THE WAR FOR THE UNION

ARMY OF THE POTOMAC. Washington, Feb. 2.—A letter from the Army of the Potomac says: "There is no official confirmation of the reported fight on the south side of the Rapidan with a large body of deserters last week. It is nevertheless known that a feeling amounting almost to mutiny pre vails in several regiments in Lee's army, and it is not improbable that the firing heard was caused by preventing one of them from es-

caping.
The enemy's pickets are frequently changed On one occasion cavalry was substituted for the advanced posts and two lines of infantry pickets were posted in their rear. Frequent changes of the position of some of Gen. Lee's camps are noted. They are probably caused by the substitution of well known and faithful regiments for those disaffected near the front.

The reports concerning the scarcity of food in Lee's army are confirmed. Only a quarter of a pound of salt pork is allowed to each man per day. A small quantity of flour, in addition, constitutes the ration. Tea, sugar and coffee are myths in the service. The accounts brought by prisoners and refugees concur in the statement that the Rebel Government has not distributed any clothing since our movement on Mine Run. Some of the Georgia troops have received a small supply of clothing from that State. Blankets, with them, are getting scarce and command a heavy premium.

Intercepted letters from rebel ladies show

that of the three thousand cavalry sent into the Valley during the recent cold weather, not over five hundred had returned. Many were frozen to death, and others were frost-bitten and sought refuge in the farm-houses and villages. The entire movement was a total failure. At the last accounts, Early's Corps was resting on Middle River, near Mount Crawford, having abandoned the enterprise.

This morning eleven prisoners of war and ten horses, belonging principally to the 6th Virginia Cavalry, were sent to headquarters from Cavalry Corps. They were captured near the Blue Ridge, in the vicinity of Thornton's The horses are in the worst possible Gap. The condition.

Despatches continue to arrive from the front and report great scarcity of provisions, forage and clothing, and, also, that large numbers are awaiting the proper opportunities to avail themselves of the President's amnesty proclamation. The enrollment of citizens, white and colored, within the lines of the army, is nearly

UNION DISASTER IN SOUTHEAST VIRGINIA FORTRESS MONROE, Feb. 2.—The United States supply steamer Union arrived to-day in forty-eight hours from Port Royal, bound to New York. On the 14th of January she cap tured the Confederate steamer Mayflower, i Sarasote Pass, Florida, loaded with cotton. On January 21st, off Charleston, heard heavy firing. The Union put into Hampton Roads to forward despatches. General Butler has just received the following official reports:

On the 21st ult., an expedition went up the James river and Pagan's creek to Smithfield to join the expedition sent up the Chucki Gen. Graham, to destroy provisions and a signal station and smuggling depot. The expedition, which landed at Smith-field, consisted of 90 men and one howitzer, under Captain Lee, who was ordered to to march to Chuckituck. When five miles beyond Smithfield they encountered a rebel force two hundred strong with two pieces of ar-

se were soon put to flight, but receiving false information of a heavy force between there and Chuckituck, Lee returned to Smithfield and sent for the armed transport Smith Briggs, which, owing to a heavy fog, did not arrive till noon on Monday. The enemy, 500 strong, with four guns, attacked Captain Lee on Monday at daylight. The party being intrenched they held out against several furious attacks and charges from the enemy, till

the transport arrived. The enemy were repulsed in each attack with heavy loss. They sent in three flags of truce, demanding a surrender, which demand Captain Lee peremptorily refused. On the arrival of the transport, Lee retreated on board of her, when the enemy opened a heavy fire of

artillery upon the boat.

The chief engineer was wounded and the second engineer being missing prevented the boat from being worked off the bar, till a shot struck her boiler and disabled her, when Capt.

Lee and a portion of his men escaped by swimming across the river.

Others were captured, including Captain F.

A. Reeve, who was wounded. Our loss in killed, wounded and missing is eighty. The enemy's loss in killed, wounded and missing, is much heavier, owing to their superior numbers.

Not long after they captured the Smith Briggs, she was blown up with a tremendous explosion. FROM NEW MEXICO AND KANSAS. ST. LOUIS, Feb. 2.—The Democrat had a special despatch from Leavenworth, which says that Santa Fe advices to the 15th ult. have

been received there. Gen. Carleton has gone to El Paso. A fight occurred near Fort Summer on the 5th, in which our troops routed the Navajoe

Indians, killing forty and wounding twenty-five. Judge Knapp, a Democrat, refused to attend the sitting of the Supreme Court, and the term was consequently adjourned.

was consequently adjourned.

FROM MISSOURI.

St. Louis, Feb. 2.—Both Houses of the Legislature adjourned yesterday, to attend the funeral of Governor Gamble, which takes place to-morrow, in this city. Lieutenant-Governor Hall's message to the Legislature, announcing the death of Governor Gamble, concludes as follows: "My chief and constant effort shall be to co-operate with the Federal Government in its efforts to suppress the existing rebellion. In doing this I shall not be solicitous to find fault with the President, Congress, or the Generals in the field. I shall rather defer my objections to whatever I may consider blameworthy in acts to a more propitious period, and trust to a cordial support of the Government of the United States to contribute something to the

restoration of peace." A very large meeting of ladies and gentlemen was held last night, at the Mercantile Library Hall, to make arrangements for holding a great Mississippi Valley Sanitary Fair in the coming spring. General Rosecrans was elected President; Governor Hall, Mayor Filley and General Fiske, Vice Presidents. President Lincoln, Vice President Hamlin and the Governors of all the loyal States, with General Grant, were elected honorary members. A large executive committee of gentlemen was

also elected.

FROM WASHINGTON. WASHINGTON, Feb. 2, 1864.—The House Naval Committee had a long session last night and another this morning, and listened to arguments in favor of locating the new Navy Yard at Chester. Propositions are now before them to have the Committee to visit League Island and Chester, or to appoint a commission

for that purpose.

A delegation from the Philadelphia Board of Trade are here looking after the interests of League Island.

Secretary Chase has removed the restric tions upon trade in West Virginia. Other districts will be thrown open as soon as the military authorities deem it prudent.

A veteran battalion of General Gregg's old regiment, the 8th Pennsylvania Cavalry, leave here for Harrisburg to-morrow morning. The battalion will be under the command of Captain

J. T. Piggott, Jr. The bill reported to-day by Mr. Stevens. from the Committee of Ways and Means, for the support of the army for the year ending June, 1865, appropriates \$529,500,000.

Of this amount, \$15,000,000 are for advance hounties to volunteers. \$5,600,000 for raising and organizing volun-

\$2,000,000 for the pay of the army. \$177,500,000 for the pay of volunteers. \$1,500,000 for the subsistence of volunteers. \$60,000,000 for Quartermasters' supplies. \$18,000,000 for incidentals. \$21,000,000 for the navy and artillery forces. \$40,000,000 for transportation

\$5,000,000 for commissary quarters for officers. \$58,000,000 for clothing, equipage, &c. \$9,000,000 for the Medical and Hospital Departments.

\$2,000,000 for an armament for fortifications. \$20,000,000 for ordnance stores. \$2,500,000 for the manufacture of arms, and or the purchase of gunpowder and lead. \$2,000,000 for repairs to arsenals.

The Senate in Executive Session, to-day, confirmed the following nominations:

James Duane Doty to be Governor of Utah. Edward A. Romens, of New Hampshire, Deputy Commissioner of Internal Revenue. John M. Goodwin, of Maine, Governor of

Arizona. John Boseman Kerr, of Maryland, Deputy Solicitor of the Court of Claims. Commander D. D. Porter Rear Admiral in the Navy, from July 4th, 1863. Captain John Rodgers Commander in the

Navy, from July 17th, 1863. Captain Stephen C. Rowan Commander in the Navy, from July 16th, 1863. Horace N. Trumbulf Collector of Customs

for the District of Stonington. Newton Edwards Governor of Dacotah. Amos Reed Secretary of the Territory of

W. W. Wood, of Iowa, Hospital Chaplain under the Act of May. 1862.

J. H. Irish, Superintendent of Indian Affair

for Utah. The public meeting held to-night in the Hall of the House of Representatives, in celebration of the second anniversary of the United States Christian Commission, was largely attended. Hon. Hannibal Hamlin, Vice President of the United States, presided and delivered the opening address. He was followed by George H. Stuart of Philadelphia, President of the Christian Commission, gave a brief statement of the origin and work of the Commission. The receipts and disbursements of the Commission during the present year amounted to nearly a million of dollars. Addresses were delivered by Speaker Colfax, Senator Sherman, General Martindale Rev. R. J. Parvin and George J. Mingin. The

President of the United States was present on the occasion. The amendments of the Senate Finance Committee to the house bill, to increase the internal revenue, reported to-day by Mr. Fessenden, strikes out the provision for the tax of twenty cents additional on rectified spirits, and also that which taxes whiskey on hand after the 12th of January. They increase the tax on whisky after the 1st of July, and prior to January next, to seventy cents, and after the 1st of January next to eighty cents. The duty on imported whiskey after July, and prior to January next,

is increased from forty to fifty cents, and after January next to sixty cents. The following named representatives have been appointed by Speaker Colfax to act with the Senate Committee on the subject of the National Armory west of the Allegheny Mountains, viz : Messrs. Moorhead (Pa.), O'Neil (Obio), Arnold (Ill.), Dawson (Mass.), Mc-

Dowell (Ind.), Randall (Ky.), Loan (Mo.), and Eldridge (Wis.). At the instance of Mr. Pruyn, the Japanese Government have revoked and annulled their decision to disregard their treaty with the Western Powers, and to expel all foreigners. The Government is highly pleased with Mr. Pruyn's difficult and delicate mission.

Parties purchasing the wrecks to be sold at the Norfolk Navy Yard, on the 8th of February, will be allowed ninety days in which to remove them: the full payment to be made at the expiration of thirty days from the date of
