KILPATRICK WITHIN OUR LINES. WASHINGTON, March 3 .- The President has

received a despatch from Gen. Butler stating that Gen. Kilpatrick: yesterday arrived within our lines with a loss of something less than one hundred and fifty men, having had skirmishes on the way. Among the missing are Colonels Dahlgren,

Cook and Litchfield. Dahlgren and Cook are supposed to be pri.

Kilpatrick destroyed a large portion of the Virginia Central Railroad and several mills

along the James river, as well as other valuable property. He penetrated to the suburbs or outer fortifications of Richmond.

ANOTHER PANIC IN RICHMOND.

BALTIMORE, March 4. - We learn from Norfolk that there was some excitement there yesterday among the rebel sympathizers who profess to have intelligence of a great scare at Richmond owing to Kilpatrick's movements in the neighborhood of the city.

Some rumors were that Richmond was being evacuated, but there is nothing definite. The telegraphic cable across the Chesapeake is not working, hence nothing can reach here except by regular boat or by sending despatches across to Cherrystone.

It was generally understood that a force had been sent up by Butler to co-operate with Kilpatrick, but nothing had been heard from this force at the time the boat left last evening. DESPATCHES FROM GENERAL SHERMAN.

TION.
[Special Despatch to the Bulletin.] CINCINNATI March 4.—A despatch from Cairo states that when the steamer Mississippi, on her way up the Mississippi, arrived at Vicksburg, a gentleman, formerly the Captain of the steamboat Scotland, had just come in from Mobile, having escaped from the rebels into whose army he had been conscripted.

He says that when he left Mobile, Genera Sherman was within forty miles of that place, and could easily take it if he wanted to. The Mobile papers of the 18th give no later news than has already been published.

Gen. Sherman, on the 11th ult., was twelve miles beyond Meridian, and had sent part of his force to Selma. He had no fighting after leaving Jackson. The enemy in front numbered seven thousand men, and were much demoral-

WASHINGTON, March 4th.—The feeling is decided here that the Senate will not agree to tax whiskey on hand in any event. Admiral Dahlgren is at the Navy Depart-

night, to prepare for the Presidential election. Mr. Morehead was chosen Chairman. CAPTURE OF A BLOCKADE RUNNER. WASHINGTON, March 4.-A despatch has been received by the Navy Department from Admiral Lee, dated at Newport News, Va.,

stating that the small side-wheel steamer Scotia was captured by the Connecticut on the 1st inst., having run out from Wilmington on the night of the 29th of February. She has 108 bales of cotton on board. The prize arrived at Newport News yesterday for coal, on the way

The Scotia is a paddle-wheel steamer and about 800 tons burden, and was built in the Clyde. She was purchased and sent out from Glasgow in the summer of 1863. She steams twelve or fourteen miles per hour, has a straight stem, two masts and one funnel. The Scotia belonged to the same company that sent out the Princess Royal.

THE RIOT AT DAYTON, OHIO. Special Despatch to the Bulletin

CINCINNATI, March 4.—The riot at Dayton, yesterday, commenced by a squad of soldiers

Mr. R. G. Cornyn was addressing them:as conservators of the Constitution and the laws, when a copperhead, named Kimball, in the crowd, added; "and niggers too!" The soldiers made a rush for him, when Kimball drew a pistol and fired. At the same moment a party of armed copperheads deployed across the street as skirmishers and commenced firing on the unarmed soldiers and citizens. Some thirty shots were fired. One man was killed and two were wounded. Had the Union men been armed, it is not improbable that there would have been more blood shed. The attack on the Empire office was not more wanton than the assault upon the crowd.

FROM COLUMBUS, OHIO. [Special Despatch to the Bulletin.] Солимись, Оню, March 4.—A fire at Camp

Chase yesterday, destroyed the commanding officer's headquarters and endangered the lives of the rebel prisoners. It was subdued without much loss. Ohio is now credited with 11,000 veterans.

## CITY BULLETIN.

Union LEAGUE House .- Ground has been UNION LEAGUE HOUSE.—Ground has been broken for the building of the new club-house for the Union League, corner of Broad and Sansom streets. The demolition of the old buildings on the lot is also going on rapidly. The new building will be the finest club-house in America, and one of the handsomest ornaments of Broad street. It will be built of brick and brown stone. Mr. John Frazer is the architect, and ne has been exceedingly happy, no only in the designs for the exterior, but in the internal arrangements. The building is estimated to cost \$120,000. It will be pushed forward to completion before next autumn.

OBITUARY.-Col. Joseph Taylor died yes-UBITUARY.—Col. Joseph Taylor died yesterday. He was well known and highly respected in the city. In 1842 and 1843 he presided over the House of Representatives of New Jersey. He was several efessions in the Pennsylvania Legislature, both in the House of Representatives and Senate. His last public office was in the Select Council, as representative from the 17th Ward, which position he filled for two terms. In politics he was a Democrat, in religion a Baptist, and in life a blameless man.

DISTURBANCE AT A THEATRE.—Richard Stoe DISTUBBANCE AT A THEATRE.—Richard Stool was arrested last right at the Arch Street Theatre, upon the charge of assault and battery on officer Adam Trefis. It seems that Scool took a seat which had been secured, and when requested to get up, created a disturbance. Mr. Trefts, who is officer of the house, interfered, and was assaulted. FOREIGN ITEMS. The Spectator: says that Mr. W. F. Peacock, wandering about the Isle of Man, found confined in a hamlet called Ballakilloway a lunatic, named Dick Waterson. This man had, eighteen years ago, been frightened out of his attempting to destroy the Empire office. The senses by another apprentice dressed up as a sense apprentice dressed up a

brick cow-house with a burred aperture. There he has been bricked up, alive for eighteen years, lying naked, without a bed, his food "chucked" to him through the window. The neighbors have known all this for years, but have not interfered, and the Commissioners in Lunacy are powerless, for the funacy laws do not extend to the Isle of Man.

The Wilna Courier, the official journal of the

Governor of Lithuania, announces the foundation of a number of village schools, intended expecially for the Jewish population. Two of these establishments have been already founded at Wilna, and the parents are compelled to send their children to them. Christian schools are to be opened of a similar character.

Among a collection of books announced to be sold by auction in Paris is a copy of "La Constitution de la Republic," published at Dijon, l'An II. bound in human skin! The binding resembles light calf. To the volume is added a note from its first possessor, testifying to the nature of the binding. On one occasion, during the first revolution, a journalist, named Galletti, was accused by the Committee of Public Safety of having invented in one of his articles, with a slanderous intention, the existence of tanneries of human skins. A friend of Galletti's procured for him the book in question, by which the latter was enabled to justify

the truth of his assertion. A letter received from Suez, dated the 26th of January, states that a few days previously the quicksilver in the thermometer had fallen below freezing point, and that ice was perceived in the morning. The population were amazed at the phenomena, never before experienced on the border of the Red Sea.
