A Warren County correspondent says: A big strike was made on the David Beatty farm, West Hickory, this county, last week. It is doing one hundred barrels a day. When first struck the gas took fire burning L. Dolver, a driller, very severely. He is now fast convalescing. Mr. Beatty owns a farm of several hundred acres, on which are thirty-three pumplog wells, on which are thirty-three pumplog wells. A few more like the last will enable him to supply the "daily bread" for his family. His tanks at all these wells are full and running over, and he is hurrying up an 18,000 barrel oil tank.

The sale of prize packages on the rail road trains was abolished in New York on last Monday, by an act of the Legislature. The practice of scattering stale pop corn, high priced candies with pewter whistles for prizes, and flash literature into the laps of passengers on the cars, has been a nuisance which travelers had to endure.

We learn from a private dispatch that Mr. Brown Zuver, of Pleasantville, a brother of T. S. Zuver, Esq., of this city, had his left arm blown off by a torpedo last Saturday. Mr. Zuver was about giving up the business, and the torpedo was one of the last he intended exploding. — [Oil City Register.

The news comes to us through the Pittsburgh Commercial that a well was struck in the oil regions of Kentucky, on the 16th inst., which has been flowing at the rate of one hundred and fifty barrels per day. It is situated on Boyd's creek, Barron county, Kentucky.

CLAP-TRAP AND CANT.—Invalid reader, if you are unwise enough to put yourself outside of any of the mock tonics guaranteed to contain "no diffusive stimulant," you will inevitably come to grief. Ask your physician if any liquid preparation, destitute of stimulating properties, is worthy of the name of a tonic. He will tell you no. Shun all such nauseous catchpennies. Plantation Bitters, the most wholesome invigorant in the world, owes the rapidity with which it relieves the disordered stomach and the shattered nerves to the diffusive agent which conveys its medicinal ingredients to the seat of the complaint. That agent is the spirit of the sugar cane, the most nutritious and agreeable of all the varieties of alcohol. The medicinal ingredients of the Bitters, valuable as they are, would be comparatively useless without this distributive basis. They would ferment and sour. Beware, as you hope for health, of the horrible compounds of refuse drugs in a state of fermentation which humbugs are endeavoring to foist upon the public as medicines.

ANNOUNCEMENTS.

COUNTY COMMISSIONER. ED. RECORD.—Please announce H. B. HIXON, of Cornplanter Township, as a candidate for County Commissioner, subject to the usages of the Republican party at the primary election. MANY VOTERS.

PROTHONOTARY. Mr. Editor.—Please announce the name of SAMUEL REYNOLDS, of Petroleum Centre, as a candidate for the Office of Prothonotary of Venango County, at the ensuing Republican primary election. We believe Mr. R. would fill the office with entire satisfaction to all. Many Voters.

J. J. HAIGHT, of Pleasantville, Pa., late Capt. of Company "B," 11th Penn's Vet. Vol. Infantry, will be a candidate for the office of Prothonotary of Venango county, subject to the usages of the Republican party, at the primary election.

F. W. HASTINGS, of Franklin, is a candidate for the office of Prothonotary of Venango County, subject to the decision of the Republican party, at primary election.

REGISTER AND RECORDER.

CORNPLANTER, March 23d, 1872. EDITOR DAILY RECORD.—You will please announce that JAMES W. SHAW will be a candidate for re-nomination for the office of Register and Recorder at the ensuing Republican Primary Election.

Mr. Shaw was a private in the Army of the Union and lost his right arm in our own State at the battle of Gettysburg. He is competent, prompt and obliging, and has given entire satisfaction to the business public as an officer. Therefore having been disabled in the service of our country, but being well qualified for the position, and having the confidence of the business public and community at large as an officer, his re-nomination will be urged at our Primary Election on the day of next VENANGO COUNTY.

Another Valuable Invention.

CATE'S BACK-SUCTION PREVENTOR FOR OIL WELLS, patented August 15, 1871, which entirely prevents the ingress of air in oil wells, while the tubing is being down. It is a well known fact to oil operators, that upon wells where Gas Pumps are used it is necessary to preserve as nearly a perfect vacuum as possible, and that no air should be let into the well, at any time, when it can possibly be avoided; consequently, whenever the tubing is drawn from a well it is the cause of great injury to it, as the stuffing box, being then necessarily opened, the air immediately rushes back between the tubing and casing, into the well going into the oil rock and gas veins, and consequently causes the oil and gas to rush back to a great distance. So much so, that it almost always takes several days after pumping is resumed for a well to be brought back to its former condition, and oftentimes it takes several weeks; and quite frequently wells have been almost completely ruined by the air being thus let in while drawing tubing.

The BACK-SUCTION PREVENTOR is attached to the stuffing box and works in such a way that it completely shuts up the space between the stuffing box and tubing so effectually that not a particle of air can get through at any time while the tubing is being drawn and replaced. It supplies a want long felt, and is, without question, one of the most valuable inventions of the day, to those engaged in the oil business. No well should be without it, as it often times saves ten times its cost by once using.

It is manufactured at the FOUNDRY AND MACHINE SHOP OF ANDREWS & CO., TIDLOUFE, PA., and for sale by Hardware Dealers, Tidloufe, Pa., March 28, 1872.—Law 3m.
