SCHLESWIG-HOLSTEIN—MASS MEETING OF GERMANS. The German citizens held a mass meeting on Saturday evening at the Mechanics Hall, relative to the Schleswig-Holstein difficulty. Mr.

J. Kohler presided. Mr. Harry Dittman, one of the speakers. explained the present position of affairs in the two Duchies,, and referring to the history of Schleswig-Holstein, he urged that the sympa-thies of the people of the United States should be with the Germans, and not with the Danes, who had for years been endeavoring to deprive the people of the two Duchies of everything that could remind them of their nation ality. Danish preachers and Danish school-masters had been sent to Schleswig-Holstein in order to subvert the German language. The people were not allowed to hear the gospel in their native tongue, and there were other indignities offered the people who submitted pa-tiently, waiting until such time when, under the agreement with Denmark, the connection would end. Their Constitution was disregarded, or, as the Minister of the late Frederick said. The Constitution should be written upon the backs of the Schleswig-Holsteiners in stripes." The union with Denmark was explained. In 1448, the royal line of Denmark became extinct, and the Danish Diet tendered the crown to the then reigning Duke of Schleswig-Holstein. He declined, but recommended his brother-in-law, who was accepted, and who became King Christian I. He proved to be a wise and good ruler, and in 1460 the people of the two Duchies proposed that he should become Duke of Schleswig-Holstein, as well as King of Denmark. This proposition was acceded to. The tender was coupled with certain conditions: 1st. That the two Duchies should retain their sovereignty. 2d. That the two Duchies should not be separated from each other, and 3d. That the agreement should continue so long only as there were lineal male descendants of Christian I. Under subsequent Kings, the people of the two Duchies had ample cause to regret the union, but they were determined to observe the con-

gustenburg, who is the legal ruler of Schleswig-Holstein, the people of the two Duchies having elected him, as they had a perfect right to do. The speaker continued at length, referring to the ignorance displayed in the United States in reference to the dispute, all the facts being copied from the Tory press of England. He wondered at the allegation that the sympathies of the people of this country should be with Denmark, as the weaker power, after our own experience during the present rebellion.

they allege that the male line of Christian I.be came extinct, and the compact was absolved.

But the Great Powers who framed the London

Treaty of 1852 and established the new succes-

sion for the crown of Denmark, ignored the

contract with the two Duchies, and hence the

present struggle in behalf of the Duke of Au.

The following resolutions were passed: Whereas, The present war in Schleswig, both in its origin and purpose, is not rightly understood by the Anglo-American press; and Whereas, It is the duty of American citizens of German birth and descent, who are fully competent to judge of the merits of the question involved in that war, to correct the erroneous views of heir native American fellow-citizens; therefore

Resolved, 1. That in the two Duchies-Schleswig

Resolved, 1. That in the two Duchies—Schleswig and Holstein—the State-sovereignty and even the language of the people (the German) had been arbitrarily suppressed by the Danish Government and the Danish people for years past.

2. That this arbitrary rule can only be put to an end by a total separation of said Duchies from Denmark, and by the restoration of their oid time-honored (400 years old) common Constitution, which has been set aside by the Danes, without the authority of law, and despite the protestations of the inhabitants of the said Duchies in order to merge them in the Danish monarchy.

3. That the London Treaty of 1552, which disregarded the State-sovereignty of the Duchies, and their old Constitution; is null and void, fon the principles of both municipal and international law, inasmuch as it is an interference on the part of the so-called great Powers of Europe with the domestic affairs of the German Confederation, whereof Holstein is a member, and of the two

HILTON'S OEMENT.—The Insoluble Cement of the Messra Hilton Brothers is certainly the best article of the kind ever invented. It should be kept in every manufactory, workshop and house, everywhere. By its use many dollars cannot decompose or become corrupt, as its combination is on scientific principles, and under no circumstances or change of temperature will it emit any offensive smell. The various uses to which it can be successfully applied renders it invaluable to all classes. For particulars see advertisement

CHEW ON MEDICAL EDUCATION—
JUST PUBLISHED.

1. ectures on Medical Education, or on the proper Method of Studying Medicine, by SAMUEL CHEW, M. D., Professor of the Practice and Principles of Medicine and of Chinical Medicine in the University of Maryland.

In One Volume. 12mo.

This little work by the late Professor Chew, comprises five lectures on the subject of Medical Education. A ripe judgment, and a rich store of learning, were brought into use in the preparation of these lectures; and the style, which is clear, lucid and eminently correct, is worthy of the subject matter. We can cordially recommend the work not only to students of Medicine, but to students of all professions, and to all lovers of learning. No person of intelligence can read it without ing. No person of intelligence can read it without deriving both pleasure and profit from the perusal.

PROPOSALS. PROPOSALS FOR BITUMINOUS COALS.

PROPOSALS FOR BITUMINOUS COALS.—
Sealed Proposals will be received at the Office of the Philadelphis Gas Works, No. 20 South SEVENTH Street, until noon of FRIDAY, 22d of April, 18c4, for supplying the whole or any part of Eighty Theusand Tons of Bituminous Coals, suitable for the manginature of illuminating Gas, to be delivered on the Railroad tracks of the Gas Works at the First Ward and the Ninth Ward S ations, in the following monthly quantities; e'ght thousand tons in each of the months of September, October, November, December, and six thousand tons in each of the months of June, July. August, 1864, and January, February, March, April and May, 1865.

each of the months of June, July. August, 1881, and January, February, March, April and May, 1865.

The coals must be delivered fresh, dry, and of a quality approved by the Engineer of the Gas Works, as equal to the sample on which the contract is based.

The proposals must describe the particular variety of coals intended to be supplied and the location and name of the mine or pit from which they are to be raised. If they are of a kind not now or recently used at these Works, samples for trail of not less than fifty tons, must be delivered at the Works, on or before the 7th of April next. The gross ton of 2240 pounds will be considered as the weight intended in the proposals, unless the contrary be expressly stated.

The Trustees reserve the right to accept any proposals in whole or in part, or to reject all, as they may deem best for the interests of the Trust, and in the event of failure on the part of any contractor to deliver the coals according to his agreement, both in quantity and quality, the Trustees reserve the right to buy elsewhere, whatever quantity may be required to meet the deficiency, and charge to the contractor any loss or damage arising from each failure.

Payments will be made monthly, in two equal instalments at four and six months after the specified periods of delivery, the 15th of each month being taken as the average of the monthly delivernes, or at the option of the Trustees, will be made at earlier dates with legal interest off.

Should contractors prefer to make deliveries earlier than required, they may be received so far as they can be conveniently stored, but payments will be made to date from the time specified to the contractor.

contractor.
Security for the falfilment of centract will be required, and each proposal must name the amount and character of security that will be fiered.
