## From our Third Edition of esterday THE RAID ON THE BALTIMORE AND OHIO

BALTIMORE, Feb. 3.—The American has received the following special despatch:

CUMBERLAND, MD., Feb. 3—Noon.—The guard of one company of infantry, posted at Patterson Creek bridge, 8 miles east of Cumberland, was attacked at half-past one o'clock, yesterday afternoon, by 500 rebel cavalry, under Col. Rosser, and, after a spirited resistance, in which two of our men were killed and ten wounded, the greater part of the company

This accomplished, the rebels set fire to the bridge and, leaving it to destruction, started off with their prisoners in the direction of Romney. The employes of the railroad succeeded in staying the fire and saved the bridge with only slight damage to it.

Gen. Averell with his command, who had been sent out from Martinsburg by Gen. Kelly this morning, overtook the rebels near Springfield, and a severe engagement ensued. The rebels were driven through Springfield, and thence to and south of Burlington. Many of the rebels were killed and wounded, and our captures are large, including the recovery of our own men, men taken yesterday at Patter-

son's Creek, and many horses.

The enemy are making rapid tracks for the back country, pursued by our cavalry.

The intended raid on New Greek has been thwarted by Gen. Averell's quick movements and the other ample arrangements made by Gen. Kelly, and their anticipated success turned to a complete rout and discomfiture.

The Baltimore and Ohio Railroad is now entirely clear of the enemy and the full operation of the line will be at once resumed. The weather is clear and cold. DEFEAT OF THE REBELS IN TENNESSEE.

WASHINGTON, Feb. 8.—The following despatch has been received at the Headquarters of the Army: "NASHVILLE, Feb. 2, 1864.—General Dodge

reports that on the 28th ult. our forces, under Col. Phillips, drove Roddy to the south side of the Tennessee river, and captured all his trains, consisting of over 20 mule teams, 200 head of cattle, 600 head of sheep and 100 horses and mules. We destroyed a factory and mill that had largely supplied him. (Signed) "JOHN A. KAWLINS,

HILTON'S CEMENT.—The Insoluble
Cement of the Messrs Hilton Brothers is certainly the best article of the kind ever invented.
It should be kept in every manufactory, workshop
and house, everywhere. By its use many dollars
can be saved in the run of a year. This Cement
cannot decompose or become corrupt, as its combination is on scientific principles, and under no circumstances or change of temperature will it emit
any-offensive smell. The various uses to which it
can be successfully applied renders it invaluable
to all classes. For particulars see advertisement.
