Rumored Advance of the Rebel Morgan Towards Middle Tennessee.

MATTERS AT KNOX-

VILLE.

FROM GENERAL GRANT'S ARMY.

CINCINNATI, Feb. 22.-A despatch from Chattanooga to the Gazette dated the 21st inst., gives a rumor that two divisions of the enemy occupied Marysville yesterday but afterwards retired.

It is said that the rebels have appeared on the Tennessee line below Loudon, blockading the steamer Chattanooga.

Another rumor declares that John Morgan crossed the Tennessee between Florence and Tuscumbia with 10,000 men, with the intention of making a raid on Middle Tennessee.

The Court House at Mobile, valued at \$200,-000, was recently destroyed by fire. All is aniet in front.

The situation of the rebel army is unknown. The weather is growing mild and pleasant.

INTERESTING FROM KNOXVILLE.

CINCINNATI, Feb. 22.-A despatch from Knoxville dated yesterday, to the Commercial, says, that the rebels have broken up their winter quarters at Morristown, and are in force at Strawberry plains.

They have completed the pontoon bridge at the Plains, and two brigades of infantry are across. A body of cavalry/ also crossed and had a skirmish on Saturday with our cavalry, six miles from here, and were driven back to the river.

General-Haskel encountered the enemy two miles out yesterday, at the south side of the river, and killed and captured six or seven of them. It is reported that the rebels have been reinforced by Buckner with a heavy force of artillery.

FROM WASHINGTON:

[Special Despatch to the Bulletin.] WASHINGTON, Feb. 22 .- The day is not kept as a holiday here, though Congress is not in session.

There is some rejoicing over rumors of a great victory in the Southwest. Nothing is certain yet; but, it is understood that General Sherman has completely out-generaled the rebel Polk.

Several ladies are here from Richmond, refugees. They tell sad stories of the general famine at the South.

BOWER'S INFANT CORDIAL is the oldest, safest and best remedy for yielding relief to The weather is mild, with a prospect of rain

captured were taken in their good clothes, they having put them on to make a "stanning" ap-pearance at the social and jovial gathering of the friends and officers and men of the promoted "bunk" together. Most generally a "shelter tent," so called, answers for the roof to these semi-shielders of inclemency. Then the necesthe friends and officers and men of the promoten major. There is nothing new to report from the Shendn-doah valley as r-gards Early's position or move-ments in South Branch valley. Our scouts are active, making captures of gue-rillas and picking up deserters. From the Kanawharegion there is nothing new, Refugees continue to come in to General Orook. It is estimated that two thousand refugees and deserters have come within the lines of General Kelley's department, since the 18th of January, 1864. sary appendage of a chimney is added, mostly built in the "swallow-nest" fashion, and always outside, "there being more room there." A bedstead is constructed of pieces of boards or whatever else may happen to "turn up." Stools and tables are made out of empty cracker boxes. Drinking cups are formed out of cans that had formerly contained fruits, ovsters, etc., by attaching a handle to one side, Preparations are being made at the different posts within this department to appropriately celebrate Washington's birthday, the 22d. hear the top. Buckets for boiling coffee are made out of the same articles, pieces of wire, picked up somewhere, being attached near to the top for "bales." Cans for holding rations of tea, sugar, coffee, salt, etc., are constructed by taking parts of two to make one complete, with lid. And often have we heard some of the boys express the wish that "he hoped the sutler would soon bring on some canned fruit," they being more anxions to CITY MORTALITY .--- The number of interments CITY MORTALITY...-The number of interments in the city during the past week was 398, a de-crease of six from the previous week and an in-crease of 74 over the same period last year. Of the whole number 158 were adults and 170 children-71 being under one-year of age; 1741 were males, 144 females, 102 boys and 68 girls. The greatest number of deatts occurred in the Nineteenth Ward-24-and the smallest number in the Twenty-fifth-2. The principal causes of dath were: croup 9, consumption 31, convolsions 18, diphthe-ris 6, malignant ty one fever 16, typhoid fever 12, spotted fever 14, and inflammation of the lungs 24. THE FIRE ON SATURDAY.-The grocery get the cans than the fruit. Plates for culinary purposes are made by "splitting an old can-teen" in two halves, which can be easily done, thus making two "plates or dishes." Spoons. forks, etc., are usually whittled out of a rude piece of pine or hickory wood. But why all this necessity, you may ask. Simply because Government does not furnish any of these requisites with which to eat their half spotted fever 14, and inflammation of the lungs 24. THE FILE ON SATURDAY.—The grocery store at Brown and Fifteenth street, which was burned on Saturday, as stated in the BULLETIN, was occupied by T. L. Wiggins. The roof of this building was burned off. The flames extended to the buildings No. 1501 and 1503 Ridge avenue, and both suffered badly from fire and water. The buildings Nos. 1505 and 1507 Ridge avenue, also suslained slicht damage. The buildings damaged belonged to Mr. George Root. His loss is covered by insurance. and quarter rations, and money will not always purchase what a man actually needs in the army. But the American soldier, born perhaps to affluence, can make a shift of necessity and enduring and still willing to endure, even though he may secretly believe that Government is trying how much he can bear, and still live, he 'hopes against hope," and with one fixed, determined purpose sticks to his motto "Never give up!" This is the material element that is now in field fighting ANNIVERSARY CELEBRATION .--- The one hun-ANNIVEREART UELEBRATION. --- The one hun-dred and twelfth anniversary of the Hibernian Fire Company was celebrated on Saturday even-ing. A bandsome supper was spread in an upper story of the house of the Company on Eveline street. Col. James Page, the President of the organiza-tion, presided with his accustomed ability and grace. Good speeches were made, good songs were sung, and the affair passed off very plea-santly. for truth, right, and justice, and can it help but succeed? Then why not maintain the old organizations and fill up their skeleton breaches with new recruits and drafted men? There is no palpaple necessity for forming new regiments, and besides, the "green recruits" will get along more smoothly, THE CITY BOUNTY .- During the week ending ay, and fight better, should the test come, when THE CITY DOUNTY. -- DURING THE WEEK CHAING on Saturday the City Treasurer paid \$300,000 as bounty to volunteers. The grand total of money paid by the City Treasurer, for bounty, foots up to one million seven hundred thousand dollars. Each soldier receives \$250 from the city alone, in addition to all other bounties. The number of men who have received this bounty is 6 500. attached to the old regiments, than they would

do in a body organized entirely out of the raw material. This is our humble opinion, and in conformity with the trite suggestions contained in the paragraph above quoted, we believe it practicable. MISSIONARY ANNIVERSARY .- The Missionary Now, then, as soon as arrangements are commissionary ANNIVERSAR, -- The Missionary Anniversary of the Wharton Street M. E. Church Sabbath School came off yesterday. The exercises, which consisted of offerings by the various classes, awarding of prize certificates, and addresses by several clergymen and others, were highly inte-resting. There is much to learn besides the "facings," "manual of arms," &c., and there can be no better tutor found to teach the neophyte how to cook, wash, avoid sickness, &c., than his old soldier messmate .to an advertisement in another column of the Bu-siness College of Messrs. [Correspondence of the Cincinnati Commercial.] Louisa, Ky., Feb. 17.—Colonel Ferguson, of the 16th Virginia (rebel) Cavalry, has, for the last month, been if the mountains of Wayne and Logan Counties, Virginia, and from thence made raids on different parts of these counties. Some ten days ago he captured General Scammon and his staff, and burned a steamboat on the Kanawha River, and harassed the troops in West Virginia, stealing every good horse that could be had in Wayne and Logan Counties. Several attempts have been made to dislodge them. A detachment was sent out from Louisa last week, a portion of the 13th Vir-ginia co-operating, and scouled over the whole county of Wayne, but the rock houses and almost impenetrable laurel thickets afforded the rebels more secure protection than casemated forti-fications mould here here bore

county of Wayne, but the rock houses and almost impenetrable laurel thickets afforded the rebels more secure protection than casemated forti-fications would have been. On the lath inst., at eight o'clock P. M., a picked force of 400 men, under command of Colocel G. W. Gallup consisting of portions of the 14th and 39th Kentucky Regiments, left Louisa and made a forced march of twenty-five miles, reaching the vicunity of Colonel Ferguson's command. Next morning a rebel soldier on picket was captured and used as a guide. The first intimation the reneise had of the presence of our men, was a sum-mons to surrender by Captans J. O. Collins and Wm. Bartrom, who were, with Company B of the 14th Kentucky, in the advance. The enemy broke in confusion and received the first of our troops? The fight did not last over three minutes, in which ther the rebels had sixteen killed and a large num-ber wounded, besides sixty prisoners; eighty stand of arms and a large number of horses, which they had stolen, were captured, together with all their supplies of forage, subsistence and ammunition. Colonel J. Feignson, 16th Virginia Cavalry, his Surgeon and two Lieutenants were captured, and are now prisoners at L uisa. Sixteen hundred e now prisoners at Leuisa. Sixteen hundred nion prisoners were released.

CIMALI 10-MOTION. GENERAL KELLY'S DEPARTMENT. DEFARTMENT OF WEST VIRGINIA, Feb. 21, 1864. -Yesterday Major Cole, while in command of a portion of the First Maryland cavalry battalion, had a skirmish at Piedmont Station, Fauquier county, with Mosby's command. Major Cole took seventeen prisoners, among them three officers. We lost about two killed and two wounded. The rebels are reported to have had five killed and a large number wounded. When attacked Mosby had just received a commission as Lieut. Colonel, and himself and men were at the time having a jollification spree over the good luck they believed would attend the promotion. VETERAN EXPEDIENTS. That "necessity is the mother of invention" is nowhere more fully exemplified than in the army among the private soldiers. They are the men that overcome obstacles and defy circum-stances. Their hasis for comfact is write stances. Their basis for comfort is nothing, comparatively speaking; and yet, visit their camp, in "winter quarters," and you will wonder how so much of abstract comfort could wonder how so much of abstract comfort could be achieved out of so meagre a basis of indif-ferent material. You will find houses (or "shanties," as the boys term them) constructed out of timber that you would cast away as refuse at home, and would scarcely use as fire-wood. Two or four men will unite in erecting these habitations, and will
