RECRUITING IN OHIO.

To-Day's Proceedings in Congress and Legislature.

FROM SHERMAN'S EXPEDITION. [Special Despatch to the Bulletin.]

CINCINNATI, March 8 .- An officer arrived at Cairo yesterday, direct from Vicksburg, who corroborates the Confederate stories regarding the return of Gen. Sherman's expedition to

He says that a portion of Sherman's force is marching already for Vicksburg with a small army of negroes and a large lot of mules, horses, hogs, cattle, &c. These are the spoils taken on the way. Rebel rumors say that Col. Forrest was killed

in one engagement with Sherman's expedition. INTERESTING FROM TENNESSEE.

KNOXVILLE, March 6.—The county elections, yesterday, passed off quietly. The whole number of votes cast in Knoxville was 261, against an average vote, in peace times, of 700. Making allowance for absentees in the army and elsewhere, the vote is full and larger than was anticipated. In the country districts it was even fuller. One hundred votes were passed in a neighboring district in Sevier county, against a usual vote of 170. The returns of Knox county will not be all in till tomorrow. There is no report at all, as yet, from the adjacent counties. The vote would have been much larger, but many undoubtedly loyal men objected to the oath required by Governor Johnson as a condition, and did not

There is nothing new in army affairs to report, except the capture, at Chilhowee mountain, of sixty rebels by the 4th Indiana Cavalry.

A brigade of rebel cavalry dashed into our lines to-day, at Mopy Creek, but were handsomely repulsed. We took a few prisoners.

THE CHESAPEAKE BAY RAID.

Baltimore, March 8.—Our Fortress Monroe correspondent says that the army gunboat Brewster arrived last night from a cruise after the steam-tug Titan, captured by the rebels at Cherrystone. She reports chasing the Titan into the Piankitank river. She reperted to the guard-ship and was allowed to pass, but is now hemmed in by our navy gunboats and will probably be recaptured. The letter says nothing further about Colonel Dahlgren.

#### FROM OHIO. [Special Despatch to the Bulletin.]

CINCINNATI, March 8 .- It is the opinion of military officers at Columbus that Ohio will fill her quota without resort to a draft.

The veterans are returning to the front very rapidly every day. An average of one regiment every two days goes forward from Columbus alone, and nearly every regiment is numerically doubled by recruits. They are in high spirits and splendid health.

THE CONFISCATION OF REBEL PROPERTY.
WASHINGTON, March 8.—In the report of the
Senate proceedings yesterday, the petition of
Eli Thayer, of Connecticut, presented by Mr.
Foot, of Vermont, was wrongly stated. It asks
Congress to confiscate attacks and without re-Congress to confiscate utterly and without reserve the lands of rebels, and to give of the same, without other formality than occupation, 160 acres to each private in the naval service and to each man in the rank and file of the Union army, and of the rebel army who will take the prescribed oath of allegiance to the United States, and that the lands thereafter remaining be open to settlement under the Home-

An EFFECTIVE REMEDY FOR DYSPEPSIA.—An absolute and effective cure for Dyspepsia has long been needed, but notwithstanding the numerous experiments that have been made by physicians and chemists to secure such a desideratum, their efforts have been generally unsucces sful. Among the few remedies, however, which resulted from these experiments, was the one to which we intend to more particularly refer, and an extensive advertisement of which will be found in to-day's Bulletin. Sharp's Dyspepsia Pills are recommended by respectable and responsible persons in this city and throughout the country, as a certain, safe and speedy cure, removing the painful malady, and restoring the system to a healthy condition. Indeed personal experience has proved their value, and we have no heastation in recommending at trial of their virtues to the afflicted. Mr. John T. Kromer, 403, Chestnut street, receives orders for the Pills, and is prepared to sell them in large or small quantities. It is also highly recommended for sick headache, liver complaint, and other distressing ailments.

FINANCE AND BUSINESS-MARCH 8, 1864. The Stock Market was as wild and rampant to-day as at any time since the breaking out of the rebellion. The regular session of the Board was extended far beyond the usual hour, and the volume of business, as will be seen by a glance at the above report, was enormous. Money is as abundant and as cheap as ever, which tends to increase the excitement. Government Loans advanced & f. cent., and Gold fluctuated between 62%@64. U.S. Five-Twenties sold up to 109%, and the Seven-Thirties, endorsed, at 109%. City Sixes were a shade lower. State Loans were firm. Pennsylvania Railroad advanced to 73 % bid, and 75 asked. Unfounded Rumor of the Invasion of Maryland.

The Death of Col. Dahl-

Further Particulars from Washington.

UNFOUNDED BUMOR OF AN INVASION OF BALTIMOBE, March 8.—Reports are in circulation in this city, and have probably been telegraphed from here, of an invasion of Maryland by rebel raiders.

It may confidently be stated that the only foundation for these rumors is the fact of a small rebel force having been seen in Loudon county.

THE DEATH OF COLONEL DAHLGREN CON FIRMED. WASHINGTON, March 8 .- The Republican of

this evening has the following: In our first edition yesterday we doubted the statement that Colonel Dahlgren had reached our lines in safety. We did so because we knew at the time that the Richmond Sentinel of Saturday morning last, a copy of which reached General Meade's camp on Sunday evening, announced that Colonel Dahlgren was killed in a skirmish at King and Queen Court House, on the Mattapony river, on Friday last.

This fact was telegraphed to the President late on Sunday night, eight or nine hours after General Butler's despatch of Sunday was received, announcing the safety of Colonel Dahlgren, which was communicated to the Colonel's father, Admiral Dahlgren.

The news of the death of the Colonel was not made known to his father until this morn ing, because there was a lingering hope that there might be some mistake about the report in the Sentinel; consequently we suppressed the publication of the fact yesterday.

In the mean time, General Butler was requested by the President to make such investigation relative to the Sunday report that Dahlgren was safe, as would positively settle the question one way or the other.

Gen. Kilpatrick was also requested to fix a time when Col. Dahlgren was last heard from. Late last night Gen. Butler telegraphed that he had received information confirming the announcement in the Sentinel, that Dahlgren was killed at King and Queen Court House, and Gen. Kilpatrick telegraphed that the last positive information he had received of Dahlgren's whereabouts was that he was seen on Thursday. The skirmish took place on the day after, in which the Colonel was killed. The President becoming fully satisfied that

there was no longer any good reason to doubt the report of young Dahlgren's death, deemed it his duty this morning to communicate the fact to Admiral Dahlgren, which he at once did. The latter has left for Fortress Monroe, to take such other steps in the matter as may be deemed proper under the circumstances.
