## NOTES OF THE DAY.

There have been five theatrical companies performing in New Orleans during the past winter.

A foreign paper before us talks about Austria being apportioned, by-and-by, between Germany and Russia.

The Pennsylvania Editorial Association are to visit Erie this summer, upon invitation of the Councils of that city.

The Mississippi steamboat companies are building steamers to rival the floating palaces of the Sound and Hudson river.

Madame Thiers, the wife of the French President, is making efforts to abolish the custom of wearing false hair.

Thirty-four convicts were discharged from Auburn prison, recently. There still remain 1,118 students at that excellent disciplinary institution.

The Africans consider the white ant a rare delicacy, and travelers who have tasted this dish on the Gold coast say it is very delicate.

The jail of Sussex county, New Jersey, has not a single tenant, and the grand jury of that county which was recently in session did not find a single indictment.

A resident of Fort Erie has accepted a challenge to swim from Buffalo Light-house to a point six miles distant. If accomplished it will be one of the greatest feats in the swimming line. He must, however, look out for the Niagara current.

The Saturday Review thinks that among the lost arts it is painful to have to reckon the art of writing prayers. That art, it affirms, only existed in England during a few years in the middle of the sixteenth century, and it has been going down ever since.

The European Hotel, at Titusville, of which our old friend, Wm. H. Sink, is the popular proprietor, has recently been subjected to a thorough renovating process, and was reopened to the public last evening.—Wm. knows just how to "do such things up brown," and those of our citizens visiting Titusville will be handsomely entertained at the European Hotel. This we know from experience.

The Oil Producer's Railway from Titusville to Buffalo will certainly be built. So Titusvillians say.

Since the blockade has been raised, the railroads are carrying out large quantities of oil.

McKean Buchanan, the actor, died in Denver, Col., on Tuesday, of apoplexy.

Prentice, Crawford, Barbour & Co., completed a well on the Stroman farm, Bully Hill, last week, which is yielding 50 barrels per day. This week another well will be completed in the same vicinity, and the prospects are that it will be a good well.

On the James Foster farm, Bully Hill, two wells are in the sand and will be completed this week. Both will undoubtedly prove good wells.—[Venango Citizen.]

On the first Tuesday in May, the school directors of the several counties of the Commonwealth are required to assemble at the county seat and elect County Superintendents of common schools for a term of three years, commencing on the first Monday in June.

There is a Mormon society of fifty members among the miners at Scranton, Penn.

The "Meadville Land Sale" in aid of the sufferers by the great fires in the Northwest is likely to turn out a huge "sell" to those who invested in tickets. The Meadville Republican says, "we understand the agent left word that it had been postponed till April 25th. We believe the tickets are not at par to this market."

LOVELINESS ON THE INCREASE.—A marked increase of female loveliness is the eye-lighting result of the immense popularity which Hegan's Magnolia Balm has obtained among the ladies of America. Complexions radiant with snowy purity and tinged with the roseate hue of health are commonly met with whenever it is used. For the sallow and unwholesome appearance of the face and neck, which utterly counterbalances the effect of any personal attraction the owner may possess, it substitutes that clear, pearl-like complexion which is such a transcendent charm in woman, and renders the roughest skin as soft as Genoa velvet. No one is more astonished than the person using it at the marvelous transformation which it effects in these particulars.
