OIL NEWS.

A new well was completed on the Sherman Flats, above this place, on Friday last, and is making a fine show for oil. Pumped about 4 to 5 barrels the first six hours. This well is located just three feet from the old Noble well, one of the largest wells ever struck in the oil region, and which flowed oil in immense quantities in the years 1865-66. It is owned by Mr. G. Wise, and is located on the Foster Farm. Will probably prove a 25 to 30 barrel well. This adds more proof to the theory that old territory can be made to produce oil again when rightly managed.

On the 13th of May last, Mr. Thos. Roach, agent for the Roberts Torpedo in this district, torpedged the Ray well, on the Caldwell Farm, Sherman Flats, and from yielding nothing it has produced 30 barrels per day ever since. This well was drilled over a year ago and abandoned as dry.

On the 20th of May last, Mr. Roach also torpedged the Irwin well, Sherman Flats, owned by Mr. Wise, and increased the production from 6 to 19 barrels daily.

Mr. F. A. Rohrer is pumping four wells on the Sherman Flats, which are yielding him a nice little income daily.

Several new wells are soon to be put down in the same locality. What is a little singular about this territory, the owners of wells seem to think unless a large water vein is struck that no oil exists in the hole. All the pumping wells there throw out immense volumes of water.

The Sollday & Anderson well, on the Lake farm, Cherrytree Run, was recently torpedged, and the production increased from 9 to 18 barrels per day.

On Friday, a new well was completed on the Blood Hill territory, which promises to be a six to eight barrel well. It is located in the ravine running through the farm, and is owned by the Blood Farm Oil Co.

We are pleased to notice the return to town of our friends, Messrs. Desbler and Mellwaine. Their trip to New York evidently agreed with them as they present an improved appearance.

COLUMBIA FARM ITEMS.—"Square," our Columbia Farm correspondent, sends us the following items:

Quite a lively game of base ball came off on the grounds of the Columbia Base Ball, Saturday afternoon, between the carpenters and joiners in the employ of the firm of Will, Crawford & Co., and those employed by the Columbia Oil Co. The Columbia carpenters styled themselves the "Chips and Shavings, and the opposing party "Staves and Hoops. Neither of the "nines" having ever played a game of base ball, with one exception in each club, as a matter of course a large number of spectators gathered to witness the fun. The game was called at 2:45, by Mr. J. C. Bump, who was chosen umpire. After a series of the most ludicrous and laughable mistakes on the part of both clubs, which kept the spectators convulsed with laughter, the game was finally concluded. The following is the result:

Chips & Shavings		Staves & Hoops	
R. O.	R. O.	R. O.	R. O.
Wilkins, c,	1 5	Crawford, 3d b,	1 6
Holiday, 1st b,	2 2	Holland, p,	4 1
Ritts, 1 f,	1 5	Stokes, 1 f,	3 3
Jackson, 3d b,	1 4	Corkins, 2d b,	6 1
Imel, p,	4 2	Hardman, c f,	2 3
Wilkins, c f,	4 1	Cook, r f,	3 3
CS McKalip, s, 4	1	Allen, 1st b,	2 3
Al Shaner, r f,	2 4	Mook, c,	3 3
Ab Shaner, 1st b,	1 3	Hoffman, s,	2 4
Total,	20 27	Total,	27 27

The game stood 17 to 17 on the eighth inning, when by a wild throw by Chips and Shavings s. a., the game was won by Hoops & Staves making 10 runs. Time of game 2 hours.

The Alexander-Sobofield Refinery, at the lower end of the farm, is being overhauled preparatory to being started up. The work is being superintended by Mr. Lewis. The refinery is owned at present by the Standard Oil Co., of Cleveland.

The Columbia Oil Co. have three drilling wells in operation at present.

The Columbia Cornet Band numbers 17 members at present. Much regret is expressed at the leaving of two of the best members, the Messrs. McKalip who intend moving away soon.

Mr. W. D. Jones is slowly recovering the use of his arm.

Dr. Crittenden, of Titusville, Surgeon Dentist, can be consulted at the Rochester House, during the present week. Those desiring dental work done will do well to call on him during his stay.

THEATRE.—Capt. F. A. Thornton, the advance agent for the N. Y. and Western Theatre Company, was in town on Saturday last, engaged in making the necessary arrangements for the appearance of that company, who give one entertainment at Sobel's Opera House, on Saturday evening, June 29th. This company comes highly recommended and we predict for them a crowded house. They will produce the celebrated sensational drama entitled "Inebriague; or the Fenian Chief of '98," the young and favorite actor, Mr. Felix A. Vincent, appearing in the leading character.

The Central Park Menagerie is advertised to perform at Jamestown, July 4th.

A large number of our citizens and families left town on the early train this morning to attend the picnic at Chautauque Lake, given by Ross Croix Commandery Knights Templar of Titusville. Among the Sir Knights who appeared in full regalia we noticed Dr. J. H. Christie and Mr. O. F. Schonblom, of Petroleum Centre, and Dr. U. G. Mease, of Plumer. No doubt they will have a pleasant time.

Reports have been current this week about a big strike in the new well upon No. 2 in the 10th, south of the McDonald wells. We visited the well and found considerable of an "oil show" lying about. Operations are said to be suspended, awaiting a tank, etc. The well is very difficult of access, as water and trees have possession of what might have been a broad in winter.

The Carmichael well, to the east of the village, is down nearly 500 feet. We regret to state that there is nothing encouraging as yet. Should the present well fail, Mr. C. proposes putting down another a little further to the east, being determined to give his property a fair test. A good strike in the east end would prove highly advantageous to Petrolia.—[Petrolia Advertiser.

The State Editorial Association.

The State Editorial Association meets in Erie on Tuesday and Wednesday, the 25th and 26th, inst. It is expected that some three hundred editors, most of them accompanied by their ladies, will be assembled in the city by Tuesday evening. On Wednesday morning at 8 o'clock, the city of Erie will give the editors a free excursion on the lake, going far enough north to see Canada.—One of the magnificent passenger steamers now plying between Buffalo and Duluth will be used for this purpose. The business meeting will be held at 3 p. m. Wednesday. Press banquet at the Reed House at 8 o'clock Wednesday evening, to be followed by a dance at Wayne Hall. The dance will be provided by the city, free of cost to the editors. On Thursday morning the editors will leave by special train for the oil regions, via Titusville, Oil City and Irvineton, where they will disperse for their respective homes. They will probably stop on their way through the oil regions, a short time at Titusville and Oil City.

We acknowledge the receipt of an invitation and free pass over the P. & E. R. R., from Mr. R. S. Menamin, Secretary, to attend the meeting of the Association.

PETERSBURG DISTRICT.

A new well has been sunk on the Keating farm, called the Odd Fellows' well, which has been pumping since Tuesday of last week and is yielding 20 or 25 barrels per day. Taylor, Lithgow, Dougherty and others are the fortunate owners.

The Elizabeth is the name of a new well sunk by Paul Neely and P. B. Bohlen on the Isaac Neely farm, east side of Turkey Run. The well has been pumping for some ten days and is regarded as a 25 or 30 barrel well. Mr. Isaac Neely owns a large tract of land in this vicinity which has heretofore been regarded as one of the best farms in Clarion county. Now that oil abounds in paying quantities under a portion of his land at least, it may be estimated at five times its former value. We congratulate the fortunate land owners and operators on their success. The striking of this well opens up new fields of operation, as it is located some distance east of former developments.

SOUTH OF BEAR CREEK.

On the farm of James Campbell, Esq., Karns well No. 1 is almost down, with good show. McPherson has another well about finished which promises to prove good. Campbell No. 1 pumping 20 barrels per day. McPherson has one well on his farm which yields about 70 barrels per day. The Anderson well is reported as yielding about 80 barrels daily. Another well on this farm, name unknown, is yielding 60 barrels per day. Fisher Bros. are preparing to sink a number of wells on the Campbell and Martin farms.

On the Hutchinson farm, Grace well No. 2 is pumping 10 or 15 barrels per day. McPherson No. 2, 40 barrels.

On the Wilt farm, Grace well No. 12 is yielding about 12 barrels per day.—[Parker Journal.
