REMOVAL.

The office of the Daily Record has been removed to the building situated four doors below the late location, directly opposite the McClintock House, and next door to Odd Fellows Hall. Our friends are invited to call and see us.

Bergmann's Automatic Wonder continues to draw crowded houses during the day and evening. As this is positively the last day and evening the Wonder will be on exhibition in this place, we would advise our citizens to pay it a visit. It is well worth the price of admission, and those who fail to see it will miss a rare treat.

Court Statistics.

From the records of the District Attorney's office we take the following facts, showing some of the business done during the last six years under the administration of Sam'l B. Myers, Esq., who has just retired:

During the period named 1,900 bills have been passed upon by the Grand Jury, 1,000 of which were tried. The remaining 900 were either settled or ignored, or are still standing because the parties were never arrested.

The liquor fines, which go to the several school districts in the county, amounted to nearly \$21,000, all of which has been paid into the Sheriff's hands except a small portion lost by the fined parties taking the benefit of the insolvent laws. The fines going to the county amounted to \$8,660, some of which was lost by the same reason. Amount of fines going to Overseers of the Poor, \$665.

There were, in these six years, 113 persons sent to the Penitentiary, 149 to the County Jail, 7 to the House of Refuge, and 1 to the Insane Asylum. The last criminal court was the only one in six years that did not send any delegates to the Penitentiary.

The record shows, we believe the largest amount of liquor fines imposed by any one county in the State, and, outside of Allegheny county, gives as the largest number of prisoners sent in the time specified to the Western Penitentiary. Neither one of the items "do us proud," as a community, but they are business and demonstrate that our Courts attend strictly to business.

Gen. Judson Kilpatrick, will deliver his celebrated lecture entitled, "Sherman's March to the Sea," at Sobel's Opera House, on Saturday, Dec. 23rd. Of course there will be a crowded house to hear the gallant General.

Bergmann's Automatic Wonder - last night. Go and see it.

Petroleum Centre Items.

We are pleased to learn that Mr. George W. Wilson, who it will be remembered was stricken with paralysis some weeks ago, is slowly recovering. His physician has strong hopes of his ultimate recovery.

Oil creek is entirely frozen over at this point, for the first time in five years.

The new church on the Columbia farm, if nearly ready for occupancy. When completed it will be an ornament to the farm, and reflect credit on the generosity of the Columbia Oil Company through whose means it was constructed.

The recent striking of a new well on the Egbert farm is likely to cause considerable excitement in oil matters on that farm.

Bergmann's Automatic Wonder takes "hugely" with all classes, and is crowded day and night. It will remain on exhibition to-day, and at Oil City to-morrow.

A report has been prevalent for several days that several cases of small pox exists in the village. We are assured from competent authority that there is no foundation for the report.

Great scarcity of water prevails in the neighborhood, consequently many wells are shut down temporarily.

Christmas is coming, and as usual our merchants are laying in large supplies of holiday goods.

The work of grading for the new Warren and Venango railroad continues at a lively rate despite the extremely cold and unfavorable weather.

The old Coquette well, at one time the wonder of the entire oil region, still continues to yield twenty barrels per day. Could the history of this well be written it would form a romance almost equal to the Arabian Nights, and far superior to Sylvanus Cobb's last Ledger story.—Titusville Courier.

LECTURE AT PLUMER.—On Friday evening last, Captain W. W. Gray, of Titusville delivered his lecture—"Gleanings by the Wayside of Life"—at Plumer. There was quite a large audience in attendance. At the conclusion of the lecture Captain Gray paid a deserved tribute to the character of Rev. N. Robinson, Presbyterian clergyman at Plumer. Mr. Robinson has a very large family, and receives but a small salary, barely sufficient to enable him to get along. Captain Gray suggested that a contribution be taken up for the benefit of Mr. Robinson. This was done, and about two hundred dollars were raised. This sum it was determined to lay out in procuring Mr. R. a life insurance policy. An application was accordingly made for a five thousand dollar ten-year life policy in the "Excelsior" company. The two hundred dollars raised at the lecture are to be applied toward paying the first yearly premium, Messrs. A. S. Prather and Wm. McCray with their accustomed generosity, making up the balance.

At the conclusion of Captain Gray's lecture the party adjourned to the Plumer house, kept by Washington A. Den, Esq., where a sufficient number of oysters were opened to satisfy "Uncle Billy's" delicate appetite.—Titusville Courier.

The ice on Oil Creek presented quite an animated appearance on Saturday evening last, between the Egbert and Boyd farm bridges, being lighted up with lanterns and torches, and crowded with "gallant swains" and gentle dames" on skates, all enjoying themselves to the fullest extent.

Mr. Frank Wilkins, well and favorably known hereabouts, has been appointed to the position of clerk at the McCray House. We congratulate Mr. Blackman on securing the services of so competent a gentleman as Frank.

Two high-fingered gentlemen, named Charles Kennedy and Fred. McComb, laborers on the Warren & Venango Railroad, were arrested yesterday by officer McHugh, charged with burglary and larceny in breaking into the liquor store of Mr. P. Mulligan, on Washington street, and stealing \$8.00 in money and two boxes of cigars. They were confined in the lock-up over night, and this morning were brought before Justice Reynolds, who, after hearing the testimony, held them in the sum of \$500 each to appear at Franklin to answer the charge.—Failing to procure the requisite "collateral security" the "festive couples" are this form now ornaments to the county jail.

The Titusville Sunday Morning News has recently received a valuable acquisition to its editorial staff in the person of Mr. A. E. Fay, who has become a member of the firm. The News under its present management is a live Sunday paper, and should command a liberal support from the people of Titusville. Those of our citizens who desire a live Sunday paper, filled with entertaining reading, should subscribe for the News.

Messrs. Crane & Francis, have purchased the interest of Griffes Bros. in the drug store located on Spring street, next door to the American Hotel, Titusville, and will hereafter conduct the business for their own use and behoof. Our best wishes attend the retiring members of the firm, and also our continued appreciation of the new management.

The French budget of finance by Minister Poyer Quartier, shows a surplus of fourteen million francs.

One of the most extraordinary plants of Juneau is one known as the common ball tree. It grows to the height of sixty feet, and its flowers are remarkable for their beauty and fragrance, and contradictory qualities. Its blossoms are of a delicious crimson, appearing in large bunches, and exhaling a rich perfume. The fruit resembles enormous cannon balls, hence the name. However, some say it has been so called because of the noise which the ball makes in bursting. From the shell domestic utensils are made, and the contents contain several kinds of acids, besides sugar and gum, and furnishes the material for making an excellent drink in sickness. But, singular as it may appear, this pulp when in a perfectly ripe state, is very filthy, and the order from it is exceedingly unpleasant.

The surveyors of the Northern Pacific Railroad have finished the surveys of the Yellowstone Valley, and report that they have found a route through it surpassing their most sanguine expectations. Before many years there will undoubtedly be a large and prosperous settlement in that valley. It is said that there is as great an extent of good land there as in the Sacramento Valley.

Mr. Partington says she does wish they would hurry up and pass the Silver Service bill in Washington.

A dun-colored dog, with a very anxious look upon his countenance, daily watches the passengers as they alight from the cars at Peabody, Mass., as though he expected somebody that never comes. The animal belonged to Mr. Ernest S. Merrill, one of the victims of the Revere disaster, and when young Merrill left home for the last time the dog left him at the depot.

CORBURN CLAIMING THE STAKES.—The New York Sun says Corburn claims the fight with Mace on the ground that the referee had no right, according to the rules of the Prize Ring, to declare the battle a draw and the outside bets off. He claims that Mace was beaten, as he was so weak that he would not leave his corner. When the referee called on them to advance and for the scratch, Corburn every time promptly advanced, while Mace always came up reluctantly and then ran back as quick as his legs would carry him. Corburn says Mace seemed to fall in love with his corner, as he fondly kept hugging it throughout the fight. Joe has telegraphed to an old friend that he has challenged Mace to fight him again for \$5,000 or \$10,000 a side, or he is willing to fight him for the money already up. Among those who backed Mace at two to one were the Hon. John Morrissey, Alfred Smith, John Franklin, Charles Ransom, H. Coffe, J. Collins, C. Hinsel, J. Whitebeck, Lee Knight, Jim Edgeworth, C. Walsh, Wally Patrick, Jim Bertbold, Harry Hill and Tom Allen all considered first-rate judges of the manly art. They are all surprised that Corburn proved the better man.

NEW WELL.—A new well was struck on the Reed farm, Cherrytree Run, on Thursday last week, which is yielding ten barrels per day and increasing. It is owned by Messrs. Boynton Bros. and Barcroft, of Columbia farm, who are also the owners of the Reed farm.

The Grand Duke will be at Ottawa Monday afternoon. Reception private. No cards.

Parliament will meet the second week in February.

The transfer to Paris of the French Departments will begin this week.

The Haraness Oil Company struck a new well on the V. O. & C. Co. Tract last week which is now pumping about 6 bbls of 28° oil per day. The well was drilled to the depth of 380 feet in five days. Mr. D. S. Steele is Supt. for the Co.—Volcano, W. Va., Lubricator.
