We are informed that a gaug of men num Sering about thirty, in the employ of the Warren & Vesauge Railroad, at Rynd farm, were discharged by the overseer this moraing. They passed through here on the 10:25 train this morning for Tituarille to be paid of. The octansible reason for the disebarge was that the ground was frozen so bard as to interfere with the grading. It looks as if the new railroad was about to go "up is a balloos."

From this room she made her way into the parlor. throwing down and tumbling under foot everything that came in her way. Mis. Lambert aroused ber busband, who arouse, but finding he could do nothing, went for belp.

The con next rushed in to the bedroom where Mrs. Lambert, with a little baby and one child occupied a bed, and another litthe child in a crib in front of it. The enreged animal mounted the bed, but help arrived, but not an instant too soon. The window was raised from the outside, and a neighbor attempted to enter, when the barrel gave him a blow which knocked him back against the fence. The children were
