FURTHER FROM THE SOUTH.

THE FRIGHT AT MOIMOND.

[From the Examiner of Monday.]

Some days ago a report was obtained by the authorities here from a Yankee descrior, that the enemy was contemplating a raid, in considerable force, on Richmond. The report obtained consistency from a number of circumstances, an impressed the authorities to such a degree that a disposition of forces was made to anticipate the supposed designs of the enemy. At nine of cock, Saturday night a force of the enemy, numbers not known, but consisting of cavairy with some artillery, made a demonstration at Bostom's bridge and drove in our pickets. The news was not generally communicated to the public until Sunday morning; the first signal of excitement being the tap of the alarm bell, which readily summond the second class militia and the local forces in Capitol square and at other places of rendezvous. A despatch was also received early yesterday morning from General Wade Hamplon, at Hamilton's Grossing, stating that the enemy was threatening an advance. A train was despatched to his relief. In the meantime, out of the excitement in Richmond had been suddenly produced the most wild and extravagant rumors, the enumeration of which would be idle and tedious. In the progress FURTHER FROM THE SOUTH.

wild and extravagant rumors, the enumeration of which would be idle and tedous. In the progress of the day these reports assumed a more definite form. It appeared that the enemy made another demonstration on Colonel Shingler's lines yesterform. It appeared that the enemy made another demonstration on Colonel Shingler's lines yesterday morning, and in this instance were repuised, some two or three companies being engaged in our side. The force of the enemy was not uncovered, but as far as it could be perceived consisted of five regiments, mostly cavalry, it being doubtful, of course, whether there were only an advance guard or the entire force. It was not thought necessary yesterday to move the local forces beyond the city fortifications; and the disposition of other troops was made to hold the enemy in check. Lieutenant-General Hood was assigned to the command of all the defensive forces, and took the field at an early hour yesterday.

DISCOVERY OF AN ALLEGED PLOT TO LIEERATE THE PRISONERS AND ASSANSINATE THE PRESIDENT.
For several days past the Government has been in possession of facts that hinted, beyond a doubt, to the existence of a secret organization of disloyal men, having for its object the forcible release of the Yankee priconers held at the Libby and on Belle lele; the assassination of the President, and the destruction of the Government buildings and workstone leaved here.

destruction of the Government buildings and work shops located here. Captain Maccubbin, Chief of

destruction of the Government buildings and workshops located here. Captain Maccubbin, Chief of the detective corps, was assigned the duty of peactrating the mysteries of the case, and threading the details through the labyrinths of rumor to their head and source.

That official put the matter into the hands of two of his most experienced detectives, Messrs. Receand Mitchell, who immediately set to work, and on Saturday night they arrested, at his house on Seventeenth street, between Main and Franklin, a German named A. W. Helinz, a baker, upon the charge of being a prominent member of the treasonable association. He was furthermore charged with inciting confederate soldiers to mutiny and the assassination of the President. The detectives seized along with Heinz, a great number of the most important papers, including the roll of membership of the organization, and documents of such a character as to leave no doubt of his crime, and the criminality of others. The documents were taken possession of yesterday by General Winder, who ordered Heinz to be placed insceure quarters at Castle Thunder, and to allow him no communication whatever with any outside parties.

Heinz, the reputed ringleader, has always been looked upon as a disloyal man, and his associates in treason are all pretty much of his own character and social standing. It is possible that other arrests will follow, as the treason will be probed to te depth, no matter whom it affects.

ts depth, no matter whom it affects.

[From the Ex-miner, of Monday.]

TWO GAYALEYMEN KILLED BY NEGRO SOLDIERS.

We learn that on Friday last two members of the We learn that on Friday last two members of the Prince William cavalry, named Davis and Reynolds, succeeded in capturing four negroes in the Yankee service, belonging to the 'Home Guard' of Fairfax county. The cavalrymen took the negroes to Dumfries, and on Friday night placed them in an unoccupied house. Having imprudently fallen to sleep, the cavalrymen were attacked and overpowered by the negroes, their skulls cleft by some sharp instrument, and their bodies mutilated, in the most horrible manner. They were found next morning weltering in their blood, and lived only long enough to relate the circumstances of the terrible tragedy which had befallen them.

SUSPENSION OF THE HABEAS CORPUS.

befallen them.

SUSPENSION OF THE HARBAS CORPUS.

It is generally reported that, for some time past, the House of Representatives has been considering in secret session, a bill to suspend the habeas corpus; and it is believed by a portion of the public that the bill has been passed in this branch of Congress "with certain reservations."

[From the Enquirer of Monday.]

EXCHANGE OF PRISONERS.

For several days rumor has asserted that the late secret sessions of the Virginia Legislature had been spent in discussing certain resolutions urging the Confederate Government to 'recall the' outlawry of Butler, in order that an exchange of prisondrs may be resumed. We have no means of knowing whether the rumor has any foundation in truth. We hope the Confederate Government will not allow itself to be influenced in the least by any pressure from outside. The honor of the Government is deeply involved—it has deliberately and with the universal approbation of its people, and concurrence of all civilized fations, pronounced this miserable and infamous creature to be beyong the pale of military respectability. nounced this miserable and infamous creature to be beyond the pale of military respectability.

No action eyer taken by the Government has received a heartier and fuller popular approval. The order of the proclamation, that any officer capturing Butler should forthwith hang him, gives universal satisfaction. The public sentiment of European nations has approved it, and honorable meneven in the United States have acknowledged its justice. Why then recall it? Do our prisoners desire it? Will it mitigate their sufferings? No—it will be a useless and radiculous backdown; injurious to the national character, and presenting us to the world as a vacillating and unstable nation, whose resolutions are changed by adversity, and whose fimmess wilts under suffering.

ARMY CONTRACTS AWARDED

whose resolutions are changed by adversity, and whose fimmess wills under suffering.

THE ONLY KNOWN REMEDY FOR THE ONLY KNOWN REMEDY FOR, THE ONLY KNOWN REMEDY FOR THE ONLY KNOWN REMEDY FOR THE ONLY KNOWN REMEDY FOR

DIABETES, STONE IN THE BLADDER, CALCULUS,

GRAVEL. IRRITATION OF THE NECK OF THE BLAD-DER.

INFLAMMATION OF THE KIDNEYS. CATARRH OF THE

BLADDER. STRANGURY.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to remove the most ursingle dose has been known to remove the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips! A teaspoonful a day of the Constitution Water will relieve you like magic. PHYSICIANS

Have long since given up the use of buchn, carebe and juniper in the treatment of the diseases, and only use them for the want of a better remedy.

CONSTITUTION WATER has proved itself equal to the task that has devolved upon it.

DIUERTICS irritate and drench the kidneys, and by constant

ise soon lead to chronic degeneration and confirmed disease.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of disease for which it has been found so eminently successful for curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physician.

STRUATION; AND MENORRHAGIA, Both diseases arising from a faulty secretion of

Both diseases arising from a faulty secretion of the menstrual fluid—in case of being too little, and accompanied by severe pain, and the other a too profuse secretion, which will be speedily cured by the Constitution Water.

The disease known as FALLING OF THE WOMB, which is the result of a relaxation of the higaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides, and at times accompanied by sharp, lancinating or shooting pains through the parts, will, in all cases, be cured by this medicine.

There is another class of symptoms arising from IRRITATION OF THE WOMB, which physicians call nervousness, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease or the disease the symptoms. We can only enumerate them here. I speak more particularly of Gold Feet, Palpitation of the Heart, Impaired Memory, Wakefulness, Flashes of Heat, Languor, Lassitude and Dimness of Vision.

SUPPRESSED MENSTRUATION, Which in the unmarried female is a constantly recurring disease, and through neglect the seeds of more grave and dangerous maladies are the result; and as month after month passes without an effort being made to assist nature, the suppression becomes chronic, the patient gradually loses her appetite, the bowdle are constipated, night sweats come on, and consumption finally ends her career

READ! READ!! READ!!

DANVILLE, Pa., June 2, 1962.

Dr. Wm. H. Gregg—Dear Sir: In February, 1861, I was afflicted with sugar diabetes, and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lost about fifty pounds in weight. Buring the month of July, 1861, I procured two bottles of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was entirely cured; soon after regaining my usual good health.

Yours unly, J. V. L. DEWITT.

Boston Corners, N. Y., Dec. 27, 1861.

Hours truly, J. V. L. DEWITT.

Bostox Corners, N. Y.. Dec. 27, 1861.

Wm. H. Gregg & Co.—Gents—I freely give you liberty to make use of the following Certificate of the value of Constitution Water, which I can recommend in the highest manner:

My wife was attacked with pain in the shoulders, whole length of the back, and in her limbs, with Palpitation of the Heart and Irritation of the Header. I called a physician, who attended her three months, when he left her worse than he had found her. I then employed one of the best physicians I could find, who attended her for about nine months, and while she was under nis care she did not suffer quite as much pain. He finally gave her up and said, her case was inswable. "For," said he, "she has such as such as ombination of complaints, that medicine given for one operates against some other of her difficulties." About this time she commenced the use of the Constitution Wather, and, to our utter astonishment, almost the first does seemed to have the desired effect, and she kept on improving rapidly ander its treatment, and now superintends entirely her domesticaffairs. She has not taken any of the Constitution Wather for about four weeks, and we are happy to say that it has produced a permanent cure. WM.M. VAN BENSCHOTEN.

wetherspield, Gonn., March 2, 1863.

Dr. W. H. Gregg—Dear Sir—Having seen your advertisement of "Constitution Water," recommended for inflammation of the Kidaeys and Irritation of the Bladder, having suffered for the past three years, and tried the skill of a number of physicians with only temporary relief. I was induced to try your medicine. I procured one bottle from your agents at Hartford, Mossrs. Lee, Sisson & Co., and when I had used half of it; to my surprise I found a great change in my health. I have used two bottles of it, and am where I never expected to be in my life, well, and in good spirits. I cannot express my gratitude for it; I feel that it is all and more than you recommend it to be. May the blessing of God ever attend you in your labors of love. Yours, truly,

THESE ARE FACTS ENOUGH.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful in curing; and we wast that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patients and physicians.
