G. GAFFNEY keeps constantly on
hand Scotch Ale and London Porter, espe-
cially for family use.

Hotels and Restaurants.

ICE CREAM!

Smith's
LAGER BEER SALOON!

& New Ice Cream Rooms.

Having purchased the Saloon, NEXT DOOR to
SIMMONS' DRUG STORE, I respectfully solicit a
share of patronage. My rooms will be kept cool
and pleasant, and my friends will at all times find
FRESH LAGER

from the brewery and always cool. You can always
find the above article with LEMONADE, NATIVE
WINES, ROOT BEER, and fresh made SAND-
WICHES, by calling on me.

I have also fitted up a LADIES' ICE CREAM
ROOM, where ice cream will be served up at all
hours. Private entrance to the room.

A. S. SMITH,
Next door to Simmons' Store.

I buy my Lager at the Verandah

I buy my Lager at the Verandah

Verandah Saloon.

WAIT & PUGH, Proprietors

WASHINGTON ST., PET-CENTRE.

Particular attention paid to the wants of their cus-
tomers, and will keep the finest stock of
FRESH LAGER AND ALE,
CHOICE CIGARS, &c.

Drop in and see us in our new quarters. July 4-11

McCLINTOCK HOUSE,
PETROLEUM CENTRE, PA.

This popular Hotel, situated

Corner of Main & Washington-Sts.,

Near the Depot, has been refitted and furnished
throughout, and the proprietor will spare no pains
to make it a

FIRST-CLASS HOUSE.

Bissell's Block, No. 21 Cen-
tre-St., OIL CITY, PA.

Where he would be pleased to see his old Pe-
troleum Centre friends and customers.

LASTS fitted for the feet and reserved for
customers.

BOOTS SENT C. O. D. to any place in the Oil
Regions
ap 10-2m. J. A. PLANTE, Oil City, Pa.

A lot of old papers for sale at this
office

Another Valuable Inven-
tion.

GATE'S BACK-SUCTION PREVENTOR FOR
OIL WELLS, patented August 15, 1871, which en-
tirely prevents the ingress of air in oil wells, while
the tubing is being drawn. It is a well known fact
to all operators, that upon wells where Gas Pumps
are used it is necessary to preserve as nearly a per-
fect vacuum as possible, and that no air should be
let into the well, at any time, when it can possibly
be avoided; consequently, whenever the tubing is
drawn from a well it is the cause of great injury to
it, as the stuffing box, being then necessarily open-
ed, the air immediately rushes back between the
tubing and casing, into the well going into the oil
rock and gas veins, and consequently causing the
oil and gas to rush back to a great distance. No
much so, that it almost always takes several days
after pumping is resumed for a well to be brought
back to its former condition, and oftentimes it takes
several weeks; and quite frequently wells have been
almost completely ruined by the air being thus let
in while drawing tubing.

The BACK-SUCTION PREVENTOR is attached
to the stuffing box and works in such a way that it
completely shuts up the space between the stuffing
box and tubing so effectually that not a particle of
air can get through at any time while the tubing is
being drawn and replaced. It supplies a want long
felt, and is, without question, one of the most val-
uable inventions of the day, to those engaged in the
oil business. No well should be without it, as it of-
ten times saves ten times its cost by once using.

It is manufactured at the FOUNDRY AND
MACHINE SHOP OF ANDREWS & CO., TID-
WORTH, PA., and for sale by Hardware Dealers.

Tidworth, Pa., March 25, 1872—law 5m.

Messrs. ANDREWS & Co.—GENTLEMEN:—Having
used one of GATE'S BACK-SUCTION PREVEN-
TORS, I can confidently recommend the same to all
who have occasion to use the same, as the best
preventor of Back Suction on Oil Wells. Our well was
so small that it hardly paid to run it. After put-
ting on one of GATE'S BACK-SUCTION PRE-
VENTORS the production was increased to a good
paying well. Before we put the Back Suction Pre-
ventor on the well, we invariably had to pump the
well two weeks before we could restore it to its for-
mer production after drawing tubing. This is en-
tirely obviated by the use of the Preventor.

THOMPSON, Feb. 3, 1872.
