### ACCIDENT.—On Saturday afternoon last,

Mr. John Vincent, of the Brown farm, met with a severe accident. He had engaged a lady friend to attend a party with him, and was riding down Brown farm hill in a single buggy, when the horse became frightened at the steam escaping from an engine and ran away, throwing Mr. V. violently to the ground, fracturing his right thigh and otherwise bruising him. The lady jumped from the carriage, and providentially escaped without injury. The fracture was set by Dr. Sutherland, and the patient is as comfortable as can be expected under the circumstances. It is almost a miracle that both were not instantly killed, as at the point where the horse ran away, the hill is very steep and rugged.

### Parties desiring Sweet Cider fresh from the press, by the quart or gallon, can procure the article cheap, by calling at Mease & Armstrong's feed store.

### BUSINESS CHANGE.—Messrs. Johnson & Roberts, of Petroleum Centre, have purchased the grocery store of A. K. & W. O. Wing, at Tarr Farm, and will hereafter conduct the business at that place. Mr. Johnson has long been connected with the grocery house of O. F. Schonblom, in the capacity of book-keeper, and has always given the utmost satisfaction to his employers and the customers of the store. Mr. Roberts is also an old grocer and thoroughly versed in the business. We take pleasure in commending the new firm to the good people of Tarr Farm, as being honorable and upright dealers, and hope they will receive a liberal patronage.

### We present to-day our usual monthly oil report. It will be found full and complete and the figures may be relied upon as accurate. Extra copies can be procured at the office.

### The weather is mild and springlike to-day

George Part and "Dutch Henry" held a "syndicate," this afternoon, which resulted in Henry tapping George on the head with woman's weapon—a mop handle—inflaming a severe wound which bled profusely whiskey was the cause of it.

### ALTHOUGH WELL.—The Altob oil well, near Mill Creek, south of the Buffalo Road, has been idle for some time. On Thursday the parties commenced pumping it out, and within twenty-four hours had ten barrels of oil. It is heavy lubricating oil, and is the most valuable in the market.—Erie Dispatch.

### Putting up that dusty stove pipe is in order. The man who can connect a half dozen lengths of stovepipe without giving his tongue a holiday, is a fit subject for translation.

## MONTHLY OIL REPORT.

Below will be found our usual monthly oil report for the month of October. The production shows a falling off of 59 barrels per day since the month of September. The McCray farm exhibits a decrease of 19 barrels per day; Central farm 11 barrels; Hyde & Egbert farm, 7 barrels; Woods farm, 4 barrels; Datzell farm, 10 barrels, and several other farms also exhibit a slight decrease in production. The largest increase is on the Brown farm—17 barrels per day.

The total average of the several farms, and tracts as given in our table, shows a daily production of 1,610 barrels.

Developing is almost at a stand still in the immediate vicinity. A new well is nearly completed on the Central farm; one on the Hyde & Egbert; one on the Espey farm.—On the Cornen & Beers farm three or four new wells are going down. The usual amount of development is being done on the Columbia farm.

On Cherrytree Run oil matters are very lively at present. New wells are going down on the Reed, Dempsey, Brown, Lake and other farms, and on the Metropolitan and Osborne tracts. Considerable difficulty was experienced during the month owing to the scarcity of water wherewith to run the engines. The production during the month would undoubtedly have been much larger had the wells been pumped continually.

The Moffatt farm, owned by the Central Petroleum Co., and lying beyond the Brown farm, promises to be good territory. The Company have one well pumping and two drilling on this farm.

On the first day of the month there was in iron tanks at this point 141,730 barrels. This includes all the oil in tank at this point.

During the month the shipments from this point of crude and refined oil was 26,385 barrels, against 33,691 during Sept., a decrease of 7,306 bbls.

Included in our report will be found a table of the amount of oil held in iron tankage by Mr. Jas. S. McCray on the first of Nov. The first of Oct. the amount held by him was 133,934 barrels, and the first of Nov. 130,082 barrels—a decrease of 3,852 barrels, principally caused by shrinkage.

The farms and tracts where the production is given from actual measurements are marked with a star; all others are estimated:

The Tidoute Journal thus sticks sharp sticks at the county seat: Warren's liberality—Cash contributions to the Chicago sufferers: \$000 00

Total \$000 00

The Tidoute Journal is good on statistics.

An exquisite transparency may be made by arranging pressed ferns, grasses and autumn leaves on a pane of window glass, lapping another pane of the same size over it and binding the two edges with ribbon—saving the group imprisoned within.

The "Chicago sufferers" is becoming numerous.

One of the obituary architects last week called an innocent girl who had died a "bullet." His measure ought to be taken at once.

The prices paid by Robert Bonner for the collection of renowned horses which his stable contains, are stated by a gentleman, who is said to have received his information from his (Bonner's) own lips, to be as follows: Dexter, \$33,000; Pocahontas, \$45,000; Peerless, \$45,000; Lantern, \$10,000; Bruno, \$25,000; Ed. Everett, \$20,000; Joe Elliott, \$10,000; Lady Palmer, \$5,000; Starr, \$20,000; Flatbush Maid, \$35,000.—Total, \$278,000.

The faithful dog of a lately deceased Indian has made several endeavors to bury himself in the grave of his master.

## NOTES OF THE DAY.

Cardington, Ohio, wants a female Mayor. A shower of winged ants fell in Pennsylvania.
