MUTUAL

Fire Insurance.

The Mutual Plan guarantees to the mutually in-
sured the greatest security for the least possible
cost. The premium is not on the capital. On this
no dividends are paid to the stockholder, but it is
simply assessed to pay deficiencies arising after the
payment of losses and expenses, which in the COL-
UMBIA INSURANCE COMPANY, during the total
122 years of its existence, have averaged but 6 1/2
per centum upon the premium note, being lower
than the rate paid in the best solvent stock com-
panies during the same period of time. In insuring
at stock rates, the insured must pronounce to him-
self that he pays every year enough—1st To form
an accumulated fund for emergencies; 2d To pay
large dividends to the capital invested in the Com-
pany; 3d To insure the risk of a "Chicago fire" coming
and wiping his Company out of existence. In a
Mutual Company he keeps his own reserve in hand
until needed, and pays no dividend to capitalists.
The mutually insured, being themselves the cap-
italists, look after the business, its character and its
agents in all places, thus protecting each other. For
Insurances or Agencies, address
J. J. FRUEAUFF, Secretary,
Columbia, Lancaster County, Penn'a.
