THE BAID ON THE BALTIMORE AND OHIO RAILROAD.

[By the People's Telegraph, offices No. 411 Chest-nut street, Reading Boom Merchants' Exchange, and Girard House.]

BALTIMORE, Feb. 3 .- The following are special despatches to the Baltimore American: MARTINSBURG, Va., Feb. 2.—The rebel cavalry are making demonstrations on the line of the Baltimore and Ohio Railroad. The telegraph line was cut east of Cumberland about noon to-day. The Bridge over the North Branch is supposed to have been burned. There has been fighting at Patterson's Creek, twelve miles this side of Cumberland. Apprehensions are entertained in some quarters of an attack on this place.

CUMBERLAND (via Pittsburgh), Feb. 2,4 P. M .- The rebel cavalry, under Col. Rosser, reported five hundred strong, made an attack on the guards at Patterson's creek and at North Branch at 1 o'clock to-day. After some fighting, our troops were driven off, and the rebels burned the bridges at both places. At North Branch, where the railroad crosses the Potomac, the bridge was of considerable length. After destroying the bridges, the rebels went in the direction of New creek, by way of Brady's Mills, beyond Cumberland. There are many rumors as to the intentions of the rebels, and some fears are entertained of an attack upon Piedmont or Oakland.

[Correspondence Associated Press.1 BALTIMORE, Feb. 3d .- The telegraph line is again working to Patterson's creek. Preparations are being made to restore the bridge there and it will soon be repaired.

The North Branch creek is larger and cannot be so easily repaired. No further information of the rebel movements has been received.

FROM BOSTON.

Boston, Feb. 3.-Major-General Burnside, by invitation of Governor Andrew, will review the troops at Readville to-day. The regular trains leave the Boston and Providence Railroad depot at 10.30 and 12.10 o'clock. The train mentioned in some of yesterday's papers as to leave at 12.45 is a special train for the Legislature and City Government, who have accepted invitations to attend the review, and no other passengers will be taken on it. The public should take notice of the fact and avail themselves of the other trains.

FROM WASHINGTON. WASHINGTON, Feb. 3 .- There is nothing of particular interest to send from here this morning, The newspapers are principally occupied with an account of the annual meeting of the U.S. Christian Commission, last evening, at the Capitol. THEY REFUSE TO BE FORCED TO RE-ENTER

[From the Cincinnati Commercial.]
The following address was procured by me from some rebel soldiers in Calhoun county, Alabama, a few days past. I was on secret service for the Government, and was therefore in disguise, and the rebels gave me the address, supposing me to be a rebel soldier. There is no mistake as to its genuineness; and I know that it has circulated to a considerable extent among the dissatistied rebel soldiers. The following is the address:

"Fellow Soldiers of the Army of Tennessee! Three years ago we were called upon to volunteer in the Confederate army for a term of three years; and we all nobly responded to the call, with the express understanding that we were to be discharged as soon as our term of service expired. (From the Cincinnati Commercial 1

discharged as soon as our term of service expired. Indeed, we were fathfully assured by all of our officials that such a course would be pursued. The Secretary of War proclaimed that those who real process of the secretary of t volunteered for "three years or during the war," would have to be discharged from the army at the end of three years. But, to our utter surprise, we are now told that we must be conscripted and forced to enter the army for another term of three years! Our feelings are not to be consulted—we must be consulted—we have a per a consulted—we have a

MUST BE CONSCRIPTED!

"Was such a thing ever heard of before! Do the annals of wai furnish a single instance of volunteer soldiers being forced to continue in the service after the expiration of their term of service? Surely not! If we search the history of the world from the days of Adam, down to the present, we will find that in every instance, a volunteer soldier was discharged as soon as his term of service expired, unless he, of his own accord, re-enlisted as a volunteer. And are we, Americans, once the boast and pride of the world—AREWE to be treated worse than the heathens of the dark ages of the world treated their soldiers? Are we to be made the worst slaves ever known to the world! And are we to slaves ever known to the world! And are we to become the laughing-stock of the world. "Frilow Soldiers! Is it not clear to every fra-

become the laughing-stock of the world.

'FELLOW SOLDIERS! Is it not clear to every frational mind, that our pompous and merciless rulers are daily stealing away our rights and liberties, and reducing us to the most abject slavery ever known to the world? And shall we covardly submit to this palpable infringement upon our most scared rights? We were told that we must come out to fight for our rights: yet our inhuman leaders are gradually robbing us of every right inherited by nature or transmitted to us by our predecessors? The Federals did not hesitate to discharge all their nine months' troops whose term of service expired last summer—they were promptly discharged, and their places filled up by new levies; and shall we suffer ourselves to be treated worse than our enemies are treated? No, brave comrades; let's assert our rights and unflinchingly maintain them? Let's show our beastly rulers that they can not thus entlave us because we are private solders? They have already cunningly led us to the very threshold of destruction; they have practiced one deception after another upon us; they have told us lies—Horrible Lies—to induce us to become their abject SLAYES.

'Among the innumerable lies promulgated by

one acception atter another injoin as, they have tool us lies—Horrible Lies—to Induce us to become their adject slaves!

"Among the innumerable lies promulgated by these unmatigated scamps we call your attention to the following. They lold us that the way would not has three months; that foreign nations would recognize us as an independent people, and help us fight; that the Yankees conds, not light; that one of us could whip ten l'ankees; that Vicksburg could never be taken; that Chattanoofa could never be taken; that the Peace parly of the North would force Lincoln to make peace with the South: That we soldiers should be dischaffed as soon as our time expired, and that we would not be heavily taxed. These are but a few of the many hypocritical lies proclaimed by those conspirators who have precipitated us into irretrievable revolution. E Shall we submit to be beguiled by these unvarence of the mondale treurents, and permit our families to stander to aware that it our absence from our families be protracted another term of three verys. home? Are we not aware that it our absence from our families be protracted another term of three years, many of them will suffer wretchedly for the necessaries of life, if they do not starve entirely to death? And are we not bound by the Most Sacebed Laws known to man to provide for our families? And schould we perroit a set of usurping profligates to prevent as from complying with this Divine Law? By the late laws of Congress, our families are to be taxed to an almost unlimited extent, and if we submit to become conscripts, the last ray of hope will have to be expelled from our hearts, for we can then hope for nothing but an untimely state of abject slaveny, not only of ourselvers, but also of our pamilies? Now is the time to Assert our right slaven, for if we wait longer our doom will be forever

if we wait longer our DOOM WILL BE FOREVER SEALED! We who write this address are determined to demand our rights, and, if necessary, we will DEMAND THEM AT THE POINT OF THE BAYONET! We are not enemies to the South; but we NET! We are not enemies to the South; but we are lovers of our rights, liberties and families, and if we must lose all our sacred rights, and permit our families to starve. In order to sustain our wicked leaders in their Deceptive GÖURSE, we prefer to return to tur Allegiance to the Old Government, accept of Lincoln's parpon, and lettue leaders and their Convedenacy go to Hell Togertier! This may be hard language for men y ho have fought in many a hard battle to use; but silent endurance ceases to be a virtue. But confi-

silent endurance ceases to be a VIRTUE, and confident are we that the Government of the United States can treas us no worse than we are heing treated by our martless officials in the field as well as in Richmond. But we are told that if we will let the authori-"But we are told that if we will let the authorities CONSCRIFT us the war will seen close, favorable to our side! Can any rational man creditsuch a perfidious lie? Does not this conscripting business plainly say to the world that we are fast playing out? that our weakness is rapidly manifesting itself even to our own delud d minds? Fellow-seldiers, we have been too often deceived by these wily liars to place the slightest confidence in any thing they tell us! They are but INVENTED LIES to enable them to the the cord of DESPOTISM tighter around our wrists! Every intelligent sol-

dier among us knows that we are already whipped; and why not acknowledge it at once? Why not show our leaders that we know we are whipped as well as they do? Fresident Davis virtually AGRNOWLEDGES THIS FACT; so does the SECRETARY OF WAR and the SECRETARY OF THE TREASURY! What use is there for us to contend against. A DEAD CURRENCY and an EMPTY GOMMISSARY in the face of the best army ever marshaled for combat? Think of these things, fellow-soldiers, and decide what shall be your, course. WE:HAVE MADE UP OUR MINDS TO GO HOME AS SOON AS OUR TIME IS OUT.

the Society.

Dr. McClure, V.S., called the attention of the Society to equinis or glanders now prevailing extensively in this region. The disease is very fatal, and there is no chance of a person recovering when attacked. Therefore, said Dr. McC. every horse nfiected with a discharge from the nostrits must be looked upon with suspicion. The increase of the disease is attributed to the extensive purchase of horres condemned by the Government. Two cases horses condemned by the Government. Two cases in which parties who had been attacked by the disease, had died, notwithstanding the efforts of the most eminent Surgeons.

Mr. Ingersoll said, in referring to a patent thorse

shoe which had been exhibited at the last meeting, that in winter time he only corked the toe of the shoes of his borses, and he found that it worked snotes of his norses, and no found that it worked exceedingly well.

Dr. McClureremarked that Mr. Ingersoll is right.
The corking of the heel is a source of continued annoyance to the horse.
The Society then adjourned.

CAIRO, February 1st.—The steamer Mary E.
Forsy'h, Captain Nat. Gun, clerk, from Memphis on the 30th, arrived this evening, with over two hundred cabin passengers, and about five hundred on deck, some of whom were farloughed soldiers. The greater number of these, however, were refugees from West Tennessee.

The Bulletin has the following from the officers of the South Western, which arrived from below last evening: "We learn that the steamer Q. Lloyd was fired into two days since, thirty miles this side of White river. A large number of shots were fired but no one was injured. No harm done. Seven men from the South Western, with their mules and horses, were captured recently by guerillas rear Bolivar Landing. They were out on a forage expedition, and have not been heard from since. Guerillas are reported quite plenty at various points down the river. They have rarely fired into boats of late, but arefrequently seen. Their presence is reported by the inhabilants.

For some weeks past some of the Union men of Memphis have been consulting as to the prospect of an early movement for reorganization in Tennessee. Much interest has been felt to know the views of Governor Andrew Johnson on the subject, it being well known that any plan which failed to command his approval would stand but a slim chance of final success.

Participating in the general impression that he was the leader whom it would be safe to follow in such a great work as rebuiding the temple of civil liberty in Tennessee, the editor of the Memphis Bulletin addressed Governor Johnson on the subject. His reply is of such a gratifying character, that western it of sufficient importance to lay before your readers. It is as follows:

The rout was complete and disgraceful to the rebels. Shelby's force was estimated at 800. Col. Collayton marched forty miles in twenty-four hours, made the fight and gained the victory.

The Entire Road Now Clear.

DEFEAT OF THE REBELS IN TENNESSEE.

THE BAID ON THE BALTIMORE AND OHIO RAILROAD.

BALTIMORE, Feb. 3.—The American has received the following special despatch: CUMBERLAND, MD., Feb. 3-Noon.-The guard of one company of infantry, posted at Patterson Creek bridge, 8 miles east of Cumberland, was attacked at half-past one o'clock, vesterday afternoon, by 500 rebel cavalry, under Col. Rosser, and, after a spirited resistance, in which two of our men were killed and ten wounded, the greater part of the company

were captured. This accomplished, the rebels set fire to the bridge and, leaving it to destruction, started off with their prisoners in the direction of Romney. The employes of the railroad succeeded in staying the fire and saved the bridge

with only slight damage to it. Gen. Averell with his command, who had been sent out from Martinsburg by Gen. Kelly this morning, overtook the rebels near Springfield, and a severe engagement ensued. The rebels were driven through Springfield, and thence to and south of Burlington. Many of the rebels were killed and wounded, and our captures are large, including the recovery of our own men, men taken yesterday at Patter-

son's Creek, and many horses. The enemy are making rapid tracks for the

back country, pursued by our cavalry. The intended raid on New Creek has been thwarted by Gen. Averell's quick movements and the other ample arrangements made by Gen. Kelly and their anticipated success turned to a complete rout and discomfiture.

The Baltimore and Ohio Railroad is now entirely clear of the enemy and the full operation of the line will be at once resumed. The weather is clear and cold.
