FROM HELENA, NATCHEZ, &c. .[Correspondence of the Cincinnati Gazette.]

CAIRO, Feb. 13.—General Baford, at Helena, on the 8th, arrested a rebel scout named Levy, an of ficer in Captain Gibson's rebel company, and of rebel General Polk's staff. He is intelligent and of commanding manners. He had crossed the river with a horse on a little cotton trading steamer, and represented to the Government Aid on the boat that he was one of General Buford's spies; going with important intelligence to his camp. General Buford learning the facts, arrested the Government Aid, and sent scouts on the track of what proved to be, when captured, a spy in the rebel service.

Advices from Natchez to the 5th inst., say the town is now showing signs of vigor. The planters who hitherto held off are returning to their allegiance, and receiving back their landed property. No less than sixty have taken the President's oath within a few days. Deserters are coming in daily: afteen arrived from Alexandria a few days ago, and four this forenoon from the same point, bringing a captain and surgeou of their regiment as prisoners. The rebels are pressing all the male portion of the inhabicants, from sixteen to sixty years of age, into the ranks, besides lobbing the poor of what few necessaries they have. Boots fetch \$200. A coat is worth \$500, and pants, \$450. Women's spoes, \$100 to \$110. Nothing is plenty but corn bread and pork, and even these command fabulous prices. Cotton is worth \$100 per bale, Confederate trash; equal to \$3 in greenbacks or \$6 in \$60d. Whole tracts are made desolate. Stores are rotting for repairs. Unless the States shall step in and put a stop to the doings of the Confederate chiefs, the whole country bids fair to become a howling wilderness in a few years. Another sources of congratulation to Union men is the very large Union sentiment which prevails in some quarters. Eighty-five men have been recruited for the 2d Louisiana cavalry from one section alone. Felegates of influential citizens are arriving and begging for arms and assistance to organize home guards for the mall power of the United

freatment. These are also many executivens.

The Treasury Department for the district of Natchez is in full force under the admirable supervision of Judge Hart, assisted by Mendenhall, Delap, Mills and other gents. The freezing of the Mississippi caused a great rise in the price of provisions. Flour is \$15 per barrel, apples \$12, putatos; \$8, beef 15c. per lb. for choice cuts, mutton 19 Co.

12%c.
The 4th Iowa (newly recruited) Battery is furnished with two 12-pound howitzers, and four The 4th Iowa (newly recruited) Battery is furnished with two 12-pound howitzers, and four rifled steel guns. All have for several days been practising gunnery under the instruction of Lieut. J. W. Mitchell, of Gen. Reed's staff. They exhibited wonderful proficiency for the short time they have practised.

Through the drunkenness of the jailer a number of the most notorious horse thieves and counterfeiters, effected their escape from the Cairo jail last night. The tools used in cutting their way ont, were found. The jailer was arrested and placed in the guard-house, charged with complicity in their escape.

their escape.
A. J. Smith, Colonel of the 4th Mississippi Infantry, of African des ent, and J. L. Coats representing himself as Major of the 9th U. S. Infantry, were arrested for drunkenness and disfantry, were arrested for drunkenn as and disorderly conduct one evening this week by Provost Marshal Tallmadge, who placed them in the guard house over night, when they were taken before Brig. Gen. Reid, who gave them a moral lecture for their disgraceful conduct, and discharged them. Brigadier General Uheatham, late Colonel of the 12th Illirois, is appointed to the command of colored troops in the State of Tennessee. He left on the steamer Sultana for his chad color of the 12th Illirois, for the steamer Mann, from Memphis to Cincinnati, had 620 bales of cotton, mostly for Cincinnati.

A VOICE FROM KANSAS.

To the Editor of the Star—Sir: 1 enclose you a letter from a young Englishman—a man of Kent—now in the United States of America, to his father in the Tower Hamlets. This young man left this country at the age of seventeen—in 1851—to join his brother at Rochester, in the United States who had gone a year before. He first worked in a nursery, and has continued to work on the land and brought himself into his present position. He had not 21, when he reached the American shore, but he was trained to industry, which was better than money. Having been nearly burned to death when a child, it was advised that he should turn up the soil to give him strength; happily it has done so, and I am prond to call him my son.

By inserting the letter in your liberal paper you will oblige your humble servant. C. WILLIS.

"KANSAS TERRITTORY, Dec. 9, 1-63.—Dear Father:—I write to let you know where I am and what I am doing. I believed I toid you in a former letter that my farm of forty acres of land, my team of horses, and my threshing machine I had paid for, and some money to spare. Having a love for the Government of the United States, and

letter that my farm of forty acres of land, my team of horses, and my threshing machine I had paid for, and some money to spare. Having a love for the Government of the United States, and great respect for the Stars and Stripes, I have enlisted to do battle for the same, and to protect our own State. I have for the last six months been running my threshing machine with good luck. I have earned two hundred dollars and sold out for the same I gave. I enlisted two months since, as we have had a great ceal of trouble here. No doubt you heard of the great massacre at Lawrence, but we feel in hopes that the Union will soon triumpn. Everything is going on in favor of the Government. I likesoldiering. I am acting as a sergeant, and shall soon be made one. I sam in the Kansas Cavalry. My pay is SIT per mouth. I shall save all I can, and improve my knd when I get out of the service, if I am not killed; and if I should be killed it will be an honorable death, for I consider fighting for liberty is right. Then conquer we must for in Got is our trust. I thought of coming home to see you this winter, but I shall fot come till I am discharged. I enlisted for three years, but I may be discharged before. We had line weather, and good wheat crops. Produce of all kinds is high. Wages are good for all kinds of work. Our young State is prospering well. Railroads are being made. Everything is improving fast. A good chance for a man to get a farm here now very cheap. Nearly all the boys have gone into service. Those that have not are called Secessionists. I think it my duty to fight for my country. Liberty and freedom are the best and noblest cause that man can fight for. Your affectionate son,

THE PROPOSED NEW RAILROADS IN THE LEHIGH VALLEY. The following is a copy of a bill lately reported in the House of Representatives from the Committee on Railroads:

the Committee on Railroads:

**A Supplement to an act entitled "An Act to awhorize the Lehigh Coal and Navigation Company to extend their Railroadfrom White Haven to Mauch Chunk," and their Railroadfrom White Haven to Mauch Chunk, See Section 1. Be it enacted, &c., That to enable the Lehigh Coal and Navigation Company to consolidate their loans, they are hereby authorized to increase the sum of money which they are authorized to borrow by the fourth section of the act to which this is a supplement; and secure the same as therein provided by an additional amount equal to the present funded debt of the said company, and to use the bonds to be issued, or moneys to be borrow we under the provisions of the said fourth section of this act, or any part thereof, at their discretion, to pay off or cancel said debt or any part thereof. Sec; 2. That the said company be and they are hereby authorized to extend their railroad from Mauch Chunk down the valley of the Lehigh to the river Delaware, or to any intermediate point, and to connect the same with other railroads anthorized or running to or along said valley; to build branches not exceeding two hundred miles in length each, to cross the Lehigh by one or more branches; to cross other railroads at grade, and to exceed the cross the railroads at grade, and to exceed the constructed in the vicinity in the State of New Jersey. Provided, shall not be injured, and that before erecting said first be obtained. first be obtained.

SEG. 3. That the provisions of the fifth section of the act to which this a supplement be, and the same are hereby extended so as to embrace the railroad and branches and the bridges hereby provided

for,
SEC: 4. That it shall be lawful for the said company to increase their capital stock from time to time to such an amount as may be necessary to coverthe sums expended, or to be expended, in the construction of their works and improvements, which have been or may be authorized by law.

GROVER'S CHESTNUT ST. THEATRE.
ESPECIAL NOTICE.—The Manager desires particularly to direct the attention of Ladies, Children and Families to the FAMILY AFTER-NOON ENTERTAINMENTS AT THE CHEST-NUT STREET THEATRE, the second of which will take place on SATURDAY AFTERNOON NEXT. It is the desire of the Manager to establish a series of elegant FAMILY MATINE BS, at the request of numerous heads of families, as well as residents of Frankford, Germantown, West Philadelphia, Kensington and Camden, such as those which have obtained immense popularity in Boston. The entertainment will usually be kept quite distinct from the regular performances, the very large Company engaged at the Unestnut enabling the Manager to present a different programme

with different artists.

It may be well to add that respectable ladies may, with the greatest propriety, should they desire, attend these entertainments without escurt, as they are devised mainly for their parronage and amusement. The Family Matines on Saturday, in point of numbers and respectability, was a deided success, the Theatre being quite filled with ladies. The prices of admission are Fifty Cents per Ticket to all parts of the house, except the Family Circle. The private box doors are thrown open, the orchestra and orchestra chair gates renoved, and these Tickets admit to all parts of the Theatre. TWO TICKETS ADMIT THREE PERSONS. Children 25 cents each. Family Circle 25 cents. No seats are secured or reserved. The Programme for next Saturday will be announced on Wednesday next.

STRUATION; AND MENORRHAGIA. Both diseases arising from a faulty secretion of Boil diseases arising from a faulty accretion of the mentrual fluid—in case of boing too little, and accompanied by severe pain, and the other a too profess exerction, which will be speedily cared by the Constitution Water.

The disease knewn as FALLING OF THE WOMB, which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness anchorageing pains in the back and sides, and at times accompanied by sharp, lancinating or shooting pains through the paris, will, in all cases, be cured by this medicine.

There is another class of symptoms arising from IRMITATION OF THE WOMB, which physicians call nervessness, which word covers up much ignorance, and in nine cases out of ten the dector does net really knew whether the symptoms are the disease or the disease the symptoms. We can only enumerate them here I speak more parkedlarly of Cold Fret. Palpitation of the Heart, Impaired Hemory, Wakefulness, Flashee of Heat, Languer, Lassitude and Dimness of Vision.

DANVILLE, PA., June 2, 1502.

Dr. Wm. H. Gregg—Dear Sur: In February, 1601, I was afflicted with sugar diabetes, and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lest about fifty pounds in weight. Usuing the month of July. 1861, I processed two bottles of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was entirely cured; soon after regalining my usual good health.

Years truly,

J. V. L. DEWITT.

Boston Corners, N. Y., Dec. 27, 1861.

Wm. H. Gregg & Co.—Gents—I freely give you liberty to make use of the following Certificate of the value of Constitution Water, which I can recommend in the highest manner:

My wife was attacked with pain in the shoulders, whole length of the back, and in her limbs, with Palpitation of the heart and Irritation of the Biedder. I called a physician, who attended her three months, when he left her worse than he had found her. I then employed one of the best physicians I could find, who attended her for about nine months, and while she was under nis care she did not suffer quite as much pain. He finally gave her up and said, her case seas incurable. "For," said he, "she has such a combination of complaints, that medicine given for one eperates against some other of her difficulties." About this time she commenced the use of the Compitation Water, and, to our utter astonishment, almost the first dose seemed to have the desired effect, and she kept on improving rapidly under its treatment, and now superintends entirely her domestic affairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to say that it has produced a permanent cure. WM. M. VAN BENSCHOTEN.

Br. W. H. Gregg—Dear Sir—Having seen your advertisement of "Constitution Water," recommended for inflammation of the Kidneys and Irritation of the Bladder, having suffered for the past three years, and tried the skill of a number of physicians with only temperary relief, I was induced to try your medicine. I procured one bottle from your agents at Hartford, Messrs. Lee, Sisson & Co., and when I had used half of it, to my surprise I found a great change in my health. I have used two bottles of it, and am where I never expected to be in my life, well; and in good spirits. I cannot express my gratitude for it; I feel that it is all and more than you recommend it to be. May the blessing of God ever attend you in your labors of love. Yours, truly,

THESE ARE FACTS ENOUGH.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful in curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patients and physicians.
