

BERTS PETROLEUM TORPEDO CO
TORPEDOES.
THE ROBERTS
PETROLEUM TORPEDO CO.
 Office at the
RED PLANING MILL
 Cor. of Pine and Second Streets,
 (Near the Railroad.)
TITUSVILLE, PA.

Owing to the large and increasing demand for the Roberts Torpedoes, and the late decision of the Commissioner of Patents in refusing to Wm. Reed a patent, and the decision of Judge P. C. Grier sustaining the Roberts' patent they have LOWERED the price of their Torpedoes

TWENTY PER CENT.
 so that every Operator can afford to try a Torpedo before abandoning a Well.

The following is the decision rendered by Judge Grier on the twenty-second (22) day of September, 1869, in the United States Circuit Court at Philadelphia. The case was argued three days by Charles M. Keller of New York, B. F. Lucas and S. A. Purviance of Pittsburgh, for defendants, and George Harding of Philadelphia, and George H. Christy, of Pittsburgh, for plaintiffs.

OPINION OF JUDGE GRIER

As I write with difficulty I can only state the conclusions to which my mind has come after a careful examination of this case.

The complainant has exhibited a patent dated 25th of April, 1865. This is prima facie evidence of a good title, and puts on the respondents the burden of proof that the patent is void or worthless.

I need not repeat my remarks in the case of Good-year vs. Day (2 Wall, C. C. Reps; 229.) but now adopt them as affording a rule of decision which applies clearly to the present case.

The infringement of the patent is admitted, the only question will be as to the validity of complainant's patent of April 25, 1865.

"I was after speculation had been reduced to practice," and after repeated experiments, that the complainant succeeded in overcoming the prejudice and ignorance of the people on the subject, and presenting to the public the invention, was not after he had established its great utility and value, and "when his genius and patient perseverance, in spite of sneers and scoffs," were completely successful, that Reed, who had before made experiments on the same subject, and was unsuccessful, and after purchasing one or more complainant's torpedoes, he applied on the 1st of November, 1867, for a patent for essentially the same combination of devices and machine contained in complainant's patent; On the 15th of the same month the respondents formed themselves into a company or corporation called "The Reed Torpedo Company, for the purpose of pirating the complainant's invention, and supporting the expense of litigation, and thus defrauding him of the fruits. They have perjured, even after the preliminary injunction very properly granted by the District Judge."

Let a decree be entered for complainant for a perpetual injunction; and a Master, appointed to take an account according to the prayer of the bill.
 R. C. GRIER, Judge.

NOTE.—The passage referred to by Judge Grier in his former decision, 3 Wallace, p. 229, adopted as applicable to this case, was as follows:

"It is usually the case, when any valuable discovery is made, or any new machine of great utility is invented, that the attention of the public has been turned to that subject previously, and that many persons have been making researches and experiments. Philosophers and mechanics may have in some measure anticipated in their speculations the possibility or probability of such discovery or invention; many experiments have been successfully tried, coming very near, yet falling short of the desired result. They have produced nothing beneficial. The invention which perfected may truly be said to be the culminating point of many experiments, not only by the inventor, but by many others. He may have profited indirectly by the unsuccessful experiments and failures of others, but it gives them no right to claim a share of the honor of the profit of the successful inventor. It is when speculation has been reduced to practice, when experiment has resulted in discovery, and when that discovery has been perfected by patient and continued experiments, when some new compound, art, manufacture, or machine has been thus produced which is useful to the public, that the party making it becomes a public benefactor, and entitled to a patent."

"And yet when genius and patient perseverance have at length succeeded, in spite of sneers and scoffs, some valuable invention or discovery, how seldom is it followed by reward! Envy robs him of the honor, while speculators, swindlers, and pirates rob him of the profits. Every unsuccessful experimenter who did or did not come very near making a discovery now claims it. Every one who can invent an improvement or vary its form, claims a right to improve the original discovery. We need not summon Morse, or Blanchard, or Wood worth to prove that this is the usual history of every great discovery or invention."

"The present case adds another chapter to this long and uniform history."—2 Wallace, C. C. Reports p. 27

CAUTION.

The public is cautioned against employing any but the regular, authorized Agents of the Company, since the Roberts' Patent cover the use of the Torpedo and all explosive materials for oil wells, and the use of such materials by other parties is a direct infringement of their rights. Any parties infringing any of the ROBERTS' PATENTS will be dealt with according to law, and as acting willfully and knowingly in defiance of law and the decisions of the Courts.

The Company have re-organized their business with a view to accommodate Oil Men in every part of the Oil Region. They have employed the most efficient Agents and Assistants that can be procured for the business. Each Torpedo is labelled with date of patent, together with the price of the Torpedo, and signed by an officer of the Company, so every Operator wishing a Torpedo may know its price and whether it came from our office.

Operators will confer a favor by reporting to this Office any negligence of Agents.

The following named persons have been appointed Agents and Assistant Agents for the Oil Region of Pennsylvania and West Virginia.

- LIST OF AGENTS.**
- TITUSVILLE, CHURCH RUN AND VICINITY—STEPHEN ADOFF, Office, Hamilton's Quartermaster, address Titusville, Pa.; Assistant John Van Servier.

Dr. Crook's WINE OF TAR
 ESTABLISHED IN 1862

A remedy which has been tested for 10 years, and proved in thousands of cases capable of curing all Diseases of the Throat and Lungs; performing many remarkable cures, merits a trial from all who are suffering from similar affections and vainly seek relief. Will you let prejudice prevent you from being cured also.

Coughs and Colds. The Druggists say it cures them all.
 Asthma. The relief and cures of it are marvelous.
 Bronchitis. Every sufferer will find relief and cure.
 Throat Affair. requires only a few doses.
 Lung Diseases. Has cured cases pronounced incurable.
 Debility. It renovates and invigorates the system.
 Liver Complaint. Most effective regulator of this organ.
 Dyspepsia. Its healthy action on the stomach cures it.
 Appetite. It is health-giving and appetizer.
 Urinary Organs. Action on them is marked and prompt.

DR. CROOK'S WINE OF TAR is rich in the most vital qualities of Tar, combined with vegetable ingredients of undoubted value, which make it unsurpassed, not only for the complaints enumerated, but it rapidly restores exhausted strength, cleanses the stomach, relaxes the Liver and puts them to work causes the food to digest, and makes pure blood, and treats a variety appreciated by both sound and sick. If you are afflicted in any way, we know if you try the life-giving tonic properties of Dr. Crook's Wine of Tar, you will add your testimony to its great value in correcting any "ills that flesh is heir to." Prepared only by OLIVER CROOK & CO. Sold by Druggists everywhere.

Manufacturers of superior
OIL WELL
CASING.
 AND,
TUBING!
 With plain and patent Coupling.

Our TUBING and CASING are manufactured with care, expressly for the use of oil producers, being tested at the works before shipment with a pressure of 1,200 lbs. to the square inch!

NOTICE—Each length and socket is stamped with our trade mark. None other is genuine.

The danger heretofore experienced in having Tubing break at the Coupling is obviated by using Allison & Son's Tubing with patent Coupling.

Butter and cheese are almost indispensable articles of food. Properly used, they are nutritious and healthy; but an inordinate use of either causes indigestion and dyspepsia. Owen Gaffney's Sunday Confort, judiciously used will remove both of these troubles.
