate it is not known. She (or he) had been once burned out, and was therefore in a measure prepared for the calamity. On the night of the fire the cat was present and assisted in the removal, though she did not go herself. Nobody invited her, and she was too much of a public spirited employe to go without permission.—When the work of removing the ashes was in progress the tearing away of a portion of the ruins revealed the faithful public servant in a pail partially filled with water.—She had rented this as temporary quarters, and apparently enjoyed the cool shelter which it afforded. From her position it appeared impossible that she could have gone away and returned after the fire, and so she may be set down as the only living being that passed Sunday night and Monday in the burnt district.

A Chicago young lady writes to her lover, postponing the wedding a year, and remarks that he would be surprised to see her after the fire, from which she emerged with a wardrobe consisting of one pair of pantaloons, one slipper and a water-proof. After that suit the youth failed to press his. He, too, is a Chicago sufferer.

They tell of a Chicago lady whose husband was worth \$250,000 before the fire, and who traveled last summer with Saratoga trunks; now all she has left was saved in two barrels. This case doesn't strike us as being so desperate as some others. Retailers at twenty cents a drink, those two barrels will furnish a right nice start.

The citizens of Scrubgrass sent to the Chicago Relief Committee of Pittsburgh the sum of \$166.

The barn of Wm. Creise, Forward township, Butler county, was burned, with a good stock of grain, a few nights ago.

Mr. James Foster, of Oakland tp., lost his barn and the contents by fire on last Saturday night. Cause of fire unknown.

The intelligence from portions of the West recently desolated by fire in the highest degree distressing. Our latest advices represent that fifteen thousand people in Michigan are homeless, and that the fire is still raging in some localities. There is an urgent call all the aid that can be rendered.

We have encouraging news from Chicago. The heavy merchants give notice that they will be ready to supply orders for goods in a few days. Hotels, banks, railway depot and great stores are in the way of reconstruction. If large sums of money are going to Chicago it is certain that large sums will also come out, for her payments are to be heavy. In a short time the regular channels of trade and of money transactions will be restored. If the world was appalled by the startling calamity, it will be astonished by the rapid revivals.

The "King of Terrors" seems to have no terror for Mario, the jolly "King of Tenors."

The crop of planets is quite large this year. Another has been discovered by a Spanish astronomer.

The citizens of Griffin, Ga., are in a peck of trouble because they only get a dozen potatoes in a bushel.—[Boston Post.

New Hampshire, it is said, possesses a real curiosity in the shape of a Congressman who refuses to frank his wife's letters.

Next Sunday is to be observed in Chicago as a day of fasting, humiliation and prayer.

Drilling Jars

We would respectfully announce to our customers and the public generally that we keep constantly on hand

Last Steel Drilling Jars!

Which for Strength and Durability exceed any Steel Lined Jar heretofore in use.

The Advantages we Claim

Over Lined Jars are that, being ALL STEEL, they are stronger than Jars composed partly of iron, that resending a Steel surface to the rock, they are protected from wear on the outside, and will keep their shape longer.

We also keep on hand Cast Iron Working Barrels.
