San Francisco, Feb. 9.—The steamer Sierra

Nevada has arrived from Mexican ports with \$250,000 in treasure and 200 passengers. I The Mexican General Leon, who left Manzanilla on the 1st inst., has arrived here on his way to Washington, with instructions from Juarez to the Mexican Minister. He reports that Negrete, who was repulsed at San Luis Potosi on Dec. 27th with the loss of 2,000 men, afterwards formed a junction with Gonzales, Ortega and Doblado, and on Jan. 5th again at-

tacked that place, carrying it by assault after a struggle of twenty-four hours. They captured most of the garrison and a arge quantity of arms and munitions.

The traitor Gen. Mejia and his staff escaped. All of the traitors that were captured, com-

prising both commissioned and non-commissioned officers, were shot. The traitor Miramon occupied a position between Guadalajara and the city of Mexico. General Bazaine had marched with the French

army from Guadalajara toward Mexico, leaving a guard of 2,000 men at Guadalajara.

NEW JERSEY AND THE DRAFT.

NEW JERSEY AND THE DRAFT.

Gov. Parker, of New Jersey, has issued the following procumation:

A PROCLAMATION BY THE GOVERNOR.

The quota or New Jersey under the late call of the Fresident for Sea, 650 men, is 16.759. Upon this quota with be credited and deducted all volunters from this State who have been missered into the United States service since the first of June, 1863, and also all who shall be so mustered, prior to the first day of March, 1864. More than ten thousand (10,000) men have been already recruited on account of this quota.

The sub-districts that have raised the quotas as signed them in the General Orders issued from the office of the Aoju ant General of this State, under my Proclemation of 27th July, 1863, and 22d October, 1863, are not liable to the draft ordered to be made on the 16th day of March next.

By referring to previeus publications of quotas, the deficiency of the various sub-districts not yet exempt will be yery nearly ascertained. The Adjutant General will announce the exact deficiency as soon as possible.

The Government bounty of \$300 for new recruits and \$410 for yeterans will not be paid after the expiration of the present month. I earnessly call upon the people of those townships and wards where deficiencer exist, to devote all their energies to filling their respective quotas before the large Government bounties now offered are with drawn.

Believing that the people of New Jersey desired

iarge Government bounties now offered are with drawn.

Beheving that the people of New Jersey desired to avoid a draft, I have labored to give them the opportunity to furnish volunteers. The greater part of the State is airready exempt. There is yet time for each township and ward to fill its entire quota if the people will be earnest in the effort. The advantages of such action, especially to the laboring classes: have been more than once presented. I can add but little to the appeals already made. I leave the subject with the people, in confidence that their response will be such as will gladden the heart of every Jerseyman. response will be such as will gladden the heart of every Jerseyman.

Given unger my hand and privy seal, at Trenton, this tenth day of February, A. D. one thousand eight hundred and sixty-four.

CAPE G-RARDFAU, Feb. 6.—On the 3d inst., a scouting party sent out by Col. J. B. Rogers, under command of Captain Shebly, 2d regiment cavelry, M. S. M., a-tacked a large band of guerillas under the noted chief John F. Bolin, kilted sever, and captured eight men, threen horses, and fitteen wagons oaced with corn. Bolin was captured and confined in the guard house at this post.

post.
At a late hour last night he was forcibly taken by the enraged soldiers and citizens from the custody of the guard, and hung. No intimation of the act reached the officers until the deed was being perpetrated. The officers did all in their power to suppress the violation of law, but to no avail. Bolin made the following confession before his execution: avail. Bolin made the following confession before his execution:

"I was at Round Pond; there were eight men killed, two by Nathan Bolin and one by John Wright. They were killed with handspikes. I emptied one revolver. At Round Pond I shot one man, at Isalias I wounded another. I captured eight men on Hickory Ridge; I told them I was going to shoot them, but their soldiers re-aptured them bofore I could do so. I have killed six or seven men; I killed my cousin; I ordered him to halt—he would not, and I shot him down."

Though Bolin was illegally hung, he deserved a worse fate.
