MUTUAL

Fire Insurance.

The Mutual Plan guarantees to the mutually in-
sured the greatest security for the least possible
cost. The premium note is the capital. On this
no dividends are paid to the stockholder, but it is
simply assessed to pay deficiencies arising after the
payment of losses and expenses, which in the COL-
UMBIA INSURANCE COMPANY, during the to-
tal 12½ years of its existence, have averaged but 1½
per centum upon the premium note, being lower
than the rate paid in the best solvent stock com-
panies during the same period of time. In insuring
at stock rates, the insured must pronounce to him-
self that he pays every year enough—1st. To form
an accumulated fund for emergencies; 2d. To pay
large dividends to the capital invested in the Com-
pany; 3d. Runs the risk of a "Chicago fire" coming
and wiping his Company out of existence. In a
Mutual Company he keeps his own reserve in hand
until needed, and pays no dividend to capitalists.
The mutually insured, being themselves the capi-
talists, look after the business, its character, and its
agents in all places, thus protecting each other. For
Insurance or Agency, address
J. J. FRUEAUFF, Secretary,
Columbia, Lancaster County, Penn'a.
