ANOTHER GALLANT PENNSYLVANIA REGI
MEADQUARTURS FIRST ARMY CORPS, March6th, 1864.—The 56th Fennsylvania Volunteers, Col. W. J. Hofmann Commanding, have re-enlisted as Veterans, and will probably leave here for Philadelphia on Tuesday next and arrive on Friday or Saturday. As it is one of the most gallant regiments in our Corps, I, as a Pennsylvanian wish that the people of Philadelphia may know something of its history, in order that they may be prepared to give it a becoming welcome. It was the regiment that opened the battle of Gettysburg on the list of July under Reynolds; it fired the first volley, and its men were the first to shed their blood in that great engagement, consequently Pennsylvanians: were first in that strife, as it should have been. The regiment has been in the following battles:

Rappahannock, August, 1862.
Sulphur Springs, August, 1862.
Gainsville, August, 1862.
Buil Run, August, 1862.
Buil Run, August, 1863.
Cohancellersville, May, 1863.
Chancellersville, May, 1863.
Chancellersville, May, 1863.
Colonel Hofmann, commanded a brigade at the battles of South Mountain, Antietam-and Union. He has been honorably mentioned in the official reports of battles frequently, and at Gettysburg he and his regiment were particularly distinguished. In this engagement three color-bearers were shot in his regiment.

The regiment does honor to Pennsylvania, and stands very high in the old First Corps. Having had ample opportunity of learning the standing of the different regiments, I can say with pride that the 56th has never misbehaved. ANOTHER GALLANT PENNSYLVANIA REGI-

FROM NEWBERN.

(Correspondence of the N. Y. Times.]

NEWBERN, March 1, 1864.—Our atmo-phere is quite warm again. Rumors have been for some time in circulation of the advance of a heavy column of the enemy's forces for the conquest of Newbern, and we are anticipating that Jeff. Davis is about to make ano her effort to realize his threat to take this place before we celebrate another anniversary of its capture by Gen. Barnside, on the 14th of March, 1862.

Brigadier-General Palmer, commanding forces and defences of Newbern, was called from church on Sabbath morning by one of his scouts, and in the evening he held a consultation with the Superintendent of Negro Affairs, Capt. James, relative, we suppose, to calling the colored men into service, if necessary. Yesterday an order from the Provost Marshal, Capt. Denny, made its appearance, warning all white citizens able to bear arms to report immediately for duty.

The rebels have been building an iron-ciad at Kinston, and it is now reported ready for action. It is commonly expected that this formidable vessel, as it is called, will take part in the coming engagement.

Our navy has been reinforced, and is eager for

Our navy has been reinforced, and is eager for

Our navy has been reinforced, and is eager for an engagement, and we expect that if the enemy bring with them this boat, about which we have so long heard, its epitaph will soon be written.

For a very sufficient reason, I do not care to state the number of troops here. This much is true, we are better prepared to receive the enemy than on the first of last month.

POLITICAL.

NEW HAMPSHIRE ELECTION.—New Hampshire NEW HAMPSHIRE ELECTION.—New Hampshire went into her election yesterday under the most discouraging circumstances for her Unionists. Governor Gilmore was last year beaten 3,783 votes by the opposition candidate, and only saved from defeat by the strong vote thrown for Colonel Harriman (War Democrat), which, added to Gilmore's, overbore that of Eastman (Dem.) 574, enabling the Legislature to elect Gilmore. Now, it appears from partial returns, that Gilmore is elected by the People by over five thousand votes, in spite ef our heavy loss by the absence of thousands of soldiers. By a despatch from Concord we learn that in one hundred and fifty-five towns the vote stood:

PERSONAL.

Says the Pittsburgh Chronicle of Tuesday: Gen. Grant arrived in this city last night. At the depot he was met by a large concourse of citizens, and received a warm and enthusiastic welcome. Loud calls were made for a speech, but with his characteristic modesty, the General could not be prevailed on to respond, and simply bowed his acknowledgments to the multitude. In a brief conversation with the Mayor he stated that he was no speaker, but even if he were he had been traveling fifty-two hours, and was not in a condition to make a speech. He was going to Washington, he said, and would be happy on his return to meet his Pittsburgh friends and pass a few hours with them. The General is a man of less than medium stature and very modest demeanor. He wears his beard clipped short, and there is nothing whatever about him, beyond the stars on his shoulder, to indicate his rank. During the brief stay of the General in the city, he engaged freely in conversation with those around him, and many availed themselves of the occasion to take him by the hand. His roception was exceedingly enthusiasue, and on leaving he was loudly cheered Pelatiah Perit, a prominent merchant of New York, died at his residence in New Haven, Conn., on Tuesday morning, aged 78 years. He was recently President of the Chamber of Commerce in New York, and of the Seamen's Saving Bank, and has been active throughout a long life in the management of other important financial and charitable institutions. He graduated at Yale College in the class of 1902.

Mrs. Diew appears in both plays. In the first piece Mr. Grimths plays Sir Peter Teazle, Mr. Hill plays Charles Surface, and Mr. Robson plays Mr. Crabtree.

QUEEN VICTORIA'S ABDICATION .- The Memorial Diplomatique makes itself responsible for the extraordinary statement that at a recent Cabinet Council on the Danish question, Queen Victoria rose from the table, declaring that she could come to no decision without consulting with Prince Albert, retired to her closet, and on emerging, announced that the Prince was on emerging, announced that the Frince was hostile to, any act of war by England.

This unmistakable proof of mental aberration is said to have determined Lord Palmer-

ston to urge the abdication of the Queen; and the fact that, instead of joining his mother at Osborne, the Prince of Wales has gone with his princess to St. Leonards, is interpreted as an indication that Edward VII. is preparing to mount the throne and to inaugurate a new foreign policy in the affairs of Great Britain. It is certain that the present attitude of the English Government cannot long be maintained if England is to keep her place as a power of the first rank; and if the abdication of Victoria is a necessary preliminary to vigorous and honorable action on the part of Great Britain, that abdication is likely to be insisted upon and accomplished with no unnecessary delay.—N. THE GREAT

CENTRAL FAIR, FOR THE

Sanitary Commission.

Philadelphia, 1307 Chestnut Street. February 20, 1864.

The undersigned, members of the Executive Committee of the GREAT CENTRAL FAIR for the Sanitary Commission, beg to invite the co-operation of all their fellow-citizens, especially of Agent for Pennsylvania, those resident in Pennsylvania, Delaware and New Jersey, in this important enterprise. It is proposed to hold the Fair in Philadelphia, in the FIRST WEEK IN JUNE NEXT, and it is confidently expected that the contributions coming from a popula ion so benevolent and patriotic as that which inhabits the Central States, and representing the most important and varied branches of industry and art, will secure a result in aid of the funds of the Commission, and for the benefit of the Soldier, at least equal to that which has attended similar undertakings in other cities. It is not necessary to say a word to stimulate sym-Spell, 'etc. One large 12mo. volume. Price \$1 50. pathy for the soldier. We feel for them all as brethren, and the popular heart seeks only the best mode of manifesting that sympathy in the most efficient and practical way. These fairs in other places have been productive of great results. By this means Chicago has recently raised for this object \$60,000, Boston \$150,000, and Cincinnati more than \$200,000. We appeal, then, with the greatest confidence to the inhabitants of the Central States, especially to those who constitute the great industrial classes, to send as contributions the productions of their skill and workmanship. We appeal to them in the interest of no party, radical or conservative, Republican or Democratic, Administration or anti-Administration. We know only this, that to send our national soldiers in the field supplies to supplement those Government undertakes to give them, but which they sometimes fail to receive, and thus to relieve them when sick and in misery, is a work of Christian charity, and that it is a work of intelligent patriotism also, as economizing their life, health and efficiency, on which, under God, the nation depends in this its

time of trouble. We therefore ask every clergyman to announce this humane undertaking to his people, and to advise them to do what they can to further it. We ask the press to give it the widest publicity and the most earnest encouragement. We call on every workshop, factory and mill for a specimen of the best thing it can turn out; on every artist, great and small, for one of his creations; on all loyal women, for the exercise of their taste and industry; on farmers, for the products of their fields and dairies. The miner, the naturalist, the man of science, the traveler, can each send scmething that can at the very least be converted into a blanket that will warm, and may save from death, come one soldier whom government supplies have failed to reach. Every one who can produce any. thing that has money value is invited to give a sample of his best work as an offering to the cause of national unity. Every workingman, mechanic or farmer, who can make a pair of shoes or raise a barrel of apples, is called on to contribute something that can be turned into money, and again from money into the means of economizing the health and the life of our national soldiers.

Committees have been appointed in each department of industry and art, whose business it will be to solicit contributions for the Fair, each in its own special branch. These Committees will place themselves in communisation with those persons who may wish to aid us. In the meantime it is recommended that local committees or associations should be formed in every portion of Pennsylvania, Delaware and New Jersey, with a view of organizing the industry of their respective neigh-borhoods, so as to secure contributions for the

CONSTITUTION WATER has proved itself equal to the task that has e

DIUERTICS irritate and drench the kidneys, and by constant usesoon lead to chronic degeneration and confirmed disease. We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful for curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physician.

DANVILIR, Pa., June 2, 1862.

Dr. Wm. H. Gregg—Dear Sir: In February, 1861, I was afflicted with sngar diabetes, and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve times during the night, and in five months I lost about fifty pounds in weight. During the month of July, 1861, I procured two bottles of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was entirely cured; soon after regaining my usual good health.

Yours truly, J. V. L. DEWITT.

BOSTON CORNERS, N. Y., Dec. 27, 1861.
Wm. H. Gregg & Co.—Gents—I freely give you liberty to make use of the following Certificate of the value of Constitution Water, which I can rethe value of Constitution Water, which I can recommend in the highest manner:

My wife was attacked with pain in the shoulders, whoie length of the back, and in her limbs, with Palpitation of the heart and Irritation of the Bladder. I called a physician, who attended her three months, when he left her worse than he had found her. I then employed one of the best physician's I could find, who attended her for about nine months, and while she was under nis care she did not suffer quite as much pain. He finally gave her up and said, her case was incurable. "For," said he, "she has such a combination of complaints, that medicine given for one eperates against some other of her difficulties." About this time she commenced the hee of the Constitution Water, and, to our utter astonishment, almost the first dose seemed to have the desired effect, and she kept on improving rapidly under its treatment, and now superintends entirely her domestic affairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to say that it has produced a permanent cure. WM. M. VAN BENSCHOTEN.

WETHERSFIELD, Conn., March 2, 1863.

Dr. W. H. Gregg—Dear Sir—Having seen your advertisement of "Convitation Water," recommended for inflammation of the Kidneys and Irritation of the Bladder, having suffered for the past three years, and tried the skill of a number of physicians with only temporary relief, I was induced to try your medicine. I procured one bottle from your agents at Hartford, Messrs. Lee, Sisson & Co., and when I had used half of it, to my surprise I found a great change in my health. I have used two bottles of it, and am where I never expected to be in my life, well, and in good spirits. I cannot express my gratitude for it; I feel that it is all and more than you recommend it to be. May the blessing of God ever attend you in your labors of love. Yours, truly,

EEONARD S. BIGELOW.

THESE ARE FACTS ENOUGH.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful in curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patients and physicians.
