The excursion of the Odd Fellows of this pince and Rouseville to Oll City last evenlog, was a perfect success in every particufar. A special train had been secured from the gentlemanly officers of the O. C. & A. R. B., which left this place at about 7 p'clock, and, t-king up on the way the brethren of the Columbia Farm and Rouseville, together with the famous Columbia Corner Band, arrived at their destination In time to juin Oll City Lodge, No 589. in their opening ceremonies, that being their " regular meeting night." By special invi. tation the members of Complanter Lodge were also present, making in all four Lodges congregated in one ball. The visi tors were welcomed in happy siyle by N. G. Dimond, and as the visit was intened to be for a wholly social purpose, all present, (and the ball was crowded as such balls seldom are), entered fully into the spirit of the occasion. Two or three hours were very pleasantly spent in a manner to be appresiated only by those who have enjoyed such privileges, and it was with difficulty that the N. G. could prevail upon the brothren to adjourn to administer to the wants of the physical man. He finalit saccoeded, bowever, and escorted by their generous hosts, the guests were marched off to the National and American Hoteis, where a collation well worthy of the OI City brethren and the respective hosts o the houses above mentioned, was served up to, and partaken of by the bungry visitors. Supper over, after a few choice pieces of

On Thursday evening last, Jan 25th Rev. Mr. Elliott, pastor of . be Presbyleriau Church at Cherrytree Village, was the recipient of a handsome donation from bis parisbioners and triends in that village and in Petroleum Centre, amounting to upward of \$50 to cash, and presents to the value of \$400 more. Messre. S. M. Irwin and Geo. W. Tarr, of Cherrytree, on behalf of the congregation, made the presentation, and as a matter of course the Rev. gentleman was taken somewhat by surprise, but retort ed in a very banderine little speech. At the conclusion of the presentation, the congregation to the number of 160 Indies and geatlemen, assembled in the church and apent an hour or two in pleasant social intercourse, when the company orparated for their respective homes, each oue feeling that It "was good for them to be there." The Rev. Eiliott has filled the pulpit of the Presbyterian Church in that village in a very acceptable manner for the past three years; is an earnest and devoted "worker in the Master's vineyard," and greatly beloved by his congregation. Such pleasing incidents always tend to strengthen the bonds of friendship and love between pastor and people.

To-morrow (Wednesday) evening, there is to be a grand masquerade and skating tournament, on Oll-Creek, near the Boyd Farm bridge, wind and weather permitting Masks can be procured at Simmons' drug store during the day and on the ice in the evening. Ladies and gents are requested to furnish their own costumes. It is expected the Columbia Cornet Band will be in at tendance during the evening and discourse sweet music. The ice will be well lighted up and the strictest order will be preserved. The managers propose to make this THE affair of the season, and from what we have learned such will prove to be the case. See bills of the day.

The Davenport Brothers Again Exosed.

The optorious Davenbort brothers have seen so frequently detected in their "spiritnal impostures, that they must have become thoroughly accustomed to it by this time; and it is a wonder to us that people still insist on being humbugged by them. The brothers are reported to have met with a warm reception at Ithans the other day -Some students of Cornell University, having seclentific turn of mind, provided then .. seives before going to the place of exhibition with pyrotechnie balls containing pho . phorus, so made as to ignite suddenly with a bright light' During the dark seances, when the Davenports purport d to be, and as the andlence supposed they were, bound hard and foot within their closet or cabinet, and when the guitar was floating in the sir and playing musically around, the aforeenid students struck their lights all of a sudden, and the spirits were found to be no o her than the Davenports themselves, who were dedging about the stage, brandishing the guitars and playing the tunes. The music suddenly cessed, the Committee declared the performance a humbug, and the players departed from Ithaca by the earliest train.

OIL NEWS. -There will not be any wells down on the upper Clarion, for a men t's or two-as drilling is new only about cominen. cing.

A large gas velo was struck in the well drilling at Troutners' in Salem tow aship. and in a short time a strike is expected there.

The well on the Wester farm near Salem, Is progressing favorably.

The Petersburg district is still the center of attraction to oil men, and new strikes are almost a daily occurrence.

A new well on the Ashbach farm, one mile east of Petersburg-near the celebrated Hulings well, which for several months has been pumping 80 barrels a d sy-reached the third sand last week. and a large vein of oil was struck, filling up the hole, and water was poured in to prevent it from flowing. Unfortunately the jars broke and left the tools fast in the well, and thus it wed at last secounts. It is thought this strike will equal the Hulings well.

A well on to Abbey farm, in Ashland township, about one mile north of Mimme, is down about 700 feet, and a heavy gas vein was struck last week, wrbieb throwed water over the derrick. It will have to be drilled two or three hundred feet deeper .-A good well is anticipated. -Clarion Democrat.
