**RHEUMATISM
NEURALGIA**
\$5000 WILL BE PAID.

To any person possessing any medicine able to show one third as many living, permanent cures as Dr. Filer's Vegetable Rheumatic Remedy; and further reward of \$100 for any case of Chronic or Inflammatory Rheumatism, Neuralgia, Rheumatic Arthritis, Sciatica and Rheumatism of the kidneys it will not cure. The Rheumatic Syrup is used inwardly only, pleasant to the taste, and guaranteed free from injurious drugs. It is not a quick medicine, but the scientific prescription of Dr. Filer, M. D., Professor of Toxicology and Chemistry graduate of the celebrated University of Pennsylvania, A. D. 1853 whose entire professional life has been devoted to this disease. This prescription under solemn oath is conscientiously believed to be the only positive, reliable, infallible specific ever discovered. The proof that no other specific exists is found in every community in persons afflicted for many years and still suffering. If physicians could cure it, if a specific did exist, this would not be so—a fact that must be universally admitted. The oft-declared superior may wisely ask, what security or evidence has he that Dr. Filer's Rheumatic Syrup will cure his case. The protection offered to sufferers against imposition is in legally signed contract which will be forwarded without charge to any sufferer sending by letter a description of their ailment, together with the exact number of bottles warranted to cure, and in case of failure the money paid will be returned to the patient. No other remedy has ever been offered on such liberal and honorable terms. Medical advice, with certificates from prominent physicians, clergymen etc., who have been cured a far all other. Afflicted cordially invited to write for advice to the principal office, 59 South Fourth Street, Philadelphia, Pa. Dr. Filer's Rheumatic Syrup is sold by druggists.

Drilling Jars
We would respectfully announce to our customers and the public generally that we keep constantly on hand
Cast Steel Drilling Jars!
Which for Strength and Durability exceed any Steel Lined Jar heretofore in use.
The Advantages we Claim
Over Lined Jars are that, being ALL STEEL, they are stronger than Jars composed partly of iron; that resisting a Steel surface to the rock, they are treated from wear on the outside, and will keep their shape longer.
We also keep on hand
Cast Iron Working Barrels.

ROBERTS' PETROLEUM TORPEDOES.
THE ROBERTS' PETROLEUM TORPEDO CO.
Office at the
RED PLANING MILL,
Cor. of Pine and Second Streets,
(Near the Railroad.)
TITUSVILLE, PA.

Owing to the large and increasing demand for the Roberts' Torpedoes, and the late decision of the Commissioner of Patents in refusing to Wm. Reed a patent, and the decision of Judge P. C. Greer sustaining the Roberts' patent they have LOWERED the price of their Torpedoes.
TWENTY PER CENT.
So that every Operator can afford to try a Torpedo before abandoning a Well.
The following is the decision rendered by Judge Greer on the twenty-second (22) day of September, 1893, in the United States Circuit Court at Philadelphia. The case was argued three days by Charles M. Keller of New York, B. F. Lucas and S. A. Furman of Pittsburgh, for defendants, and George Harding of Philadelphia, and George M. Christy of Pittsburgh, for plaintiff.

OPINION OF JUDGE GREER.
As I write with difficulty I can only state the conclusions to which my mind has come after a careful examination of this case.
The complainant has exhibited a patent dated 25th of April, 1893. This is prima facie evidence of a good title, and puts on the respondents the burden of proof that the patent is void or worthless.
I need not repeat my remarks in the case of Good year vs. Day (2 Wall, C. C. Rep. 225), but we adopt them as affording a rule of decision which applies clearly to the present case.
As the infringement of the patent is admitted, the only question will be as to the validity of complainant's patent of April 25, 1893.
"I was after speculation had been reduced to practice," and after repeated experiments, that the complainant succeeded in overcoming the prejudice and ignorance of the people on the subject, and persuading the public that his invention was well adapted to their needs and needs, and was a complete success, that Reed, who had before made experiments on the same subject, and was unsuccessful, and after purchasing one or more complainant's torpedoes, he applied on the 1st of November, 1892, for a patent for substantially the same combination of devices and machines contained in complainant's patent. On the 15th of the same month the respondents from the same cause, a company or corporation called "The Reed Torpedo Company," for the purpose of printing the complainant's invention, and supporting the expense of litigation, and thus defraud him of the fruits. They have passed, even after the preliminary injunction was properly granted by the District Judge.

CAUTION.
The subjects patented against, employing 27 in the regular, authorized Agents of the Company, since the Roberts' Patent cover the use of the Torpedo and all explosive materials for oil wells, and the use of such materials by other parties is a direct infringement of their rights. Any parties infringing any of the ROBERTS' PATENTS will be dealt with according to law, and as acting willfully and knowingly in defiance of law and the decision of the Courts.
The Company have re-organized their business with a view to accommodate Oil Men in every part of the Oil Region. They have employed the most efficient Agents and Assistants that can be procured for the business. Each Torpedo is labeled with date of patent, together with the price of the Torpedo, and signed by an officer of the Company. Every Operator wishing a Torpedo may know its price and whether it came from our office.
Operators will confer a favor by reporting to this Office any negligence of Agents.
The following named persons have been appointed Agents and Assistant Agents for the Oil Region of Pennsylvania and West Virginia.
