(Near the Railroad,)

TITUSVILLE, PA.

Owing to the large and increasing demand for Roberts' Torpedoes and the late decision of the Commissioner of Patents in refusing to Wm. H. Roberts a patent, and the denial on of Judge [illegible] C. Court in sustaining the Roberts' patent they have LOWERED the price of their Torpedoes

TWENTY PER CENT.

so that every Operator can afford to try a Torpedo before abandoning a Well.

The following is the decision rendered by Judge Grier on the twenty-second (22) day of February, 1869, in the United States Circuit Court at Philadelphia. The case was argued three days by Chas. M. Kelley of New York, B. F. Lum and [illegible] of Pittsburgh, for defendants, and [illegible] Manning of Philadelphia, and George H. [illegible] of Pittsburgh, for plaintiff.

OPINION OF JUDGE GRIER.

As I write with difficulty I can only state the conclusions to which my mind has come after a careful examination of this case.

The complainant has exhibited a patent dated 25th of April, 1865. This is prima facie evidence of a good title, and puts on the respondents the burden of proof that the patent is void or worthless.

I need not repeat my remarks in the case of Burdell vs. Denig (2 Wall. U. S. Rep. 258,) but adopt them as affording a rule in deciding the present case.

As the infringement of the patent is admitted, the only question will be as to the validity of the complainants patent of April 25, 1865.

[illegible] was after specimens in bottles [illegible] practice and after repeated experiments the complainant succeeded in overcoming the prejudice and ignorance of the people in the oil regions, and introducing his invention generally. [illegible] after he had established its great utility and value when his genius and patient perseverance in spite of adverse circumstances, were crowned with success, that Reed, who had before made [illegible] on the same subject and was aware of [illegible] and after purchasing one of more complicated pieces, he applied on the 1st of March, 1865, for a patent for substantially the same combination of devices and machines as [illegible] patent. On the 18th [illegible] re-instituted formed the interference in the case now before the Court, a motion called "the Lord for decision" for the purpose of putting the complainant to answer the oath, were complied with, and after [illegible] and [illegible] and [illegible] and
