Mass Meeting at Parker's

There will be a mass meeting of the oil men, at Parker's Landing, on NEXT WED. NESDAY, AT ONE O'CLOCK. By references to the proceedings of the meeting held at Oil City, on Saturday last, it will be seen that the enemy is at work in that locality, and every producer in the oli region should be found at the meeting called on Wednesday next, and aid in taking the proper steps to thwart the designs of the jurking enemy in our midst. General A. B. McCalmont and Hon. C. W. Giffillan, of Franklin, will be present and address , the meeting. The train leaving Titusville at 7:35 a. m. Petroleum Centre at 8:20 a. m., arrives la Oil City in time to connect with the Valley train, and the latter arrives at Parker's in good season for the meeting, and all who desire can return from Parker's ning. The Producers call ur on the entire business community of the oil region to be present. By order of the

E XECUTIVE COMMITTEE.

Elsewhere we publish the call for a mass meeting of the oil producers, to be held at Parker's Landing, on Wednesday next. It appears the emissaries of the enemy, from the isolated position of that district, have gained a foothold therein, and are working much injusy to the good cause. We hope the producers of this section will attend the Parker meeting is a body, and assist in devising ways and means for routing the common enemy: As the good book says, "Let us not weary in well doing," but continue to labor energetically for the defeat of the monopoly that threatens our rule. Attend the mass meeting by all means.

A very pleasant affair came off at the Rochester House, on Friday evening last, on the occasion of the tin wadding of the landlord, Mr. C. E. Blackmon. Charley was presented with many valuable presents in the shape of tin ware of all kinds, together with a purse of money. May he live to enjoy the sugar, wooden, gold, silver and other wedding anniversaries is the wish of many friends.

PETROLEUM CENTRE, March 18. Ma. Erron:-Now that the Petroleum Producers' Association is fully organized and at work, it is highly important that it be sustained by the hearty co-operation of all classes in the oil regions, for all are interested in its success. The professional, mercantile, manufacturing and labering interests, equally with the producers, must stand or fell with the Association "A house divided against itself cannot stand." Vigilance committees, instigating personal violence and overt acts are not needed, and would indeed be a great injury to a good cause. On the contrary, we must cherish a patriotic sentiment that will isolate every agent of the So. Imp. Co. from social rela, tions or business transactions, and let it be understood, the agent once known, can have no friends nor associates; that no man will recognize him even on the streets nor stay in a room with him; that no hotelor boarding house will harbor him; that no one will sell him anything but a railroad ticket to take him away. No person, thus cut off from association with his fellows, finding nothing but silent contempt on every hand will be found so wanting in self respect, as to remain in that anomaleus position a mo-

ment longer than he can get away. What is most needed now is concerted action and feeling. "In Union there is strength."

The following [constitutes the Executive Committe of the Producers Union, appointed by the Local Committees:

First District .--Second District. Wm. Parker. Third District. J. E. Blake. Fourth District. C. D. Augel. Fifth District. Not appointed. Sixth District. L. H. Culver. Seventh District. Wm. Hasson. Eighth District. W. S. McMullen. Ninth District. Henry Byrom. Tenth District. Geo. Boulton. Eleventh District L. P. Walker. Twelfth District. G. Shamburg. Thirteenth District. S. Q. Brown. Fourteenth District. P. Schrieber. Fifteenth District. David Berry. Sixteenth District. E. E. Clapp.

There will be a meeting of the Executive Committee of the Preducers' Union, at Oil City, at 11 o'clock, on Tuesday, March 19th S. Q. BROWN, Pres't.

On. CITY BRATEN .- Wednesday night two men from Oil City were walking up Water street at a rapid galt when they chanced to pass by the animated Cardiff giant of the police force. Turning to his companion, who, by the way, pierces the atmosphere for semething like six feet, one of them said.

"See here, Bob, here's a surlosity; this fellow can beat you for height."

The long man turned about, regarded the lengthy efficer with some serutiny and then, dipping his fingers in his vest pocket, drew forth a "saw-buck" and said:

"Pil go my pile that he den't."

The exiles of Bobdigung backed up to each other and the earth was rent for joy, and the stere turned to a bloody red and coused to twinkle when they saw that Cleveland was an inch nearer to them than Oil City. -f Cleveland Herald.

VITALIZE THE HAIR .- Why does the balt become barsh and dry-wby does it fall out -why does it become gray? Simply because the life bas gone out et it. The fibers draw sustenance from the scalp as the grass draws ailment from the soil, and when the supply of nutriment is cut aff in either case the product withers gand dies. At the first symptom of decay, itherefore, the unfed or half-led roots of the hair should be refreshed and reinforced with Lyon's Kathairon, the only preparation which will nourish the filaments and keep them in a vigorous condition after they have begun to 10,000 suffer from a deficiency of their natural

"Ob I remember the day I was born," was his reply. "The day you were born!" exclaimed one of the young ladies of the party. "Why Jim, what can you remember of that day?"
