FURTHER ACCOUNTS OF SHER-MAN'S EXPEDITION.

A REBEL CRUISER REPORT-ED NEAR HAVANA.

To-Day's Proceedings in Congress and Legislature.

LATER FROM MOBILE.

NEW YORK, March 11 .- New Orleans advices of the 1st inst., received by the steamer Western Metropolis state that the hombardment of Fort Powell, below Mobile, continued vigor-

The rebel batteries replied, but none of our vessels were seriously hurt.

A letter from Key West gives a rumor that one of Admiral Farragut's steamers had passed Fort Morgan under a terrible fire, and another rumor was that he had captured the works.

FROM CHATTANOOGA.

CHATTANOOGA, March 9.—The camps were full of proveking rumors to-day. It was reported that a party of rebels made a dash on the rail-oad nine miles up the river, attempted to destroy the bridge there and were repulsed by the 4th Michigan Cavalry. The rebels are said to be part of John Morgan's force. The whole story is doubtless a canard. Eagle eyes are watching rebel movements, and no more such raids can be made with impunity.

Col. Harrison's pickets were fired on near Nickajack Pass, but, with this exception, I doubt not all is quiet. The situation of the rebel army is unchanged. Wheeler, Morgan, Roddy and Patterson, four eminent cavalry leaders of the enemy, are now all in and around Dalton. The probabilities are that Johnston's army will soon be largely increased by accessions from Mississippi and Alabama.

The acts of Booth, the misguided soldier who commenced the riot in Dayton, and venomous Copperheads who recommended it, are universally reprobated in the army here, and it is hoped proper punishment will be dealt out to all offenders.

Weather warm, but a dense smoke, with Veterans are returning every day in large

numbers. Deserters from the enemy continue to arrive, but not to the same extent as formerly. Officers on leave of absence crowd the cars coming from Nashville. There is great desire for activity in the army.

FROM KNOXVILLE. KNOXVILLE, TENN., March 8 .- All the labor-

ers on the London Bridge have been sent below to work on the Dalton Railroad. A British subject, one Thomas Wispham, left here to-day, going North. He ran the

blockade into the Confederacy with £1,000, to speculate in cotton, was conscripted into the rebel army, passed through several severe battles, and finally escaped into our lines a wiser man. KNOXVILLE, March 9.—Since the first of

February three hundred and thirty-eight noncommissioned officers and privates, and five commissioned officers have come into our lines here as deserters from the rebel army, have taken the oath and been released. The aggregate during January was six hundred. Two hundred and seventy-five prisoners were captured during January and February, of whom eleven have taken the oath. Gen. Schofield and staff left for the front this

afternoon. Lieutenant-Colonel Schofield of Gen. Schofield's staff, leaves to-morrow for Kentucky, on a tour of inspection. There are no active operations in the front.

GENERAL SHERMAN'S EXPEDITION.

CAIRO, March 9.—From an officer just from Vicksburg, I learn that the previous report that Sherman's expedition had returned to Vicksburg without the loss of a man, should have been qualified. He had returned to Vicksburg, that is sure, but did lose a few men killed and wounded, but less than might have been expected, from so extended a march with so large a force. There was a loss of some twenty wounded in skirmishing among the Ohio troops. Besides an army of negroes, about one hundred rebel prisoners were brought in.

The 32d Ohio regiment, Col. Potts, arrived here this A. M., 500 strong re-enlisted as veterans on the steamer Tycoon on the way for home. being the first to get here who participated in Sherman's expedition. The Regiment is in fine condition, to come off such a march as they had. But few particulars regarding the expedition were learned beyond those already sent. There was no regular fighting after leaving Canton, where they encountered Wirt Adams's Cavalry. There were no commissioned or field officers killed. The reports of Gen. Crocker's death need confirmation.

The main body of Sherman's force never left Meridian, but the cavalry went out destroying 80 miles of railroad, burning rebel stores, breaking up a number of locomotives and a large quantity of rolling stock, in the vicinity, and bringing in all the negroes who desired to leave. Women and children and disabled colored men were not brought off, so that nearly all taken, can be made use of, in one capacity or another.

LIEUTENANT-GENERAL GRANT SUMMONED TO WASHINGTON.

WASHINGTON, March 11.—Lieutenant-General Grant was summoned to Washington last Washington,

night from the Army of Potomac, and returned to this city this morning on a special train, accompanied by General Meade.

A REBEL PRIVATEER CRUISING NEAR

HAVANA.
New York, March 11.—It is reported, on the authority of the captain of the U.S. gunboat De Soto, that a rebel privateer, a bark. rigged steamer, is cruising to the westward of Havana.

FROM WASHINGTON. [Special Despatch to the Bulletin] WASHINGTON, March 11 .- Gen. Grant is expected back this evening from the front. He will

issue important orders to morrow or Monday, and will soon leave for the Southwest. Mr. Chase's withdrawal has been expected here for some days.

The case of Knox vs. Blair was argued in the Committee on Elections this morning. No decision is expected for some days.

IXXVIIITH CONGRESS—FIRST SESSION. WASHINGTON, March II, 1664.
HOUSE —The Senate bills for the admission of
Nevada and colorado into the Union at States
will be considered on the 17th inst., which day
is set aside for the consideration of Territorial

business.
Mr. Blair (Mo.), rising to a question of privilege, asked leave to submit certain testimony which was taken after the limitation of the time for that purpose and which affected the contested seat now

purpose and which affected the contested seat now occupied by him.

Mr. Knex (the contestant) rose and remonstrated against the reception of the testimony as it was taken without formality of law.

Mr. Dawes (Mass.), Chairman of the Committee on Elections, explained that this testimony was if fired to day to the committee, who concluded to submit the matter to the House for its decision.

Mr. Blair remarked that the contestant himself had submitted affidavits taken after the sixty days limitation, without giving him notice, whereas, he (Mr. Blair) had given Mr. Knox notice of the testimory now in controversy imory now in controversy
Several gentlemen participated in the conversa-

tion.

Finally, the testimony offered by Mr. Blair was referred to the Committee on Elections, to he treated in like manner as other testimony now before it, taken after the time fixed by law; Provided that this shall refer only to depositions and affidavite, and that all such illegally taken shall not be considered by the Committee.

FREE DELIVERY OF LETTERS. WASHINGTON, March 11.—The attention of the public is invited to the many advantages of

carriers, under the new postal law of March 3. Letters are equally as safe in the the hands of carriers, as if delivered from a post office, and are more certain to be handed to the right ful owners, who are thus saved the time and trouble of calling or sending for their corre-

spondence, which is frequently done when there are no letters for the applicant. Under the old system of delivering letters from Post Offices when called for, much time is necessarily consumed in arranging letters in boxes for the general delivery, and distributing them in private boxes for those who rent the latter, while in each of these operations, it is almost impossible to avoid mistakes, particularly at the general delivery, where letters are liable to be misplaced in the press of applications. From these causes many letters fail to be delivered in due time, and others are sent to

the Dead Letter Office. Whenever it is practicable, letters should be plainly directed to the residence or place of business of the person addressed and the street and number designated. This is a matter of the first importance in sending letters to cities or large towns; but when the persons addressed are non-residents whose particular locality cannot be given, this fact should be indicated by the word "Transient." On the other hand, every person writing from a city or large town, should always inscribe at the commencement of his letters, the street and number of his residence. This would not only insure the correct and prompt delivery of any reply, but, also, the restoration of the letter in case it

could not be delivered. Another important requisite is that postage stamps should be placed in the upper right stamps should be placed in the appearing thand corner of letters, so as to leave ample space between the stamps and the addresses, to allow of post-marking and canceling without interference with the writing.

THE NEW HAMPSHIRE ELECTION. CONCORD, N. H., March 11.—Returns from 225 towns have been received, leaving 10 to hear from. At present the vote stands for Gilmore, Union, 36,757; Harrington, Democrat, 30,759. Gilmore's majority will be about

Four out of five Councillors, and nine out of twelve Senators elect are Union. The Republican majority in the House will be about 75. THE UNITED STATES SUPREME COURT.

WASHIGNGTON, March 11th.—The case before the Supreme Court to-day is that of Frederick Schuchardt et al., plaintiffs in error vs. Philip Allen et al. There were on the docket on the first Monday in December, about 364 cases, of which 159 have been reached. As the Court will adjourn on the 1st of May, a large number will remain undisposed of at that time.

THE CHESAPEAKE PRISONERS. NEW YORK, March 11 .- The commander of the steam revenue cutter Miami has been ordered not to proceed to St. John for the Chesapeake prisoners.

THE NEWFOUNDLAND TELEGRAPH LINE. PORT HOCD, N. F., March 10.—The Newfoundland Telegraph Line has been down for the last two weeks. Heavy freshets throughout the island have done great damage to the line, and much time will be occupied in repairs. Operations will, it is hoped, soon be resumed.

"HAVERYER MANSION, Fity-seventh, stree, NEW YORK, August 2, 1863.

DR. DRAKE: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness and weak lungs with most happy effect. One little girl, in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well.

Respectfully, MRS. O. M. DEVOE."
