The barbarity of corporal punishment in  
schools is attracting attention. There are  
some pedagogical Solomons left yet, who  
with the Bible in one hand and a birch  
stick in the other, chant the refrain: "Spare  
the rod and spoil the child," but that race is  
giving way to men and women who have  
more music in their souls. In Washington  
we notice the introduction of a resolution re-  
quiring that corporal punishment shall not  
be administered during school hours, nor in  
the presence of the scholars; that when in-  
flicted it shall be in the presence of a second  
teacher, &c. Throw such guards as those  
around the whip, and it will soon cease to  
be a terror in the school room, for postpone-  
ment of a whipping, giving the teacher's  
blood time to cool, and the presence of a  
fellow teacher where the whipping is ad-  
ministered, will banish corporal punishment  
to the prize ring, where it belongs.

**CHERRYTREE OIL ITEMS.**—A new well  
was struck on the Big Tank Farm, Cherry-  
tree Run, which started up at the rate of  
60 barrels per day, but rapidly fell off, and  
yesterday was yielding 10 to 15 barrels per  
day. The well is a small hole and not cas-  
ed, and when torpedoed, as is usually done  
in wells on that territory, will probably  
prove a twenty-five or thirty barrel well.—  
Owned by Marston & Shreve, of Oil City.

A new well was struck on the Harper  
tract, about a week ago, which is yielding  
six barrels per day. Owned by G. Harper,  
of Alleghenian Oil City.

On the Moffatt farm, owned by the Cen-  
tral Petroleum Co., one well is down and  
yielding 7 barrels per day.

The Company have the rig up for another  
well, on the same farm, and will soon com-  
mence the work of drilling.

Our townsmen, Mr. Vic. Greter, has taken  
a lease on the Moffatt farm, and has the  
engine house and rig up for a new well.

Mr. G. Harper has a ten-acre lease of the  
Morrison farm, lying between the McKiwee  
farm and Barber tract, on which he has four  
wells going down. This is considered good  
territory.

Marston & Shreve, of Oil City, own a  
tract of land in fee simple, on Wyckel Run,  
and will soon commence a well.

A lease has been taken on the Duncan  
farm, Wyckel Run, just above the old saw  
mill, and grading is being done preparatory  
to building the rig for a new well.

Several wells will soon be started on the  
McKiwee farm.

Developing is looking up in that vicinity,  
and promises to be lively this winter and  
next spring.

Wyckel Run is comparatively new terri-  
tory, and bids fair for any number of small  
wells.

The New Orleans roughs give thanks be-  
cause Mace and Coburn are to pumpel one  
another here on Thanksgiving Day.

**CASH UP.**—The new oil town of Cash Up  
is going ahead with great rapidity. Scores  
of buildings are being removed from Pitohole,  
and other neighborhoods, and transplanted  
in the new petroleum Mecca. The Mc-  
Laughlin well was on Saturday doing plump  
200 barrels. Before McLaughlin and Han-  
cox drilled this well they had put down  
twelve wells for other parties, meeting with  
success in each instance. This was their  
first venture on their own account. The  
land interest which belonged to Brown Bros.,  
was purchased, as we have before stated, by  
Dr. Shamburg for \$40,000, and occupies five  
acre lease. Dr. S. has also bought one-  
half of the McLaughlin well for \$24,000.—  
Messrs. Laughlin, Hancox and Shamburg  
are now sinking a new well on the same  
lease, distance six or seven rods from the  
above well.

The Holmes and Brown well No. 1, which  
has been torpedoed, is now barreling ninety  
barrels per day. H. and B., No. 2, is do-  
ing twelve barrels.

Messrs. Chase and Collins, of Titusville,  
are sinking one well on the Switzer farm,  
and one on the Harsh lease. These wells  
will be finished during the ensuing month  
and good results are anticipated.

From fifty to sixty new derricks may be  
counted within an area of one hundred  
acres. If the prediction of experienced op-  
erators may be relied upon Cash-up is bound  
to rival Pitohole in its palmiest days.—[Ti-  
tusville Herald.]

An enterprising Detroit man is taking  
orders for the delivery of buckwheat cakes  
to families for breakfast. The cakes are to  
be furnished cheaper than they can be man-  
ufactured at home.

In Butler County, Missouri, a few days  
ago a man named Dyer slipped up behind  
James Trotter and cut off his head with a  
clever. Of course James became a Dyer,  
and Dyer trotted off as fast as his legs would  
carry him.

A Louisville lady was relieved of a tumor  
weighing twenty-one pounds by the op-  
eration known as ovariectomy, a few days  
ago. The most remarkable feature of the  
case is that the patient took no anesthetic,  
but was perfectly conscious throughout.

An elderly spinster wrote to a friend "A  
widower with ten children has proposed,  
and I have accepted. This is the number  
I should have been entitled to if I had been  
married at the proper time."

"Maek," of the Chicago Republican, is  
\$40,000 out of pocket by the fire, but he  
will have his joke notwithstanding. What's  
the difference, he inquires, between Theo-  
dore Thomas and Nero? Why, Nero fidd-  
led while Rome was burning, and the  
Thomas gentlemen roamed while their fidd-  
les were burning.

The poet of Chicago Post gets off the fol-  
lowing:

A tinker and a tailor,  
A soldier and a sailor,  
A newspaper reporter who couldn't get  
his pay;

Bank messengers and tellers,  
And a host of other fellows,  
Are now carpenters at \$5 a day.

The Wizard well owned by Messrs. Woods,  
Ripley and Moorhead, is now flowing be-  
tween fifty and sixty barrels a day.

A swell among flowers—A dandelion.

Proof positive. Good young lady—"Lit-  
tle boy, have you ever been baptized?"  
Small heathen, "Ob yes, mum; I've the  
marks here on my arm!"—[Judg.]

On Saturday next, Dan Crocker, prop-  
rietor of the Kane City Hotel, will celebrate  
by holding a grand turkey shoot and raffle.  
As Dan never does anything by halves it is  
safe to predict a jolly time and lots of fun.

The new Roberts brick block, at Titus-  
ville, fell with a fearful crash, last night,  
crashing in the adjoining building occupied  
as a shoe store by J. H. Whaloo, and killing  
his little son.

The engine house at McCray Bros. well,  
J. S. McCray farm, was destroyed by fire  
on Saturday last. The fire was occasioned  
by a sudden volume of gas setting back into  
the fire box and causing an explosion. Loss  
not heavy.

It is to be hoped the report of the small-  
pox committee, published in yesterday's pa-  
per will set at rest the idle stories reported  
in regard to the prevalence of that disease  
in this community. There is not a single  
case either in the town or neighborhood.

Conundrum intended solely for those who  
are well up in Muscovite court gossip: Why  
is the Czarine Catherine like a bald-headed  
person? Answer: Because her hair is Or-  
loff.

Charleston is rejoicing in a "sharp frost,"  
and the consequent disappearance of the  
yellow fever.

In view of the demand for female suffrage  
(says the Boston Commercial Bulletin,) it is  
proposed that the following political catechism  
for ladies desirous of entering the  
arena of politics be propounded, for answers  
to all candidates:

What is the best reasoning for ballot-box  
stuffing?

In opening a marking list would you use  
silk or worsted?

Do you consider the election-eering the  
jewelry of the campaign?

Would you measure the canvas of a ward  
by the yard?

Is it "measures not men" that you desire?

Do you consider caucuses Irishmen from  
Cork?

Would you stand up to vote a motion  
down?

Would you propose must or cologne  
when the scents of the meeting was called  
for?

Ought a chip hat to be worn in log rolling  
for an election?

Are you too modest to press the question?

Are you familiar with the music of politi-  
cal organs?

How old must a woman be to be entitled  
the right to suffer age?

What sort of a vehicle is a political hack?

Are good teeth requisite for stump speech-  
es?

Do you believe in the doctrine, "To the  
victors belongs the spoils," and if so, do you  
consider a man spoils in political life?

Would you sit on a standing committee?

Would you insist on having your weight  
when the vote was declared to be a light  
one?
