Drilling Jars

We would respectfully announce to our custom-
ers and the public generally that we keep constantly
on hand

Best Steel Drilling Jars

Which for Strength and Durability exceed any Steel
Lined Jar heretofore in use.

The Advantages we Claim

Over Lined Jars are that, being ALL STEEL, they
are stronger than Jars composed partly of Iron,
and presenting a steel surface to the rock, they are
protected from wear on the outside, and will keep
their shape longer.

We also keep on hand

Best Iron Working Barrels.
