MUTUAL
Fire Insurance.
 The Mutual Plan guarantees to the mutually in-
 sured the greatest security for the least possible
 cost. The premium note are the capital. On this
 no dividends are paid to the stockholder, but it is
 simply assessed to pay deficiencies arising after the
 payment of losses and expenses, which in the COL-
 UMBIA INSURANCE COMPANY, during the total
 12 1/2 years of its existence, have averaged but 6 1/2
 per centum upon the premium note, being lower
 than the rates paid in the best solvent stock com-
 panies during the same period of time. In insuring
 at stock rates, the insured must pronounce to him-
 self that he pays every year enough—1st. To form
 an accumulated fund for emergencies; 2d. To pay
 large dividends to the capital invested in the Com-
 pany; 3d. Runs the risk of a "Chicago fire" coming
 and wiping his Company out of existence. In a
 Mutual Company he keeps his own reserve in hand,
 until needed, and pays no dividend to capitalists.
 The mutually insured, being themselves the cap-
 italists, look after the business, its character and its
 agents in all places, thus protecting each other. For
 insurances or Agency, address
J. J. FRUBAUFF, Secretary.
 Columbia, Lancaster County, Penn'a.
