MUTUAL

Fire Insurance.

The Mutual Plan guarantees to the mutually insured the greatest security for the least possible cost. The premium note is the capital. On this no dividends are paid to the stockholder, but it is simply assessed to pay deficiencies arising after the payment of losses and expenses, which in the COLUMBIA INSURANCE COMPANY, during the total 12 1/2 years of its existence, have averaged but 6 1/2 per centum upon the premium note, being lower than the rate paid in the best solvent stock companies during the same period of time. In insuring at stock rates, the insured must pronounce to himself that he pays every year enough—1st. To form an accumulated fund for emergencies; 2d. To pay large dividends to the capital invested in the Company; 3d. Runs the risk of a "Chicago fire" coming and wiping his Company out of existence. In a Mutual Company he keeps his own reserve in hand until needed, and pays no dividend to capitalists. The mutually insured, being themselves the capitalists, look after the business, its character and its agents in all places, thus protecting each other. For Insurances or Agency, address
J. J. FREEMAN, Secretary,
Columbia, Lancaster County, Penn'a.
