FURTHER FROM EUROPE.

THE FITTING OUT OF THE RAPPAHANNOC On the 26th of January, Mr. William Rumble, Inspector of Machinery at Sheerness dockyard (England), was brought before the bench of Magistrates at Sittingborne, charged with a breach of the Foreign Enlistment act, in connection with the fitting out of the rebel privateer Rappahannock.

After a long examination the prisoner was committed for trial, but bail was accepted to the amount of £1,000 sterling.

[Correspondence of the N. Y. Tribane.] CAPE Town, CAPE of GOOD HOPE, Dec. 19, 1863.—From Madagascar we have the news that the Sea Bride, which was captured at the entrance of this harbor, arrived at Foule Point, an unfrequented harbor at that island, about the 17th of October. There a portion of her cargo was landed and sold, and the remainder was put on board the British bark Reward. ostensibly bound for Mauritius, but which subsequently was taken to "St. Mary's and sold. The Sea Bride was bought at Foule Point by a Mr. A. Baillou, of Port Louis, Mauritius. Before purchasing, he asked the British authorities at Mauritius if he could get a British register for the vessel, and receiving a negative or doubtful answer, he left with a blank register in his pocket, intend-ing to get it filled out by the Malagash authori-ties at Madagascar. He has since returned to Mauritius, and his ill-gotten bargain has been spirited off to some secluded spot on the island.

It is quite probable that failing to get a register at Madagascar, the next we shall hear of the famous Sea Bride, now Helen of Hamburg,

will be in the Mozambique Channel with a cargo of slaves on board.

The part of the Sea Bride's cargo which was smuggled in here has been claimed by the American Consul, Mr. Graham, who has commenced a suit in the Admiralty Court for its recovery. The case will come on for trial in January—the Colonial Government being the

The Governor sent for Mr. Anderson, of the firm of Anderson, Saxon & Co., a few days ago, to see if he had no demands to make for edress for the coal taken by the Vanderbilt at Penguin Island; but he answered no, and said that his bill had been sent to Washington, and he did not wish to trouble the British Govern-

ment about it at present. It is high time that a war vessei should he stationed on this coast to watch the pirates. There is only one vessel at present to protect the whole coast of Brazil and the whole of South Africa and the Indian ocean; and there is only one vessel east of the Straits of Sunda, besides the old Jamestown, which is useless in modern warfare.

This petition was filed on the 19th of October last, and was served upon the respondent on the 21st of October. The respondent's answer was filed on the 11th December, denying first the alleged marriage, and secondly, the alleged adultery. On the 17th of November an order was obtained by the noble correspondent for the delivery of particulars of the time and place of the alleged marriage and of the alleged adultery. This order had not been

complied with. Mr. D. Seymour, Q. C., now moved that the lars within a certain time, or that the petition should be dismissed. Mr. Seymour, in the course of his argument, cited an affidavit of Mr. Horsley containing these words: "Lastly, I say I verily believe that the petition was presented and filed and served for purposes of extortion only, and that the petitioner has no case upon

the merits." Sir James Wilde said that the Court could not tolerate for a moment any want of reasonable expedition on the part of the petitioner.

The Court was asked to make some order with regard to particulars, but the respondent having already answered was not entitled to make such an application. But she has a right to insist on the petitioner proceeding. He would, therefore, make an order on the petitioner to show cause on the next motion day (Tuesday the 2d) why he should not proceed or why the petition should not be dismissed.

CHARLOTTE THOMPSON'S BENEFIT.—Thousands of admirers of Miss Charlotte Thompson will turn out at her benefit this evening at the Arch. The bill comprises "The Hunchback" and "The Little Treasure," and we can honestly say that no entertainment could be given anywhere with greater excellence than that at the Arch this evening. In both pieces Miss Thompson is superb, and she will be worthly supported.

The Panorama of "Ten Nights in a Bar Boom," with "The Pilgrim's Progress," will be exhibited for two nights more at Concert Hall lecture room.

THE CHESTRUT.—"The T. O. L. M." will be given to a full house this evening at the Chestant, To morrow afternoon a grand matinee takes place at this theatre.

DANYILLE, Pa., June 2, 1602.

Dr. Wm. H. Gregg—Dear Su: In February, 1861, I was afficted with sugar diabetes; and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lost about fifty pounds in weight. During the month of July, 1861, I procured: two bottles of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was entirely cured; soon alter regaining my usual good healthy. after regaining my usual good health.

Yours truly,

J. V. L. DEWITT.

BOSTON CORNERS, N. Y., Dec. 27, 1861.

Wm. H. Gregg & Co.—Gents—I freely give you liberty to make use of the following Certificate of the value of Constitution Water, which I can recommend in the highest manner:

My wife was attacked with pain in the shoulders, whole length of the back, and in her limbs, with Paipitation of the heart and Irritation of the Bladder. I called a physician, who attended her three months, when he left her worse than he had found her. I then employed one of the best physicians I could find, who attended her ter about nine months, and while she was under his sare she did not suffer quite as much pain. He finally gave her up and said, her case was insurable. "For," said he, "she has such a sembination of complaints, that medicine given for one operates against some e'her of her difficulties." About this time she commenced the use of the Constitution Water, and, to our utter astonishment, almost the first does seemed to have the desired effect, and she kept on improving rapidly under its treatment, and now superintends entirely her domesticaffairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to say that it has produced a permanent cure. WM.M. VAN BENSCHOTEN.

wetherspield, Conn., March 2, 1863.

Dr. W. H. Gregg—Dear Sir—Haying seen your advertisement of "Constitution Water," recommended for infiammation of the Kidneys and Irritation of the Bladder, having suffered for the past three years, and tried the skill of a number of physicians with only temporary relief, I was induced to try your medicine. I procured one bottle from your agents at Hartford, Messrs. Lee, Sisson & Co., and when I had used half of it, to my surprise I found a great change in my health. I have used two bottles of it, and am where I never expected to be in my life, well, and in good spirits. I cannot express my gratifude for it. I feel that it is all and more than you recommend it to be. May the blessing of God ever attend you in your labors of love. Yours, truly,

THESE ARE FACTS ENOUGH.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful in curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patients and physicians.
