**MUTUAL  
Fire Insurance.**  
The Mutual Plan guarantees to the mutually in-  
sured the greatest security for the least possible  
cost. The premium note is the capital. On this  
no dividends are paid to the stockholder, but it is  
simply assessed to pay deficiencies arising after the  
policy is issued for losses and expenses, which in the COL-  
UMBIA INSURANCE COMPANY, during the ten-  
year period of its existence, have averaged but 6 1/2  
per centum upon the premium note, being lower  
than the rates paid in the best solvent com-  
panies during the same period of time. In insuring  
at stock rates, the insured must renounce to him-  
self but he pays every year enough—1st. To form  
an accumulated fund for emergencies. 2d. To pay  
large dividends to the capital invested in the Com-  
pany. 3d. Runs the risk of a "Chicago fire" coming  
and wiping his Company out of existence. In a  
Mutual Company he keeps his own reserve in hand  
until needed, and pays no dividend to capitalists.  
The mutually insured, being themselves the capi-  
talists, look after the business, its character, and its  
agents in all places, thus protecting each other. For  
Insurances or Agencies, address  
J. J. FRUEAUFF, Secretary,  
Columbia, Lancaster County, Penn'a.
