Drugs, Pa Street, Pet

Theodore Thomas' renowned orchestra appear at Titusville May 20, and at Oil City, May 4th.

God made both tears and laughter, and both for kind purposes, for as laughter enables mirth and surprise to breathe freely, so tears enable sorrow to vent itself patiently. Tears hinder sorrow from becoming despair, and laughter is one of the very privileges of reason.

The stock for the bridge across the Allegheny river at Parker's Landing was all subscribed for in fifteen minutes. The people of Tidoute are contemplating the building of a bridge at that place.

A Houston (Texas) dandy poured kerosene into his ear to drive out a bug that had obtained his lodgement there. The bug was buried with the unhappy experimenter.

FOUND.—The body of the boy Allen, who was drowned some months ago while skating on the Allegheny river near Foxton, was found at Brady's Bend, on Tuesday last, where it had been washed ashore. A skate still remained attached to one of his feet; but the other skate had disappeared. On finding the body intelligence was immediately sent to the parents of the boy, who live at Foxton.—Parker Journal.

Is this a sermon? Twelve years ago Hon. F. C. Whipple was a brilliant and prosperous lawyer in Howell, Michigan. Last week he died of intemperance, and buried out of the Masonic charity fund, from which for some time before his death he had been supported. During this time his beautiful and accomplished wife has become insane, and his four lovely children are penniless and scattered, no two living together.

The Press says that not quite half of the lumber in the Tionesta Creek was got out during the late high water. About forty millions passed down the Allegheny from above this place, considerable of which has been grounded at different points below.—[Tidoute Commercial.]

The Society of the Army of the Potomac meets at Cleveland on the 7th day of May next. The Grand Army of the Republic under General Burnside, and the Cavalry Corps, Army of the Potomac, will also meet at the same time. This is the first time the Army of the Potomac has met in the West, and a large gathering is anticipated.

The Democracy of Venango county met at Franklin Wednesday in convention. There was a full representation. The following delegates to the State Convention were elected; George R. Snowden of Franklin; Representative Delegate, Captain William Hanson, of Oil City. The delegates were instructed for General A. B. McQuinn, of Franklin, for Governor.

G. W. N. Yost, of Corry, who was formerly the superintendent of the "Climax Mower Co.," was on Thursday convicted of perjury, before the United States District Court, at Pittsburgh, for having sworn falsely to one of the patents. The case against Yost was prepared by E. Ingersoll, esq., U. S. District Attorney Swoope charging the jury.

According to the Erie Dispatch petroleum may now be shipped in vessels at Erie direct to Europe, without breaking bulk—notwithstanding Buffalo harbor is closed with a barrier of ice fifteen or twenty miles across it.

Local Notices.

For Sale
15,000 to 20,000 feet of SECOND-HAND TUBING, at from 25 to 35 cts. per foot. The Tubing is in first class order and all ready for fitting.
April 23. H. H. WARNER.

ANNOUNCEMENTS.

COUNTY COMMISSIONER.
ED. KROON.—Please announce H. B. HIXON, of Corplanter Township, as a candidate for County Commissioner, subject to the usages of the Republican party at the primary election.

PROTHONOTARY.
Mr. EDITOR.—Please announce the name of SAMUEL REYNOLDS, of Petroleum Centre, as a candidate for the office of Prothonotary of Venango County, at the ensuing Republican primary election. We believe Mr. R. would fill the office with entire satisfaction to all.
Many Voters.

J. J. HAIGHT, of Pleasantville, Pa., late Capt. of Company "B," 11th Penn. Vet. Vol. Infantry, will be a candidate for the office of Prothonotary, of Venango county, subject to the usages of the Republican party, at the primary election.

F. W. HASTINGS, of Franklin, is a candidate for the office of Prothonotary of Venango County, subject to the decision of the Republican party, at primary election.

REGISTER AND RECORDER.
CORRECTOR. March 29th, 1872.
EDITOR DAILY RECORD.—You will please announce that JAMES W. SHAW will be a candidate for re-nomination for the office of Register and Recorder at the ensuing Republican Primary Election.
Mr. Shaw was a private in the Army of the Union and lost his right arm in our own State at the battle of Gettysburg. He is competent, prompt and obliging, and has given entire satisfaction to the business public as an officer. Therefore having been disabled in the service of our country, but being well qualified for the position, and having the confidence of the business public and community at large as an officer, his re-nomination will be urged at our Primary Election on the day of next VENANGO COUNTY.

Another Valuable Invention.

CATE'S BACK-SUCTION PREVENTOR FOR OIL WELLS, patented August 15, 1871, which entirely prevents the ingress of air in oil wells, while the tubing is being drawn. It is a well known fact to oil operators, that upon wells where Gas Pumps are used it is necessary to preserve as nearly a perfect vacuum as possible, and that no air should be let into the well, at any time, when it can possibly be avoided; consequently, whenever the tubing is drawn from a well it is the cause of great injury to it, as the stuffing box, being then necessarily opened, the air immediately rushes back between the tubing and casing, into the well going into the oil rock and gas veins, and consequently causing the oil and gas to rush back to a great distance. So much so, that it almost always takes several days after pumping is resumed for a well to be brought back to its former condition, and oftentimes it takes several weeks; and quite frequently wells have been almost completely ruined by the air being thus let in while drawing tubing.

The BACK-SUCTION PREVENTOR is attached to the stuffing box and works in such a way that it completely shuts up the space between the stuffing box and tubing so effectually that not a particle of air can get through at any time while the tubing is being drawn and replaced. It supplies a want long felt, and is, without question, one of the most valuable inventions of the day, to those engaged in the oil business. No well should be without it, as it often times saves ten times its cost by once using.

It is manufactured at the FOUNDRY AND MACHINE SHOP OF ANDREWS & CO TIDOUTE, PA., and for sale by Hardware Dealers. Tidoute, Pa., March 28, 1872.—Law 8m.
